COMMENCEMENT NOTES

COMMENCEMENT DAY at The University of Connecticut is a time of ceremony and pageantry, portions of which represent traditions dating back to medieval times. These notes on the history of the University and the commencement ceremony are offered in the hope that they will be of interest to spectators.

THE UNIVERSITY OF CONNECTICUT WAS FOUNDED as the Storrs Agricultural School in 1881 when the General Assembly accepted a gift of money and land from Charles and Augustus Storrs, natives of Mansfield. In 1893 when it became a land-grant college and officially opened to women, the name was changed to Storrs Agricultural College. As the mission of the institution changed, its name was changed in 1899 to Connecticut Agricultural College. In 1933 it became the Connecticut State College. It grew slowly becoming a small but vigorous college with limited undergraduate offerings in agriculture, home economics and mechanical arts. With the development of a university program it became The University of Connecticut in 1939. The first regional campuses were established in 1946 to deal with the influx of veteran students. The Graduate Program began in 1935, and in 1949 the University awarded its first doctoral degrees. Today the University is made up of sixteen different schools and colleges. Through the various agencies of six Divisions and seven Institutes, including twenty-two Special Facilities, Programs, and Centers, the University is privileged to serve many State citizens.

Enormous expansion has taken place over the years together with increased enrollment. Today, the University has an enrollment of over 26,000 students. At Storrs there are over 13,900 undergraduates and more than 4,000 graduate students, representing some fifty nations.

This year the University will award over 4,500 degrees. Of these approximately 3,000 will be bachelor's degrees, 1,050 Master's degrees, 215 Juris Doctor degrees, 40 Doctor of Dental Medicine degrees, 80 Doctor of Medicine degrees, and 190 Doctor of Philosophy degrees. Also to be awarded are 49 diplomas in Professional Education and 17 certificates in the two-year Ratcliffe Hicks School of Agriculture.

THE COMMENCEMENT CEREMONY, because of the number of graduates, is divided into five separate exercises. The Schools of Dental Medicine and Medicine, located at the University's Health Center in Farmington, and The School of Law, located in Hartford, hold their own Commencement Exercises. The Commencement procession in each ceremony at Storrs is heralded by the ceremonial trumpets which were obtained especially for the University commencement. Preceding the student procession, the student marshals carry banners specifically for the University's commencement. The colors of the banners identify the academic subjects. In accordance with the Academic Costume code, the banner colors also correspond to the colors of the trimmings on the doctors' gowns, edging on their hoods, and tassels of caps.

THE ACADEMIC PROCESSION begins with the heralding of the trumpeters announcing the arrival of the academic procession.* The Bearer of the Mace leads the procession. The University Marshal, identified by his Baton, leads the President, together with the speaker, clergyman, the Board of Trustees, vice-presidents, deans, other university officials, and faculty. The Mace is presented at the center of the stage while those processing enter and take their places. Once the Mace is placed on the stand it signals the beginning of the ceremony.

*The audience is requested to REMAIN SEATED so that all may see the procession.

THE ACADEMIC GOWNS, HOODS, AND REGALIA represent more than elegance or colorful attire. Academic caps and gowns represent a tradition which reaches far back into the early days of the oldest universities of the Middle Ages. The early European universities were founded by the church; the students, being clerics, were obliged to wear prescribed gowns and caps at all times. Caps and gowns were once common forms of clothing and were retained by the clergy when the laity adopted more modern dress. Though some universities here and abroad have other colors, the usual color for gowns in America is black. Hoods are lined with the official color of the college or university which conferred the degree. The velvet edging of the hood varies in length for bachelors, masters and doctoral degrees. The color represents the appropriate degree. Mortar boards (caps) are usually black. The tassel for the Bachelor of Arts, Science, and Engineering may be of color distinctive of the degree, and the tassel for the Doctor of Philosophy may be made of gold thread. The gown and hood of the University Marshal were made specifically for University ceremonies in the official colors of national flag blue and white. The School and College Marshals who assist in conducting the ceremonies wear blue velvet "beefeater" berets.

THE MACE, carried by David Jordan, Chairman of the Commencement Committee, is used at all academic ceremonies. In medieval times maces were weapons of warfare, but today a mace is "a staff borne by, or carried before, a magistrate or other dignitary as an ensign of his authority." It is the emblem and symbol of the President's authority to administer the University. This mace was first used at the Inauguration of President Homer D. Babbidge, Jr., on October 20, 1962. It was designed by Nathan Knobler, former head of the Department of Art. The University seal, executed in beautiful wood carving, appears on both faces. A penny dated 1881 is affixed to it to commemorate the date of the University's founding.

THE BATON, carried by the University Marshal, Professor Peter L. Halvorson, was specifically designed for ceremonial activities at The University of Connecticut and was first used at the Commencement in 1968. The Office of Marshal can be traced back to the medieval period, and the Baton is a symbol of the Marshal's authority. This Baton has silver mountings and is surmounted by a representation of the University seal in enamel, which itself incorporates the coat of arms of the State of Connecticut. The University Marshal, carrying the Baton, follows the Mace Bearer as he leads the academic procession into and out of the place of ceremony.

THE SILVER COLLAR/MEDALLION, worn by John T. Casteen, III, President, was first used in 1964, at the time of the University's Silver Anniversary. Each link on the collar represents one of the University's Schools or Colleges and consists of a cloissoné circle engraved with an appropriate design for the particular school and enameled with its traditional school or college colors. Hanging from the chain is a large silver medallion containing the University seal.

THE AWARDING OF DEGREES at The University of Connecticut is accomplished by a twofold process. First, the candidates for degrees of each respective school or college are presented by the University Marshal. The candidates proceed to the stage, receive their diplomas, are congratulated by their administrative officers and return to their seats. The School or College Marshal then officially presents the candidates to the Dean who acknowledges the candidates and *declares* the appropriate degree. Second, when all candidates have been duly presented, the President of the University formally *confers* the appropriate degree. This is accomplished verbally at the time that he speaks the words:

"By virtue of the authority vested in me by the Trustees of The University of Connecticut, and in accordance with the procedures and regulations of the University, I confer upon you the Certificate, appropriate Bachelor's Degree, Master's Degree, Juris Doctor, Doctor of Dental Medicine, Doctor of Medicine, or Doctor of Philosophy for which you have been presented at this One Hundred and Sixth Commencement of The University."

THE RECESSIONAL of the officials and faculty is once again led by the Mace Bearer and University Marshal. The graduates, along with the audience, are requested to remain seated until the recessional is concluded.

Honors Scholars are outstanding students who complete intensive two- to four-year programs, including honors courses of unusual breadth and depth. Honors requirements include a senior thesis or comprehensive examination in the major field.

University Scholar

The University Scholar designation is the highest scholastic honor at the University. The individualized undergraduate programs of these students, which in some cases include work toward a graduate degree, are supervised by faculty committees. In this graduating class twenty students were named University Scholars in the junior year.

The names in this program do not constitute an official list. The students whose names are listed herein were considered candidates for the degree indicated when the program was printed, except where a prior date of graduation (August 31 or December 31, 1988) is given.

AMERICA THE BEAUTIFUL

O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties,
Above the fruited plain;
America! America! God shed His grace on thee,
And crown thy good with brotherhood,
From sea to shining sea.

ALMA MATER

Once more, as we gather today,
To sing our ALMA MATER'S praise,
And join in the fellowship strong,
Which inspires our college days,
We're backing our men in the strife,
Cheering them to VIC-TO-RY,
and pledge anew to old CONNECTICUT,
Our steadfast spirit of loyalty.
CONNECTICUT, CONNECTICUT, Thy
 sons and daughters true,
Unite to honor thy name, Our fairest
 WHITE and BLUE.
