## COMMENCEMENT PROGRAM NOTES

### *With Distinction*

"With Distinction" is the University's designation for degrees earned by students who give evidence of significant achievement in their major fields.

### *Honors Scholar*

Honors Scholars are outstanding students who complete intensive two- to four-year programs, including honors courses of unusual breadth and depth. Honors requirements include a senior thesis or comprehensive examination in the major field.

### *University Scholar*

The University Scholar designation is the highest scholastic honor at the University. The individualized undergraduate programs of these students, which in some cases include work toward a graduate degree, are supervised by faculty committees. In this graduating class nineteen students were named University Scholars in the junior year.

---

The names in this program do not constitute an official list. The students whose names are listed herein were considered candidates for the degree indicated when the program was printed, except where a prior date of graduation (August 31 or December 31, 1986) is given.

## CAPS AND GOWNS

Academic caps and gowns represent a tradition which has come down from the universities of the Middle Ages. They were once common forms of clothing and were retained by the clergy when the laity adopted more modern dress. The early European universities were founded by the church; the students, being clerics, were obliged to wear prescribed gowns and caps at all times.

The usual color for gowns in America is black, though some universities are gradually adopting colors representative of their institutions. Hoods are lined with the college colors and are trimmed with the color appropriate to the degree:

Agriculture.....	Maize	Medicine.....	Green
Arts, Letters, and Humanities.....	White	Music.....	Pink
Business.....	Drab	Nursing.....	Apricot
Dental Medicine.....	Lilac	Pharmacy.....	Olive Green
Education.....	Light Blue	Philosophy.....	Dark Blue
Engineering.....	Orange	Physical Education.....	Sage Green
Family Studies.....	Maroon	Public Health.....	Salmon Pink
Fine Arts.....	Brown	Science.....	Golden Yellow
Forestry.....	Russet	Social Work.....	Citron
Law.....	Purple	Theology.....	Scarlet

Caps are usually black. The tassel for the Bachelor of Arts, Science, and Engineering may be of the color distinctive of the degree, and the tassel for the Doctor of Philosophy may be made of gold thread.

At the University Commencement the University Marshal wears a ceremonial gown of blue and white. The School and College Marshals wear blue beekeeper caps.

## THE MACE

THE MACE, carried by Fred A. Cazel, Jr., Moderator of the University Senate, is used at all occasions of academic ceremony. In medieval times maces were weapons of warfare, but today a mace is "a staff borne by, or carried before, a magistrate or other dignitary as an ensign of his authority." It is the emblem and symbol of the President's authority to administer the University.

This Mace was first used at the Inauguration of President Homer D. Babbidge, Jr., on October 20, 1962. Designed by Nathan Knobler, former head of the Department of Art, it is made of wood and carries the University seal on both faces, executed in beautiful carving. A penny dated 1881 is affixed to it.

## THE BATON

THE BATON, carried by the University Marshal, Professor Peter L. Halvorson, was specifically designed for ceremonial activities at The University of Connecticut and was first used at the Commencement in 1968. The Office of Marshal can be traced back to the medieval period, and the Baton is a symbol of the Marshal's authority. He carries it as he leads the academic procession into and out of the place of ceremony.

This Baton has silver mountings and is surmounted by a representation of the University seal in enamel.

## THE MEDALLION

THE SILVER MEDALLION, worn by John T. Casteen, III, President, was first used at the time of the University's Silver Anniversary. It hangs on a silver chain of special design, in which each link represents one of the University's Schools or Colleges. Each link consists of a cloisonné circle engraved with a design appropriate for the particular school and enamelled with the traditional school or college colors.

The audience is requested to remain seated, so that all may see the procession. The Mace will be presented at the center of the stage while all those marching are taking their places.

# THE UNIVERSITY OF CONNECTICUT ONE HUNDRED AND FOURTH COMMENCEMENT

May 24, 1987

Mace

COMMENCEMENT DAY at The University of Connecticut is a time of ceremony and pageantry, some of it representing traditions dating back to medieval times. These notes on the history of the University and the commencement ceremony are offered in the hope that they will be of interest to the spectators, particularly those who may never have viewed the event.

THE UNIVERSITY OF CONNECTICUT WAS FOUNDED as the Storrs Agricultural School in 1881, and its name was changed to the Storrs Agricultural College in 1893 at the time it became a land-grant college. In 1933 it became the Connecticut State College, and in 1939 the present name, The University of Connecticut, became official. In addition to the main campus at Storrs, there are the School of Law in Hartford, the School of Social Work in West Hartford, and the Schools of Medicine and Dental Medicine in Farmington. There are four regional campuses located in Hartford, Stamford, Waterbury, and Groton (Avery Point). In addition, the University is affiliated with the Litchfield County Center for Higher Education in Torrington, operates a Marine Research Laboratory at Noank, a Marine Sciences Institute at Avery Point, and cooperative extension offices in Bethel, Bridgeport, Brooklyn, Haddam, Hamden, Hartford, Litchfield, Norwich, Storrs, Vernon, Waterbury, and a Marine Advisory Service at Groton.

The University has an enrollment of over 23,500 students. At Storrs there are over 12,750 undergraduates and more than 3,700 graduate students, representing some fifty nations. The University as a whole is organized in sixteen different schools and colleges as well as the Graduate School.

This year the University will award over 4,600 degrees. Of these approximately 3,100 will be bachelor's degrees, 1,050 master's degrees, 210 Juris Doctor degrees, 37 Doctor of Dental Medicine degrees, 85 Doctor of Medicine degrees, and 180 Doctor of Philosophy degrees. Also to be awarded are 11 certificates in the two-year Ratcliffe Hicks School of Agriculture.

**THE COMMENCEMENT CEREMONY**, because of the number of the graduates, has now been divided into five parts. Two morning ceremonies are devoted to the awarding of bachelor's degrees and certificates. One starting at 10:00 a.m. is held for the School of Education and the College of Liberal Arts and Sciences in the Auditorium. The other, starting at 11:30 a.m. is held for all other undergraduate schools and colleges in the Field House. These different starting times enable certain officials to be present at both ceremonies. The president, the speaker, and others attend the proceedings in the Auditorium and the Field House. A third ceremony for the Graduate School is held at 3:30 p.m. in the Auditorium. The fourth ceremony is that of the Law School exercises which will be held at 11:00 a.m. in Hartford. The fifth ceremony is held on a different date for the School of Dental Medicine and Medicine (Thursday, May 28, 1987) at the Bushnell Memorial Hall in Hartford.

**THE PROCESSION** in each ceremony at Storrs is heralded by the ceremonial trumpets which were obtained especially for the University commencement. Banners, carried by student marshals, precede the students into the areas of the ceremonies. These banners, having the colors of each school and college, were also designed specifically for the commencement.

The appearance of the bearer of the mace\* signals the start of the academic procession. The University marshal, carrying the baton,\* leads the president, speaker, clergyman, the Board of Trustees, vice-presidents, deans, other University officials, and the faculty, and their appearance on the stage is the signal for the ceremonies to begin.

**THE ACADEMIC GOWNS, HOODS, AND REGALIA** represent more than elegance or colorful attire. The medallion\* worn by the president was designed especially for University ceremonies. The gown and hood of the University marshal were also made specifically for University ceremonies in the official colors of national flag blue and white. The blue velvet "beefeater" hats are worn by the marshals who assist in conducting the ceremonies.

Academic gowns represent a tradition that began in the medieval period, and they were most practical in university buildings which were well known for their lack of proper heating.

The bachelor's gown is a full-length robe with long sleeves and closes in the front.

*\*See official program for description*

The master's gown is made somewhat fuller and has elbow-length sleeves. A hood is worn over the shoulders, and the colors represent both the university of origin and the field of scholarship.

The doctor's gown is again somewhat fuller in design and has full and long sleeves. The gown may or may not close in front, depending upon the design. The velvet band around the neck and down the opening in the front of the gown may be in black, or it may be a color to represent the area of learning. In addition, there are velvet bars on the sleeves. The hood is bordered with velvet, the color of the velvet representing the field of scholarship. Some of these colors of scholarship are listed in the official program. The lining, often with large chevron, bears the colors of the university from which the wearer received the degree.

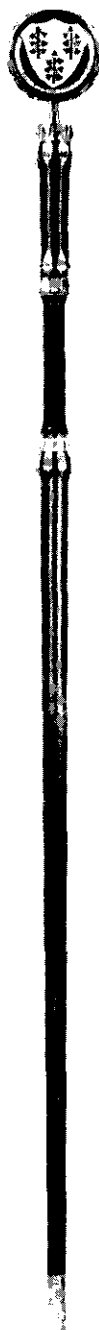

**THE AWARDING OF DEGREES** at The University of Connecticut is accomplished by a twofold process. First, the candidates for degrees proceed to the platform, are congratulated by the administrative officers of their school or college, and return to their seats. They are then officially presented by the dean and the marshal of the appropriate school or college. Second, when all candidates have been duly presented, the President of the University formally confers the degree. This is accomplished verbally at the time that he speaks the words:

"By virtue of the authority vested in me by the Trustees of The University of Connecticut, and in accordance with the procedures and regulations of the University, I confer upon you the Certificate, appropriate Bachelor's Degree, Master's Degree, Juris Doctor, Doctor of Dental Medicine, Doctor of Medicine, or Doctor of Philosophy for which you have been presented at this One Hundred and Fourth Commencement of the University."

**THE RECESSIONAL** of officials and faculty moves through the graduates who, along with the audience, remain in their places until the ceremony is thus concluded.

**THE SEATING OF THE CANDIDATES** is arranged as follows:

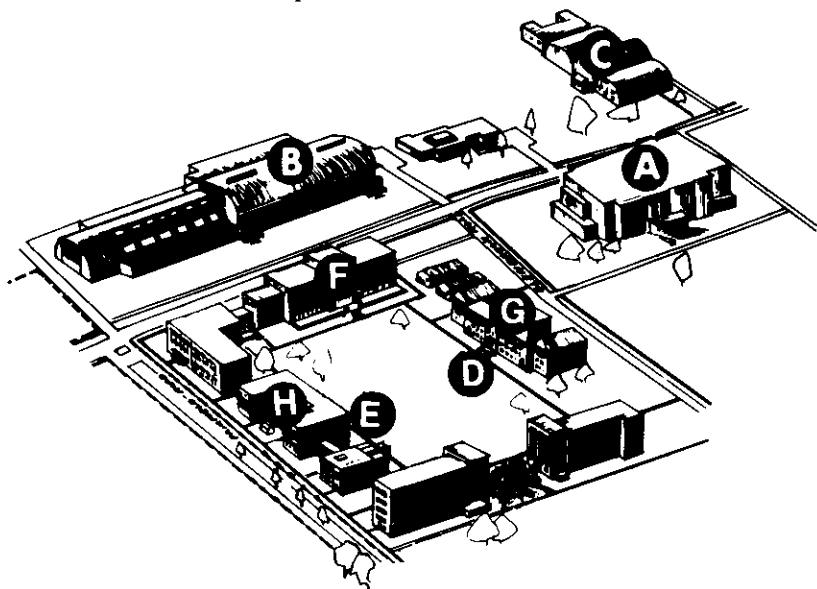

- (a) In the Auditorium in the morning, all students of the School of Education are seated in three sections across the front of the Auditorium. The students of the College of Liberal Arts and Sciences are seated directly behind in the same three sections.
- (b) In the Field House in the morning, the students are seated according to the school or college from which they are graduating.
- (c) In the Auditorium in the afternoon, the candidates for the Doctor of Philosophy are seated in the center section and all the Master's candidates and candidates for professional diplomas in education in the sections to the left or right.

Baton

**THE SEATING OF THE ADMINISTRATION AND FACULTY is as follows:**

- (a) In the Auditorium, the University officials, members of the Board of Trustees, and participants in the ceremony are seated on stage, while the members of the faculty are arranged in tiers behind them.
- (b) In the Field House, the University officials, members of the Board of Trustees, and participants in the ceremony are seated on the platform, while the members of the faculty are arranged on each side of the platform.
