“Commencement signals a beginning and an ending: a beginning to your career or to advanced studies; an ending to another stage in your education. There is also continuity, for in your years here you have become part of a family, and family ties endure.

Today you may leave UConn, but it will never leave you. The skills you have learned here will carry you into successful careers. The friends — classmates, professors, mentors — you have known here will be with you always.”

COMMENCEMENT NOTES

COMMENCEMENT DAY at The University of Connecticut is a time of ceremony and pageantry, portions of which represent traditions dating back to medieval times. These notes on the history of the University and the commencement ceremony are offered in the hope that they will be of interest to spectators.

THE UNIVERSITY OF CONNECTICUT WAS FOUNDED as the Storrs Agricultural School in 1881 when the General Assembly accepted a gift of money and land from Charles and Augustus Storrs, natives of Mansfield. In 1893 when it became a land-grant college and officially opened to women, the name was changed to Storrs Agricultural College. As the mission of the institution changed, its name was changed in 1899 to Connecticut Agricultural College. In 1933 it became the Connecticut State College. It grew slowly becoming a small but vigorous college with limited undergraduate offerings in agriculture, home economics and mechanical arts. With the development of a university program it became The University of Connecticut in 1939. The first regional campuses were established in 1946 to deal with the influx of veteran students. Today, the University is made up of sixteen different schools and colleges. Through the various agencies of five Divisions and seven Institutes, including forty-nine Special Facilities, Programs, and Centers, the University is privileged to serve many State citizens. The Graduate program began in 1935, and in 1949 the University awarded its first doctoral degrees.

Enormous expansion has taken place over the years together with increased enrollment. Today, the University has an enrollment of over 25,180 students. At Storrs there are over 12,490 undergraduates and more than 4,400 graduate students, representing some eighty nations.

This year, the University will award over 5,100 degrees. Of these approximately 3,450 will be Bachelor's Degrees, 1,100 Master's degrees, 180 Juris Doctor degrees, 35 Doctor of Dental Medicine degrees, 74 Doctor of Medicine degrees and 225 Doctor of Philosophy degrees. Also to be awarded are 62 diplomas in Professional Education and 17 Certificates in the two-year Ratcliffe Hicks School of Agriculture.

THE COMMENCEMENT CEREMONY, because of the number of graduates, is divided into five separate exercises. The Schools of Dental Medicine and Medicine, located at the University's Health Center in Farmington, hold their own Commencement Exercises and the School of Law, located in Hartford, holds its own exercise. The Commencement procession in each of the three exercises at Storrs is heralded by the ceremonial trumpets which were obtained especially for the University commencement.

THE ACADEMIC PROCESSION begins with the heralding of the trumpeters announcing the arrival of the academic procession.* The Bearer of the Mace leads the procession. The University Marshal, identified by his Baton, leads the President, together with the speaker, clergyman, the Board of Trustees, vice-presidents, deans, other University officials, and faculty. The Mace is presented at the center of the stage while those processing enter and take their places. Once the Mace is placed on the stand it signals the beginning of the ceremony.

**The audience is requested to REMAIN SEATED so that all may see the procession.*

THE ACADEMIC GOWNS, HOODS AND REGALIA represent more than elegance or colorful attire. Academic caps and gowns represent a tradition which reaches far back into the early days of the oldest universities of the Middle Ages. The early European universities were founded by the church; the students, being clerics, were obliged to wear prescribed gowns and caps at all times. Caps and gowns were once common forms of clothing and were retained by the clergy when the laity adopted more modern dress. Though some universities here and abroad have other colors, the usual color for gowns in America is black. Hoods are lined with the official color of the college or university which conferred the degree. The velvet edging of the hood varies in length for bachelors, masters and doctoral degrees. The color represents the appropriate degree. Mortar boards (caps) are usually black. The tassel for the Bachelor of Arts, Science, and Engineering may be of color distinctive of the degree, and the tassel for the Doctor of Philosophy may be made of gold thread. The gown and hood of the University Marshal were made specifically for University ceremonies in the official colors of national flag blue and white. The Processional Marshals wear blue velvet "beefeater" berets; the School and College Marshals, who assist in conducting the ceremonies, wear blue Dutch caps.

THE MACE, carried by Keith Barker, Chairman of the Commencement Committee, is used at all academic ceremonies. In medieval times maces were weapons of warfare, but today a mace is "a staff borne by, or carried before, a magistrate or other dignitary as an ensign of his authority." It is the emblem and symbol of the President's authority to administer the University. This mace was first used at the Inauguration of President Homer D. Babbidge, Jr., on October 20, 1962. It was designed by Nathan Knobler, former head of the Department of Art. The University seal, executed in beautiful wood carving, appears on both faces. A penny dated 1881 is affixed to it to commemorate the date of the University's founding.

THE BATON, carried by the University Marshal, Professor Peter L. Halvorson, was specifically designed for ceremonial activities at The University of Connecticut and was first used at the Commencement in 1968. The Office of Marshal can be traced back to the medieval period, and the Baton is a symbol of the Marshal's authority. This Baton has silver mountings and is surmounted by a representation of the University seal in enamel, which itself incorporates the coat of arms of the State of Connecticut. The University Marshal, carrying the Baton, follows the Mace Bearer as he leads the academic procession into and out of the place of ceremony.

THE SILVER COLLAR/MEDALLION, worn by Harry J. Hartley, President, was first used in 1964, at the time of the University's Silver Anniversary. Each link on the collar represents one of the University's Schools or Colleges and consists of a cloissoné circle engraved with an appropriate design for the particular school and enameled with its traditional school or college colors. Hanging from the chain is a large silver medallion containing the University seal.

THE AWARDING OF DEGREES at The University of Connecticut is accomplished by a twofold process. First, the candidates for degrees of each respective school or college are presented by the University Marshal. The candidates proceed to the front, receive their diplomas, are congratulated by their administrative officers and return to their seats. The School or College Marshal then officially presents the candidates to the Dean who acknowledges the candidates and *declares* the appropriate degree. Second, when all candidates have been duly presented, the President of the University formally *confers* the appropriate degree. This is accomplished verbally at the time that he speaks the words:

"By virtue of the authority vested in me by the Trustees of The University of Connecticut, and in accordance with the procedures and regulations of the University, I confer upon you the Certificate, appropriate Bachelor's Degree, Master's Degree, Juris Doctor, Doctor of Dental Medicine, Doctor of Medicine, or Doctor of Philosophy for which you have been presented at this One Hundred and Tenth Commencement of The University."

THE RECESSIONAL of the officials and faculty is once again led by the Mace Bearer and University Marshal. The graduates, along with the audience, are requested to remain seated until the recessional is concluded.

*The University gratefully acknowledges the services
provided by the instrumentalists of the Ceremonial Band,
conducted by Professor David L. Mills.*

HONORARY DEGREES

SAMUEL Y. BIRNBAUM
Doctor of Humane Letters

Samuel Y. Birnbaum, a retired businessman, has been involved in a variety of service activities in New Britain and the Greater Hartford region, and recently he and his family contributed \$1 million to establish an endowed chair in psychiatry at the University of Connecticut Health Center in Farmington. With his brother, Ben, and sister, Ida, Birnbaum owned and operated Birnbaum's, a women's clothing store, which opened in the early part of the century and closed in 1972.

A veteran of World War II, Birnbaum was the first corporator of New Britain General Hospital (NBGH), where he served as director for many years. In 1987 the hospital's new emergency department was named for Birnbaum, who set up a \$1 million fund for the rebuilding project. Birnbaum was appointed a director of New Britain Memorial Hospital, and has been a benefactor of that health care facility for many years. He also was a board member and benefactor of the Central Connecticut Association for Retarded Citizens (CCARC), and was a founder of the group-home concept.

T. EMMET CLAIRE
Doctor of Laws

T. Emmet Claire was appointed U.S. District Judge for the District of Connecticut in 1961 by President John F. Kennedy, and served as chief judge from 1974 until 1983 when he took senior judge status. His lifelong commitment to public service began with his election to the Connecticut General Assembly in 1937, serving as House Minority Leader from 1939 to 1943. From 1938 to 1961 he was chairman of the Killingly Board of Education.

During his court tenure, Claire served as the district judge representative from the Second Circuit to the Judicial Conference of the United States from 1977 to 1980, and was a member of its Executive Committee in 1979-80, and the Committee on the Operation of the Jury System from 1976 to 1987 (appointed chairman in 1982). Claire received his undergraduate degree in 1933 from Providence College, and his law degree in 1938 from Hartford College of Law — which became the University of Connecticut School of Law in 1943.

HARRY A. GAMPPEL
Doctor of Laws

Harry A. Gampel is well known throughout the University of Connecticut and the State of Connecticut: the University's 8,000 seat sports pavilion, for the construction of which he donated \$1 million, bears his name. A 1943 graduate of the University of Connecticut's School of Business Administration with a bachelor of science degree in industrial management, Gampel began his career as an industrial engineer with Royal Typewriter Company. From 1945 to 1960 he owned and operated City Iron Works, Inc., a manufacturing firm which produced structural steel for buildings and bridges.

In 1959 Gampel sold his business to devote full time to real estate development. Originally the president of Gampel Realty Company in Hartford, he subsequently became chairman of the Gampel Organization of Hollywood, Florida, and since 1960 he has been active in the development of real estate throughout the Northeast and Florida.

RONALD W. HOWARD
Doctor of Fine Arts

Ron Howard's most recent film is 1992's *Far and Away*, which stars Tom Cruise and Nicole Kidman in a sweeping story of 19th century America. Born in Duncan, Oklahoma, Howard began his acting career at the age of 18 months in a Baltimore production of *The Seven Year Itch*, with his first screen appearance at age four in *The Journey*. As a child actor he appeared in *The Music Man* film production and the long-running television series *The Andy Griffith Show*.

In the early 1970s he appeared in the George Lucas film *American Graffiti*, then starred in the popular television series *Happy Days*. He directed his first feature film, *Grand Theft Auto*, in 1978, when he was 23 years old. A string of popular films followed, ranging from domestic comedy to science fiction/fantasy: *Night Shift* (1982), *Splash* (1984), *Cocoon* (1985), *Gung Ho* (1986), *Willow* (1988), *Parenthood* (1989), and *Backdraft* (1991). With Brian Glazer, Howard is a founder and chief executive officer of Imagine Films Entertainment, Inc., a public company that produces theatrical feature films.

W. RANDALL PINKSTON
Doctor of Humane Letters

W. Randall Pinkston, who worked at WFSB-TV 3 in Hartford from 1976 to 1980, recently became a general assignment correspondent and contributor to the *Eye on America* series on the CBS Evening News with Dan Rather, after two years as White House correspondent. He joined CBS News in December, 1990, one month before the start of Operation Desert Storm. He became a familiar fixture on *CBS This Morning* and CBS Radio, reporting President George Bush's latest decisions on the Persian Gulf war.

Pinkston covered Bush's wide-ranging travels to England, Spain, Greece, Turkey, Italy, the Netherlands, and the Far East. Before joining CBS, Pinkston worked for ten years at WCBS-TV, the CBS owned station in New York. Pinkston began his broadcast career in radio at WJDX-FM in Jackson, Mississippi, switching to television at sister station WLBT-TV. Pinkston holds a juris doctor degree from the University of Connecticut School of Law, and a bachelor of arts degree in history from Millsaps College in Jackson, Mississippi.
