## WELCOME FROM THE PRESIDENT

---

*Dear Friends:*

*This is a wonderful and meaningful day for graduates, families and the entire University of Connecticut community. To our graduates, I offer my warmest and most sincere congratulations on your success and your achievements, which each of you has so clearly earned. Today's commencement exercises are the culmination of your hard work as a student and the symbolic fulfillment of our mission as a university when it comes to your education.*

*I share the pride, excitement and immeasurable hopes for the future that I know each of you feel today. Your education is a great credit to you, and to us; you exemplify the very best we have to offer as you prepare to enter the next chapter of your lives.*

*Today, a degree will be conferred upon you from one of this nation's truly great public universities. UConn takes great care to ensure that our students are able to receive an education from incredible faculty on a campus that is home to many outstanding facilities. It is also vital that each of our students gain the kind of experience they desire on a thriving campus where as much can be learned and enjoyed outside the classroom, as in it.*

*Whatever your plans for the future may be, I hope that your time here has helped give you the knowledge, experience and confidence that you will need to excel in every aspect of the life you will lead.*

*The goal of higher education is not confined to academic achievement alone; it is also intended to draw from within you those essential qualities that make each of us an educated, well-rounded individual and, above all, a good citizen. That is one of the simplest, but most important titles we can merit in life and I know each of you will exemplify it, every day. You are a class – and a generation – who will go on to do extraordinary things.*

*Please enjoy yourselves today and celebrate the honor and distinction that you have earned. And whatever path you choose, I hope you will always carry with you the very fondest memories of your days here at the University of Connecticut.*

*Congratulations and very best wishes,*

### Richard Alan “Rick” Mastracchio

Richard Alan “Rick” Mastracchio is a Connecticut native, UConn alumnus, engineer and NASA astronaut who is currently completing a five and one-half month mission aboard the International Space Station. Rick and his fellow astronauts and cosmonauts journeyed to the ISS aboard a Soyuz spacecraft that departed in November 2013 from the Baikonur Cosmodrome in Kazakhstan and will return in May 2014. It is his fourth mission to the International Space Station.

A native of Waterbury, Rick received his B.S. degree in electrical engineering and computer science from the University of Connecticut in 1982. He completed two master's degrees, one in electrical engineering at RPI and the second in physical science from the University of Houston–Clear Lake.

After graduating from UConn, Rick worked as an engineer in the system design group at Hamilton Standard (now UTC Aerospace Systems). He relocated to the Houston area in 1987 to work for the Rockwell Shuttle Operations Company at the Johnson Space Center. In 1990, he joined NASA as an engineer in the Flight Crew Operations Directorate. Three years later, he was named an ascent/entry Guidance and Procedures Officer in

NASA's Mission Control, where he was responsible for onboard guidance, navigation, and targeting for 17 missions.

After applying nine times for the elite astronaut corps, in 1996 he was accepted as an astronaut candidate. From 2000 to 2010, Rick completed three missions to the International Space Station as a mission specialist, via shuttles Atlantis, Endeavour and Discovery. In his current mission as a flight engineer on the 38th mission to the ISS, he and a fellow astronaut successfully executed repairs in December to the station's malfunctioning main cooling system. He is also assisting with a variety of research projects, including one involving the burning and suppression of solids in microgravity to learn how different materials combust in space and how such combustion can be prevented.

Rick embodies the nation's highest ideals: loyalty, bravery, an undaunted spirit and the courage to not merely envision the big dreams, but to make them happen.

Rick and his wife, Candace (formerly Candace Stolfi) have three children.

### Dr. Peter R. Farina

Dr. Peter Farina is an executive in residence at Canaan Partners, a venture capital firm, located in Westport, Connecticut where he assesses and advises on pharma/biotech/healthcare investments. He is also the managing partner of a consulting firm, Salient Science & Technology, LLC that advises several U.S. and Chinese biotech firms on strategic and technical matter in pharmaceutical R&D. Dr. Farina currently serves as the co-chair and as a board member of Connecticut United for Research Excellence (CURE); member of the Advisory Board of the University of Connecticut School of Pharmacy, member of the NIH Blueprint Neurotherapeutics Network (BPN) steering committee; Emory University DRIVE Advisory Board, and was a founder and CEO of Developing World Cures, a nonprofit company working on neglected diseases.

Dr. Peter Farina retired in 2008 as senior vice president of development at Boehringer Ingelheim Pharmaceuticals, Inc. in Ridgefield, Connecticut where he was responsible for North American development of drugs in the therapeutic areas of immunology/inflammation, virology and cardiovascular disease. During his tenure as senior vice president at BI, his interdisciplinary team worked on the development and successful registration of Aptivus®, an HIV protease inhibitor,

Viramune XR® for HIV and Atrovent HFA® for COPD and emphysema. Prior to this position he served as vice president of research at the Ridgefield Center. He has also held positions as director of inflammatory diseases and director of biochemistry over his 28 year career with Boehringer Ingelheim. Prior to joining BI he spent six years in the Corporate Research Laboratories and Medical Products Division of Union Carbide Corporation in Tarrytown, New York where he worked in the research and development of immunodiagnostics.

Dr. Farina's research interest has been generally at the interface of chemistry and biology. He has worked over his research career in inflammatory and immunological mechanisms, particularly cytokines and arachidonic acid mediators. In addition, he was engaged in HIV virology research which led to discovery and successful registration of one of the first non-nucleoside reverse transcriptase inhibitors Viramune® (nevirapine). He is the author of over fifty publications and patents.

Dr. Farina has a Ph.D. in organic chemistry from SUNY Buffalo and did postdoctoral work in bioorganic chemistry at Pennsylvania State University with Dr. Stephen Benkovic.

### Deborah J. Faucette

Deborah Faucette is a 1980 graduate of the University of Connecticut School of Pharmacy. Since graduating, her career has evolved around the delivery of patient care in a community setting. She has worked in a corporate environment, heading up endeavors in operations, recruitment, training, technology, professional affairs and clinical services. An opportunity to represent chain pharmacy interests in Washington became the next step in her career, working for the National Association of Chain Drug Stores. While there, she worked in collaboration with other organizations to promote the value of pharmacists in healthcare, as immunizers and

educators of medication therapy management.

Patient education became a major focus with her relocation to Florida. After overseeing the delivery of patient education at the retailer and internet venues, she now practices in a retail pharmacy setting, as a community immunizer, medication educator, preceptor to five schools of pharmacy, and training coordinator. She has also been a School of Pharmacy Advisory Board member since its inception in 2001 and was awarded the UConn Pharmacy Alumni Association's Distinguished Alumni Award in 2008.

### Sharon M. Louden

Sharon M. Louden graduated with a BFA from the School of the Art Institute of Chicago and an MFA from Yale University, School of Art. Her work has been exhibited in numerous venues including the Aldrich Contemporary Art Museum, the Drawing Center, Carnegie Mellon University, Birmingham Museum of Art, Weatherspoon Art Museum, and the Kemper Museum of Contemporary Art. Louden's work is held in major public and private collections including the Neuberger Museum of Art, Whitney Museum of American Art, National Gallery of Art, Arkansas Arts Center, Yale University Art Gallery, Weatherspoon Art Museum, and the Museum of Fine Arts, Houston, among others.

Sharon Louden's work has also been written about in *The New York Times*, *Art in America*, *The Washington Post*, *Sculpture Magazine*, and *The Philadelphia Inquirer*, as well as other publications. She has received a grant from the Elizabeth Foundation for the Arts and has participated in residencies at Tamarind Institute, Urban Glass and Art Omi.

Louden's animations continue to be screened and featured in many film festivals and museums all over the world. Her animation, *Carrier*, premiered in the East Wing Auditorium of the National Gallery of Art in Washington, DC in March, 2011 in a historical program of abstract animation since 1927. Sharon also premiered a new animation titled, *Community*, at the National Gallery of Art in the program, "Cine Concert: Abstract Film and Animation Since 1970" on September 8, 2013.

Louden was commissioned by the Weisman Art Museum to make a site-specific work in dialogue with Frank Gehry's new additions to the museum. Entitled *Merge*, this solo exhibition consisted of over 350,000 units of aluminum extending over a 3,000 square foot space and was on view from October 2011 through May 2012. This piece was then reconfigured and permanently installed in Oak Hall at the University of Connecticut in Storrs, CT and completed in January 2013.

Also in 2013, Louden received a New York Foundation for the Arts Artist Fellowship in the category of Architecture/Environmental Structures/Design.

Recent exhibitions include a solo exhibition of new work including *Community* (the animation that premiered at the National Gallery of Art), as well a site-specific installation, painting, drawing and sculpture at Morgan Lehman Gallery in New York in October through November, 2013. Most recently,

a solo exhibition of Louden's paintings and drawings at Beta Pictoris/Maus Contemporary Art in Birmingham, Alabama, which ran through February 16, 2014.

Sharon Louden has taught for more than 20 years since graduating from Yale in 1991. Her teaching experience includes studio and professional practice classes to students of all levels in colleges and universities throughout the United States. Colleges and universities at which she has lectured and taught include: Kansas City Art Institute, College of Saint Rose, Massachusetts College of Art, Vanderbilt University and Maryland Institute College of Art. Sharon currently teaches at the New York Academy of Art in New York City. Last summer, Sharon taught experimental drawing and collage in the School of Art at Chautauqua Institution in Chautauqua, New York.

In addition to teaching at the New York Academy of Art, Sharon also conducts a popular Lecture Series where she interviews luminaries and exceptional individuals in the art world and from afar.

Louden is also the editor of *Living and Sustaining a Creative Life: Essays by 40 Working Artists* published by Intellect Books and distributed by the University of Chicago Press. The book is already on its fourth printing since the first run sold out before its official release on October 15th, and has been #1 on Amazon.com's Bestseller List of Business Art References. It was also on Hyperallergic's List of Top Art Books of 2013. Recent press includes an interview in Hyperallergic blogazine, "How do Artists Live?".

A book tour started on November 2, 2013, which includes Sharon Louden and other contributors visiting cities across the United States and in Europe through 2015. Highlights include an event in the Salon at the Art Basel Miami Beach Art Fair this past December 2013, as well as a discussion and book event at the 92nd St Y in New York, and a panel discussion at the Hirshhorn Museum and Sculpture Garden in Washington, DC in January 2014.

In addition, she continues to conduct Glowtown workshops in schools and not-for-profit organizations across the country. Louden is also active on boards and committees of various not-for-profit art organizations and volunteers her time to artists to further their careers.

Sharon is a full-time practicing, professional artist who lives and works in Brooklyn, NY.

### George M. Woodwell

Woodwell is an ecologist with degrees from Dartmouth (AB) and Duke (AM and Ph.D.). He holds honorary degrees from Dartmouth College, Duke University, Carleton College and Williams College among others. He has taught at the University of Maine and at Yale University and lectured widely. He is a Fellow of the American Academy of Arts and Sciences, a member of the National Academy of Sciences, a Fellow of the American Association for the Advancement of Science, a former President of the Ecological Society of America and a Fellow of the Society. He was one of the founders of the Environmental Defense Fund, a founding trustee and is a continuing member of the board of the Natural Resources Defense Council, a major conservation-law group, and a founding trustee of the World Resources Institute. He was a Senior Scientist on the staff of Brookhaven National Laboratory until 1975 when he left to found the Ecosystems Center at the Marine Biological Laboratory in Woods Hole. Ten years later he established the Woods Hole Research Center as an independent institution free to deal with the great issues of environment, especially the biotic causes and effects of climatic disruption.

He has received various fellowships and awards including Heinz and Volvo environmental awards. He has held various positions in science and conservation including chairmanship of the U.S. World Wildlife Fund.

Woodwell has written widely in science over fifty years on topics ranging from details of ecology of plants, including physiology, forest ecology, the distribution, hazards and persistence of DDT, the ecological effects of ionizing radiation, and the biotic causes and effects of the climatic disruption.

His books include editing: *The Earth in Transition: Patterns and Processes of Biotic Impoverishment* (Cambridge University Press 1990); editing with F Mackenzie: *Biotic Feedbacks in the Global Climatic System* (Oxford University Press 1995); *Forests in a Full World* (Yale 2001), among others. Recently, he wrote a book that deals with the construction of the Ordway Campus of the Woods Hole Research Center; *The Nature of a House: Building a World That Works* (Island Press 2009).

Philip Lodewick is the President and CEO of The Tradewell Corporation, a “middle-market” equipment leasing company that he founded in 1980 that has provided capital and operating lease financing to a wide range of corporations and businesses throughout the United States and Canada. He is also chairman of Project Graphics Incorporated, a graphic arts production company head-quartered in Burlington, VT. Prior to founding The Tradewell Corporation, Mr. Lodewick was an officer and part of the senior management team of Boothe Financial Corporation – now two companies, known as Robert Half International, Inc. and BF Enterprises. He started his business career with the IBM Corporation.

A BS and MBA graduate of the University of Connecticut, Philip has served as past Chairman of both The University of Connecticut Foundation Board and the Board of Advisors for the University's School of Business Administration and is a member of the School of Business Hall of Fame. Currently he is President and Chairman of the Board of the Mansfield Downtown Partnership - a partnership of the University of Connecticut, the Town of Mansfield and the partnership's development partner, Leyland Alliance, LLC – formed to create a vibrant mixed-use residential, retail, and commercial town center – Storrs Center – in the town of Mansfield. Mr. Lodewick and his wife, Christine were joint recipients of the University of Connecticut's Distinguished Alumni Service award in 2000.

Philip and his wife, Christine, have set up multiple endowments at the University of Connecticut and the

University of Wisconsin, Christine's alma mater, in support of educational, diversity, and philanthropy initiatives. They have built the Lodewick Visitor Center at the University of Connecticut as a gift to the University and a place of warm welcome and a front door to the University.

Mr. Lodewick is a philanthropist and activist in a number of organizations. He is one of the founding Board of Directors of both A Better Chance in Ridgefield, a not-for-profit program that finds and places talented and highly motivated minority students into outstanding secondary school educational systems, and The Discovery Center, a nature science for youth program based in Ridgefield. He is also a founding Board member of the International Forgiveness Institute, based in Madison, Wisconsin, an organization focusing on the interdisciplinary study and practical application of forgiveness as a way of bringing healing and understanding to troubled areas. He is a member of the Ridgefield Library Board of Directors and the Ridgefield Symphony Orchestra and RSO Foundation boards. He also serves on advisory boards of Danbury Hospital, the Ridgefield VNA, and the Ridgefield Playhouse. Through their Foundation, Philip and Christine support a range of educational, social service, performing arts, and community service organizations.

Philip and Christine have two daughters, Alyssa, who with her partner Robyn live and work in Portland, Maine, and Kendra, who with her husband Nico, and their three children, Maeve, Asher, and Silas, live and work in Eugene, Oregon.

### Kaitlin M. Roig-DeBellis

Kaitlin M. Roig-DeBellis attended UConn and was accepted to the Neag School of Education, where she completed her master's of education with honors in 2006. She was a member of the Order of Omega honor society, the Historical honor society and the Neag honor society, and was named a New England Scholar in 2005. Kaitlin served as the historian for the Neag Student Association and was a member of Kappa Kappa Gamma Sorority, where she served as membership chair, recording secretary, and on the scholarship committee. She worked as an intercollegiate athlete tutor to refine study skills and plan essays, as well as a study hall monitor for the UConn Men's Soccer team.

Kaitlin began her teaching career as a reading specialist in Westport, CT, in 2006. While there, she worked with first- and second-grade struggling readers. Kaitlin worked closely with teachers and administrators to implement strategies and action plans for these readers.

In 2007, Kaitlin began teaching first grade at Sandy Hook Elementary School. There, she served on the Math Committee, Language Arts Committee, Action Research Committee, and Social Committee. She also began Marathon Mondays, a running club for third and fourth grade students. Kaitlin was granted a year leave from her first-grade position at Sandy Hook in 2013.

Kaitlin founded Classes 4 Classes, knowing that "positive social change was needed and that this needed to begin with the youngest members of our society, our K-8 students." Classes 4 Classes provides the opportunity for every student in the United States to learn: compassion, caring, kindness, empathy, and consideration through active engagement. According to Classes 4 Classes' mission, "These are lessons that every child needs to have."

In 2013, Kaitlin was honored as one of *Glamour Magazine's* Women of the Year alongside Nobel Prize nominee Malala Yousafzai, Congresswoman and shooting survivor Gabby Giffords, and Emmy nominated actress Kerry Washington, among others. Previous *Glamour Women* of the year include Former First Lady and teacher Laura Bush and Former Secretary of State Hillary Clinton.

Also in 2013, Kaitlin was also honored by L'Oreal Paris as one of their "L'Oreal Paris Women of Worth," of which she was one of "10 Inspiring Women Making Beautiful Differences in their Communities." Through Women of Worth, L'Oreal Paris is committed to recognizing women who are true to themselves and their passion of making a difference in their communities. L'Oreal Paris supports these inspiring women through a donation for their charity and by raising awareness for their causes.

### Philip “Uri” Treisman

Dr. Philip Uri Treisman is professor of mathematics and of public affairs at The University of Texas at Austin. He is the founder and executive director of the university's Charles A. Dana Center, a research unit of the College of Natural Sciences. The Dana Center conducts policy research and evaluation to raise educational standards and to enhance the state's educational accountability system, working with Texas communities and school districts to improve the quality of education for all Texas children.

For 25 years, Dr. Treisman has been a leading figure in mathematics education in the U.S. His pioneering work on socioeconomic status at the University of California, Berkeley in the 1980's set a standard for effective intervention that promotes the success of traditionally under-represented groups in mathematics and other science, technology, engineering and math (STEM) fields. Professor Treisman's current work through the Dana Center aims to improve the performance of African American and Hispanic K-12 students in Texas and across the US.

Throughout his career, Dr. Treisman has garnered recognition for his research on STEM education and social and developmental psychology, his contributions to education policy, and his community service work and volunteerism. For his work in developing programs to strengthen the education of minority and rural students, Dr. Treisman received a MacArthur Fellowship in 1992. In 1999, the magazine *Black Issues in Higher Education* named him one of the outstanding leaders in

higher education in the 20th century. The Harvard Foundation of Harvard University named him “2006 Scientist of the Year” for his outstanding contributions to mathematics.

Dr. Treisman is a founding board member of the National Center for Public Policy in Higher Education and president of the board of the Consortium for Mathematics and its Applications. He serves as a member of three National Academy of Sciences committees concerned with American education, including a study of the science of mathematics learning. He is an advisor to the Military Child Education Coalition and serves as an expert juror for a Department of Defense study of the challenges of transition for high school-aged military students.

Dr. Treisman is especially proud of his service as a founding member of Texas Commission on Volunteerism and Community Service, to which he was appointed by former Texas Governor Ann Richards and subsequently reappointed by Governor George W. Bush. He sits on the Commission's executive committee and has served as its vice chair.

After studying horticulture and mathematics in several Los Angeles-area community colleges, Dr. Treisman earned a B.S. in Mathematics, summa cum laude, from the University of California at Los Angeles and an interdisciplinary Ph.D. from the University of California at Berkeley in mathematics and education. In all his work, Dr. Treisman is an advocate for equity and excellence in education for all students.

### Dr. Martin McNamara

Dr. Martin McNamara is Dean of Nursing and Head of the University College Dublin (UCD) School of Nursing, Midwifery and Health Systems. He is also a UCD Fellow in Teaching and Academic Development; a Registered Mental Health Nurse, a Registered General Nurse, a Registered Nurse Tutor, and a strong advocate for academic and leadership development in the nursing and midwifery professions. He holds a doctorate in education, master's degrees in nursing, social science and education, as well as a Bachelor of Science degree, and is currently undertaking a degree in languages (French and Chinese) and linguistics, and a diploma in business and executive coaching.

He is a member of various international organizations, including the Universitas 21 Millennium Development Goals Steering Group and the Global Nursing Leadership Institute, which is run by the International Council of Nurses and Burdett Institute in Geneva. In 2013, Dr. McNamara participated in the Health Systems Re-engineering Institute at Purdue University, Indiana.

Dr. McNamara is involved in the implementation of the Mary Seacole Program with the Open University, Hay Group and NHS Leadership Academy in England; this is the largest leadership development program currently being delivered globally. He is influential in the strategic development of Irish

nursing education and serves in a leadership role on the National Strategic Review of Undergraduate Nursing and Midwifery programs, which drew on his doctoral work on the underlying principles structuring academic nursing.

As a researcher, he is a member of the board of the National Centre for the Protection of Older People at UCD and was co-director of the Irish Research Council for Humanities and Social Science-funded UCD Irish Center for Nursing and Midwifery History, based at the UCD School of Nursing, Midwifery and Health Systems and now aligned with Centre for the History of Medicine at the UCD School of History and Archives. He has had various leadership and project management roles on a number of major research projects.

Dr. McNamara's work on the development of academic nursing, nursing leadership, curriculum and pedagogy, and discourses in nursing education and care of older people has been widely disseminated. Dr. McNamara has published extensively, both nationally and internationally, including book chapters, editorials, monographs, and peer-reviewed journal articles. The projects with which he has been involved currently account for €1.2 million in funding, and over €2.5 million since 2008. His contributions to nursing education and leadership warrant recognition as a pre-eminent nursing educator and academic leader.

### Richard Besser, MD

Dr. Richard Besser has made immeasurable contributions to the areas of public health and infectious disease. He has distinguished himself in furthering consumer understanding of medical information and supporting many wellness initiatives.

As the Chief Health and Medical Editor for ABC News, Dr. Besser provided medical analysis and commentary for ABC News broadcasts and platforms, including "World News with Diane Sawyer," "Good Morning America," "Nightline," and "This Week with George Stephanopoulos." In 2011, Dr. Besser led ABC's global health coverage, "Be the Change: Save a Life," reporting on health issues from seven different countries.

Dr. Besser came to ABC News in 2009 from the Centers for Disease Control and Prevention (CDC), where he served as Acting Director for the CDC from January to June 2009. Among his many important roles was leading the CDC's response to the H1N1 influenza pandemic. He also served as director of the Coordinating Office for Terrorism Preparedness and Emergency Response, responsible for all of the CDC's public health emergency preparedness and emergency response activities.

Dr. Besser began his career at the CDC in 1991 in the Epidemic Intelligence Service, working on the epidemiology of food-borne diseases. Then, beginning in 1993, he served for five years on the faculty of the University of California, San Diego, as the pediatric residency director. While in San Diego he worked for the county health department on the control of pediatric tuberculosis.

Dr. Besser returned to CDC in 1998, where he served in various

capacities. He was epidemiology section chief in the Respiratory Diseases Branch and acting chief of the Meningitis and Special Pathogens Branch in the National Center for Infectious Disease. Dr. Besser also served as the medical director of "Get Smart: Know When Antibiotics Work," the CDC's national campaign to promote appropriate antibiotic use in the community.

His generosity is evident through his volunteer work as a pediatrician with the Children's Aid Society in New York City. The author and coauthor of hundreds of presentations, abstracts, chapters, editorials and publications, Dr. Besser has received many awards for his work in public health and volunteer service.

Dr. Besser is currently a Distinguished Visiting Fellow at the Harvard School of Public Health. He received the Surgeon General's Medallion for his leadership during the H1N1 response. In 2011, he was awarded the Dean's Medal for his contributions to public health from the Johns Hopkins Bloomberg School of Public Health.

Dr. Besser's investigative reporting into umbilical cord blood banking was nominated for an Emmy Award in 2011. In 2012, he received an Overseas Press Club award as part of ABC's coverage of global maternal health issues, as well as two Peabody Awards as part of ABC News' coverage of hurricane Sandy and Robin Roberts' health journey.

His first book, "Tell Me the Truth, Doctor: Easy-to-Understand Answers to Your Most Confusing and Critical Health Questions," was published by Hyperion in April 2013.

### James M. Nederlander

Mr. James Nederlander is a visionary who built one of the world's largest private live entertainment companies and, in doing so, gave the gift of entertainment to millions of us. "Generous," "loyal" and "trusted" are just a few of the accolades his numerous friends use to describe him.

Mr. Nederlander started working in the theatre at age 7, sweeping floors for his father David Tobias (D.T.) Nederlander in Detroit, Michigan. Today he is chairman of The Nederlander Organization, which now encompasses venue ownership and management, theatrical producing and concert presentation, merchandising, concessions and patron services.

During a career that has spanned 70 years, Mr. Nederlander has amassed a network of premier theatres, including nine on Broadway: the Brooks Atkinson, Gershwin, Lunt-Fontanne, Marquis, Minskoff, Nederlander, Neil Simon, Richard Rodgers, and the world-renowned Palace. His theatres also include the Auditorium and Bank of America Theatres, Broadway Playhouse, Cadillac Palace and Oriental Theatres in Chicago; the magnificent Pantages Theatre in Los Angeles; and the Adelphi, Aldwych, and Dominion Theatres in London.

Mr. Nederlander has produced over one hundred of the most acclaimed Broadway musicals and plays of all time – including *Annie*, *Applause*, *La Cage aux Folles*, *Me and My Girl*, *Nine*, *Noises Off*, *Peter Pan*, *Sweet Charity*, *The Will Rogers Follies*, *Woman of the Year*, and too many others to mention.

His name is forever linked to some of the world's most distinguished performing companies whose work he produced and presented on Broadway. They include the Royal Shakespeare Company's acclaimed productions of *The Life and Adventures of Nicholas Nickleby*, *Cyrano* and *Sherlock Holmes*;

Rudolf Nureyev and Friends, The Bolshoi Ballet, and the Virsky's Ukrainian State Dance Company.

Mr. Nederlander is also credited with advancing the outdoor amphitheatre concept as the developer of several premier venues, including the New Jersey Garden State Arts Center, Pine Knob Music Theatre, the Merriweather Post Pavilion, the Pacific Amphitheatre, and as the decades-long operator of the Greek Theatre. He has presented headline artists including Tony Bennett, Judy Garland, Lena Horne, Jackie Mason, Liza Minnelli, Frank Sinatra, Andy Williams, and a legion of others.

Mr. Nederlander has enjoyed a life-long personal and business relationship with numerous friends. In 1972, he and his pals Earl Blackwell, Gerard Oestricher and Arnold Weissberg founded the Theatre Hall of Fame, which is still housed in the lobby of the Gershwin Theatre. In 1973, he partnered with George Steinbrenner to purchase the New Yankee Baseball Club.

Beloved by the industry, Mr. Nederlander has received many distinguished honors including the United Nations Foundation Champion Award in 2012, The Broadway League's Schoenfeld Vision for Arts Education Award in 2011, the New York Pop's Man of the Year in 2008, a Special Tony Award® for Life Time Achievement in 2004, The Actors' Fund Medal of Honor in 2002, and the United Jewish Appeal-New York Federations' Bernard B. Jacobs Excellence in the Theatre Award in 1997.

He has a Hollywood Chamber of Commerce Star on the Hollywood Walk of Fame, located outside the Pantages Theatre. In 2009, The National High School Musical Theater Award was established and named The Jimmy® to celebrate his career-long dedication to supporting young talent.

### Victor Hesselbrock, Ph.D.

At UConn Health, Dr. Victor Hesselbrock is the interim senior associate dean of research and leads UConn Health's vibrant research enterprise. He is also the scientific director and principal investigator of the UConn Alcohol Research Center, which has been funded since its inception in 1978 by the NIH's National Institute on Alcohol Abuse and Alcoholism (NIAAA) and attracted nearly \$100 million from various funding sources.

In addition, Dr. Hesselbrock holds the Health Net, Inc., Endowed Chair in Addiction Studies, and is professor and vice chair of the UConn Health Department of Psychiatry.

Dr. Hesselbrock is involved in studies of alcoholism and other forms of addiction, including cocaine and opiate dependence. He is a co-PI for the Collaborative Study on the Genetics of Alcoholism (COGA), an NIAAA-funded project for which the UConn ARC is one of six participating sites. He is an associate editor for the journal *Alcoholism: Clinical & Experimental Research* and an assistant editor for the journal *Addiction*, is a member of the NIAAA and the NIH Council of Councils, and is a past president of—and holds a Lifetime Achievement Award from—the Research Society on Alcoholism.

His other roles at UConn Health include chairing the General Clinical Research Center's Scientific Advisory Committee and

serving as associate director and chief scientific officer of the Connecticut Institute for Clinical and Translational Science (CICATS). He previously served as interim chair of the Department of Psychiatry.

Dr. Hesselbrock graduated from Texas Christian University with a bachelor's in psychology and earned a master's in social work from the University of Texas. His Ph.D., in research in social work, is from Washington University.

He is the author or co-author of nearly 250 journal articles and 17 book chapters, and co-author of the book *Alcohol and Tobacco: Methodological and Sociological Aspects of Use, Abuse and Addiction*. He has more than 160 scholarly presentations to his credit.

Dr. Hesselbrock is a member of the American Psychopathological Association and the Society for Life History Research in Psychopathology, a reviewer for 25 professional or scientific journals, and an elected member of the Connecticut Academy of Science and Engineering.

The UConn Health Board of Directors recognizes Dr. Hesselbrock's longstanding and continued service to the both institution and the scientific community.

## SCHOOL OF LAW COMMENCEMENT SPEAKER

### Barry Scheck

Professor Barry C. Scheck, co-founder of the Innocence Project, a non-profit legal clinic affiliated with the Benjamin N. Cardozo School of Law at Yeshiva University, will be the commencement speaker at the Law School's 91st commencement exercises on Sunday, May 18, 2014.

Professor Scheck and his colleague, Peter Neufeld, founded the Innocence Project after realizing the profound potential for DNA evidence to overturn wrongful convictions. Their pioneering work using DNA evidence to exonerate the wrongly convicted led to a national movement that has changed the landscape of criminal procedure in America, as more than 300 individuals, many on death row, have been exonerated in the United States through post-conviction DNA testing.

In Connecticut as well as other states, these exonerations have led to new improvements in identification procedures, providing new safeguards against conviction of the innocent and new tools to identify the guilty. The Project also assists police, prosecutors and defense attorneys in trying to bring about reform in many areas of the criminal justice system, including eyewitness identification procedures, interrogation methods, crime laboratory administration and forensic science research.

Professor Scheck has done extensive trial and appellate litigation in significant civil rights and criminal defense cases. In addition to the work he has done through Cardozo's Innocence Project, which has represented dozens of men who

were exonerated through post-conviction DNA testing, Professor Scheck has represented such notable clients as Hedda Nussbaum, O.J. Simpson, Louise Woodward and Abner Louima. He has published extensively in these areas, including a book with Jim Dwyer and Peter Neufeld, entitled *Actual Innocence: When Justice Goes Wrong And How To Make It Right*.

Professor Scheck has been a member of the faculty at the Benjamin N. Cardozo School of Law for thirty-five years, serving as the director of Clinical Education, co-director of the Trial Advocacy Programs and the Jacob Burns Center for the Study of Law and Ethics. Prior to joining Cardozo, he worked for three-years as a staff attorney at The Legal Aid Society in New York City.

Professor Scheck has served in prominent positions in many bar associations, including the presidency of the National Association of Criminal Defense Lawyers (2004-2005). Since 1994 he has been a commissioner on New York State's Forensic Science Review Board, a body that regulates all crime and forensic DNA laboratories in the state. From 1998 through 2000, he served on the National Institute of Justice's Commission on the Future of DNA Evidence. In 2005, he was a member of the American Judicature Society's National Commission on Forensic Science and Public Policy.

In 1971, Professor Scheck received his undergraduate degree from Yale University and in 1974 his law degree from Boalt Hall School of Law, University of California at Berkeley.

## COMMENCEMENT NOTES

Commencement Day at the University of Connecticut is a time of ceremony and pageantry, embracing traditions dating back to medieval times.

The University of Connecticut was founded as the Storrs Agricultural School in 1881 when the General Assembly accepted a gift of money and land from Charles and Augustus Storrs, natives of Mansfield. In 1893 when it became a land-grant college and officially opened to women, the name was changed to Storrs Agricultural College. As the mission of the institution grew, its name was changed in 1899 to Connecticut Agricultural College, and in 1933 to the Connecticut State College. At first a small but vigorous college with limited undergraduate offerings in agriculture, home economics and mechanical arts, with the development of a university program it became The University of Connecticut in 1939. The Graduate program began in 1935, and in 1949 the University awarded its first doctoral degrees. The regional campuses were established in 1946 to accommodate the influx of veteran students. Today, the University is made up of fourteen different schools and colleges. Through its administrative Divisions, Institutes, and Centers, the University is a Land Grant and Sea Grant College and a Space Grant Consortium Institution, privileged to serve the citizens of the State of Connecticut, and beyond.

Enormous expansion has taken place over the years together

with increased enrollment. Today, the University has an enrollment of over 30,474 students. At Storrs there are over 17,815 undergraduates and more than 8,050 graduate students, representing some 99 nations.

This May, the University will award over 7,770 degrees. Of these, approximately 5,400 will be Bachelor's degrees, 1,475 Master's degrees, 196 Juris Doctor degrees, 45 Master of Laws degrees, 97 Doctor of Pharmacy degrees, 46 Doctor of Dental Medicine degrees, 88 Doctor of Medicine degrees, 6 Doctor of Musical Arts degrees, 6 Doctor of Audiology, 2 Doctor of Education degrees, 3 Doctor of Nursing Practice degrees, 18 Doctor of Physical Therapy degrees, and 323 Doctor of Philosophy degrees. Also to be awarded are 45 diplomas in Professional Education and 20 Associate's degrees in the two-year Ratcliffe Hicks School of Agriculture.

The Commencement Ceremony, because of the large number of graduates, is divided into separate exercises, by college or school. The Schools of Dental Medicine and Medicine, located at the University's Health Center in Farmington, and the School of Law, located in Hartford, hold their own exercises. The Commencement procession in each of the exercises at Storrs is heralded by the ceremonial trumpets, acquired especially for the University's commencement.

The Academic Procession is led by the Bearer of the Mace, followed by the faculty. The University Marshal, identified by his Baton, follows the President, together with the speaker, the Board of Trustees, vice-presidents, deans, and other University officials. The Mace is presented at the center of the stage while members of the platform party enter and take their places. Once the Mace is placed on the stand, it signals the beginning of the ceremony.

The Academic Gowns, Hoods and Regalia represent more than elegance or colorful attire. Academic caps and gowns continue a tradition which reaches far back into the early days of the oldest universities of the Middle Ages. The early European universities were founded by the church; the students, being clerics, were obliged to wear prescribed gowns and caps at all times. Caps and gowns were once common forms of clothing and were retained by the clergy when the laity adopted more modern dress. Though some universities here and abroad have other colors, the usual color for gowns in America is black. Hoods are lined with the official color of the college or university which conferred the degree. The velvet edging of the hood varies in length for bachelors, masters, and doctoral degrees. The color represents the appropriate degree. Mortar boards (caps) are usually black. The tassel for the Bachelor's and Master's degree may be of color distinctive to the degree, and the tassel for the doctoral degree may be made of gold thread. The gown and hood of the University Marshal were made specifically for University ceremonies in the official colors of national flag blue and white. The Processional Marshals wear blue velvet "beefeater" berets.

The Mace is presented at all academic ceremonies. In medieval times maces were weapons of warfare, but today a mace is "a staff borne by, or carried before, a magistrate or other dignitary as an ensign of his authority." It is the emblem and symbol of the President's authority to administer the University. This mace was first used at the Inauguration of President Homer D. Babbidge, Jr. on October 20, 1962. It was designed by Nathan Knobler, former head of the Department of Art. The University's early seal, executed in beautiful wood carving, appears on both faces. A penny dated 1881 is affixed to it, to commemorate the date of the University's founding.

The Baton, carried by the University Marshal, was specifically designed for ceremonial activities at The University of Connecticut and was first used at the Commencement in 1968. The Office of Marshal can also be traced back to the medieval period, and the Baton is a symbol of the Marshal's authority. This Baton has silver mountings and is surmounted by a representation of the University's former seal in enamel, which

itself incorporates the coat of arms of the State of Connecticut. The University Marshal, carrying the Baton, follows the Mace Bearer as she leads the academic procession into and out of the place of ceremony.

The Silver Collar/Medallion, worn by Susan Herbst, President, was first used in 1964, at the time of the University's Silver Anniversary. Each link on the collar represents one of the University's Schools or Colleges and consists of a cloisonné circle engraved with an appropriate design for the particular school and enameled with its traditional school or college colors. Hanging from the chain is a large silver medallion containing the University's early seal.

The Awarding of Degrees at the University of Connecticut is accomplished by a twofold process. First, the candidates for degrees of each respective school or college are presented by the University Marshal. The candidates proceed to the front, receive their diplomas, are congratulated by their administrative officers and return to their seats. The School or College Marshal then officially presents the candidates to the Dean who acknowledges the candidates and declares the appropriate degree. Second, when all candidates have been duly presented, the President of the University formally confers the appropriate degree. This is accomplished verbally at the time that she speaks the words:

"By virtue of the authority vested in me by the Trustees of The University of Connecticut, and in accordance with the procedures and regulations of the University, I confer upon you the Associate's Degree, appropriate Bachelor's Degree, Master's Degree, Juris Doctor, Doctor of Dental Medicine, Doctor of Medicine, Doctor of Musical Arts, Doctor of Nursing Practice, Doctor of Education, or Doctor of Philosophy for which you have been presented at this One Hundred and Thirty-Fifth Commencement of The University."

The Recessional of the officials and faculty is once again led by the Mace Bearer and University Marshal. The graduates, along with the audience, are requested to remain seated until the recessional is concluded.

---

*Out of respect and courtesy to all graduates, participants and guests  
are requested to remain in their seats until the ceremony is concluded.*

*The flowers displayed during the ceremonies are from the University's Plant Science Department greenhouses.*

## ACADEMIC HONORS

---

### *University Scholar*

The University Scholar designation is the highest scholastic honor at the University. The individualized undergraduate programs of these students, which in some cases include work toward a graduate degree, are supervised by faculty committees. Up to thirty students are selected as University Scholars in the junior year. Candidates for the University Scholar designation wear medals on gold and blue ribbons at the Commencement exercises.

### *Honors Scholar*

Honors Scholars are outstanding students who complete intensive two- or four-year programs, including Honors courses of unusual breadth and depth. Honors requirements include a senior thesis in the major field. Candidates for the Honors Scholar designation wear medals on blue and white ribbons at the Commencement exercises.

*Please Note: An asterisk (\*) after a graduate's name indicates that they are a candidate for dual degrees.*

## THE GRADUATE SCHOOL

---

The parenthetical indication of a conferral date following a degree recipient's name signifies confirmed completion of degree requirements. If no conferral date is indicated, completion of degree requirements could not be confirmed at press time. Conferral of a degree is contingent upon verification by the Graduate School that a student has completed all requirements.

### DOCTOR OF AUDIOLOGY

**Stephanie Marie Baj**  
**Kristin Elizabeth Geissler**  
**Heather H. Haversat**

**Jenna Elizabeth Hubbard**  
**April Laurel LaBelle**  
**Erin Elizabeth Lazar**

### DOCTOR OF PHYSICAL THERAPY

**Jackie Farren Balzer**  
**Maegen Brigid Brady**  
**Michael Roger Butler**  
**Judy Chan**  
**Abigail Jean Estabrook**  
**Kyle Matthew Gerber**  
**Abby Ilyce Gordon**  
**James Paul Heeren**  
**Heather Heye** (December 15, 2013)

**Leigh Kaplan**  
**Thomas Kassan**  
**Jesse Tyler Lang**  
**Elizabeth Ann Leslie**  
**Robert O. Pritchard**  
**Sterling Alexander Saint**  
**Akanith Soontararak** (August 24, 2013)  
**Nora Anne Therrien**  
**Benjamin Michael Wicki**

### DOCTOR OF EDUCATION

**Laine Marie Forcier**, in Educational Leadership  
*Major Advisor:* Casey D. Cobb  
*Doctoral Dissertation:* Influences on Implementation  
of a Middle School Reading Intervention Program

**Bridget Leah Heston**, in Educational Leadership (August 24, 2013)  
*Major Advisor:* Anysia P. Mayer  
*Doctoral Dissertation:* Coaching for Instructional  
Leadership: A Case Study of Executive Coaches and Principals

**Leanne Masterjoseph**, in Educational Leadership (December 15, 2013)  
*Major Advisor:* Anysia P. Mayer  
*Doctoral Dissertation:* Growing Female  
Superintendents in Connecticut: Diversity of Ideas to Address  
Complex Problems

### DOCTOR OF MUSICAL ARTS

**Rebecca Grimes**, in Music: Performance  
*Major Advisor:* Constance J. Rock  
*Doctoral Dissertation:* The Student of Voice and the  
French Baroque Aria: Practical Applications and an Annotated  
Anthology

**Thomas Allen Labadorf**, in Music: Performance  
*Major Advisor:* Richard Bass  
*Doctoral Dissertation:* A New Transcription and  
Performance Interpretation of J.S. Bach's Chromatic Fantasy  
BWV 903 for Unaccompanied Clarinet

**Lisa Anne Lynch**, in Music: Performance  
*Co-Major Advisors:* Peter M. Kaminsky and  
Constance J. Rock  
*Doctoral Dissertation:* Alban Berg's "Sieben frühe  
Lieder": A Musical Analysis and its Implications for  
Performance

**John Carlo Pierce**, in Music: Performance (August 24, 2013)  
*Major Advisor:* Constance J. Rock  
*Doctoral Dissertation:* Wölferl's Own Howl: Musical  
Characterization in the Rollengedichte of Hugo Wolf

**Jiyeon Yoon**, in Music: Performance  
*Co-Major Advisors:* Constance J. Rock and Glenn  
Stanley  
*Doctoral Dissertation:* The Secular Cantata and  
Johann Sebastian Bach's Compositional Innovations and World  
Views: A Look at the Coffee Cantata BWV 211 and the Peasant  
Cantata BWV 212

## DOCTOR OF NURSING PRACTICE

**Madge E. Buus-Frank**, in Nursing  
*Major Advisor:* Regina M. Cusson  
*Doctoral Dissertation:* Pilot Testing the Effectiveness and Durability of a Structured Curriculum for Newborn Resuscitation – Helping Babies Breathe – Using Telesimulation

**Mary Ellen Castro**, in Nursing  
*Major Advisor:* Denise M. Panosky  
*Doctoral Dissertation:* Diabetes Screening in Inmates: A Quality Improvement Pilot Project

**Sarah Faith Knoeckel**, in Nursing  
*Major Advisor:* Thomas J. Van Hoof  
*Doctoral Dissertation:* Improving Provider Identification and Management of Overweight and Obesity in Primary Care

**Petronella J. Stoltz**, in Nursing (August 24, 2013)  
*Major Advisor:* Sandra L. Bellini  
*Doctoral Dissertation:* The J Tip Needleless System versus Standard of Care for Venipuncture: Comparison of Procedural Fear and Pain in Pediatric Patients

## DOCTOR OF PHILOSOPHY

**Shayan Ahmadian**, in Mechanical Engineering: Applied Mechanics  
*Major Advisor:* Eric H. Jordan  
*Doctoral Dissertation:* Life Prediction for APS and EB-PVD Thermal Barrier Coatings: Experimental and Predictive Modeling

**Mustafa Bilal Akbulut**, in Electrical Engineering: Electronics and Photonics  
*Major Advisor:* Ali Gokirmak  
*Doctoral Dissertation:* Narrow Channel Accumulated Body MOSFETs: Design, Modeling and Experimental Verification

**Manal Hasan Abdullah Al-Bzoor**, in Computer Science and Engineering  
*Co-Major Advisors:* Reda A. Ammar and Jun-Hong Cui  
*Doctoral Dissertation:* Adaptive Power Controlled Techniques for Routing and Sink Redeployment in Underwater Sensors

**Diana Marcela Alejo**, in Animal Science  
*Major Advisor:* Lawrence K. Silbart  
*Doctoral Dissertation:* Evaluation of the Efficacy of Mucosal Adjuvants to Enhance Local and Systemic Immune Response to Adenovirus Vectored Foot-and-Mouth Disease Virus (FMDV)

**Fahad Abdullah Alhashmi Alamer**, in Physics (December 15, 2013)  
*Major Advisor:* Gregory A. Sotzing  
*Doctoral Dissertation:* Utilizing Diffusion & Temperature as a Means of Band-Gap Modulation for Conjugated Polymers

**Umar Salman M. Alqasemi**, in Biomedical Engineering (August 24, 2013)  
*Major Advisor:* Qing Zhu  
*Doctoral Dissertation:* Combining Ultrasound and Photoacoustic Imaging for Improving the Diagnosis of Cancer

**Ami Rebecca Amini**, in Biomedical Science: Skeletal, Craniofacial, and Oral Biology  
*Major Advisor:* Cato T. Laurencin  
*Doctoral Dissertation:* Optimal Biodegradable Scaffolds and Progenitor Cells for Effective Bone Regeneration

**Ashley Ali Amini**, in Biomedical Science: Skeletal, Craniofacial, and Oral Biology  
*Major Advisor:* Lakshmi Sreedharan Nair  
*Doctoral Dissertation:* Evaluation of Recombinant Human Lactoferrin as an Osteogenic Biomaterial

**Jason R. Anastas**, in Psychology: Developmental (August 24, 2013)  
*Major Advisor:* James A. Dixon  
*Doctoral Dissertation:* Individual Differences on Multi-scale Measures of Executive Function

**Catherine Julia Andersen**, in Nutritional Science (August 24, 2013)  
*Major Advisor:* Maria-Luz Fernandez  
*Doctoral Dissertation:* Dietary Modulation of the Dynamics between Leukocyte Inflammation, Cholesterol Flux, and HDL Function in Metabolic Syndrome

**Jenna Mae Apicella**, in Kinesiology: Exercise Science  
*Major Advisor:* Carl M. Maresh  
*Doctoral Dissertation:* Characterization of Muscle Fiber Type, Satellite Cell, and Early Immune Mediated Skeletal Muscle Repair in Elite Endurance Athletes on Low Carbohydrate versus High Carbohydrate Diets

**Iskandar Aditya Arifin**, in Business Administration: Finance (August 24, 2013)  
*Major Advisor:* Carmelo Giaccotto  
*Doctoral Dissertation:* Three Essays on Equity REITs Cost of Capital

**Luke Fischer Autry**, in Materials Science and Engineering (August 24, 2013)  
*Major Advisor:* Harris L. Marcus  
*Doctoral Dissertation:* On the Inhibition of Metal Transfer by Ion Implantation

**Ismahile Ba Boukari**, in Economics  
*Major Advisor:* Christian M. Zimmermann  
*Doctoral Dissertation:* Analysis of Welfare and Wealth Inequality in a Money Search Model

**Charlotte Bidwell Bacon**, in Animal Science (December 15, 2013)  
*Major Advisor:* Thomas A. Hoagland  
*Doctoral Dissertation:* PF2alpha and PGE2 Their Effects on Cell Respiration and Steroidogenesis in the Bovine Corpus Luteum

**Louisa Kimball Baker**, in Human Development and Family Studies (August 24, 2013)

*Major Advisor:* Sandra A. Rigazio-Digilio

*Doctoral Dissertation:* Perceptions and Practices in MFT Educational Reform

**Alex Baldenko**, in Mathematics (December 15, 2013)

*Major Advisor:* Maria Gordina

*Doctoral Dissertation:* The Top Lyapunov Exponent of Symplectic Stochastic Differential Equations: Theory and Numerics

**Archita Banik**, in Economics (August 24, 2013)

*Major Advisor:* Dennis R. Heffley

*Doctoral Dissertation:* Three Essays on Health Economics

**Eddy Johana Bautista**, in Chemical Engineering

*Major Advisor:* Ranjan Srivastava

*Doctoral Dissertation:* Understanding the Impact of Iron Availability on *Bacillus anthracis* Metabolism

**Jessica Lee Bean**, in Psychology: Clinical (August 24, 2013)

*Major Advisor:* Inge-Marie Eigsti

*Doctoral Dissertation:* Attentional Contributions to Social Cognition and Social Behaviors: Implications for Autism Spectrum Disorder and Attention-Deficit/Hyperactivity Disorder

**Akeisha Marica Tamara Belgrave**, in Biomedical Science: Cell Analysis and Modeling Concentration (December 15, 2013)

*Major Advisor:* Charles W. Wolgemuth

*Doctoral Dissertation:* A Mechanochemical Study into the Growth and Shape Maintenance of Rod-shaped Bacteria

**Cheryl Lakeysha Bell**, in Genetics and Genomics

*Major Advisor:* Rachel J. O'Neill

*Doctoral Dissertation:* The Effect of Topical Estriol on Human Inner Foreskin

**Eric Raczka Bernstein**, in Electrical Engineering:

Information, Communication, Decision, and Biosystems (December 15, 2013)

*Major Advisor:* Anthony J. Brammer

*Doctoral Dissertation:* Development of a Delayless Subband Active Noise Reduction Hearing Protector for Improvement of Speech Intelligibility and Detection of Auditory Warning Signals

**Seyed Amirreza Beyabanaki**, in Environmental Engineering

*Major Advisor:* Amvrossios C. Bagtzoglou

*Doctoral Dissertation:* Modeling Landslides by using the DDA and a New Combined Hydrology and Stability Model

**Jessica Dautz Bihuniak**, in Nutritional Science (May 10, 2014)

*Major Advisor:* Jane E. Kerstetter

*Doctoral Dissertation:* Mechanisms of Dietary Protein-Induced Changes in Calcium Absorption Efficiency

**Jennifer Bailey Bisson**, in Psychology: Developmental (August 24, 2013)

*Major Advisor:* James A. Green

*Doctoral Dissertation:* The Development of Emotion Understanding in Preschoolers

**Mario Pasquale Bochiechio**, in Materials Science and Engineering

*Major Advisor:* Eric H. Jordan

*Doctoral Dissertation:* Thermal Barrier Coatings for Aggressive Thermal Environments

**Erin Michelle Boisvert**, in Biomedical Science: Genetics and Developmental Biology (December 15, 2013)

*Major Advisor:* Xuejun Li

*Doctoral Dissertation:* The Specification and Maturation of Cortical and Nociceptive Neurons from Embryonic Stem Cells

**Robert Allen Booth**, in Anthropology

*Major Advisor:* Richard A. Wilson

*Doctoral Dissertation:* National Identity at the Margins of Europe: History, Affect and Museums in Slovenia

**James L. Bosse**, in Materials Science and Engineering

*Major Advisor:* Bryan Huey

*Doctoral Dissertation:* Investigation of Crystallization Kinetics of Chalcogenide Based Phase Change Memory Films by Atomic Force Microscopy

**Nathalie Boucher**, in Genetics and Genomics

*Major Advisor:* Kenneth M. Noll

*Doctoral Dissertation:* Substrate Adaptability of Periplasmic Substrate-Binding Proteins as a Function of their Evolutionary Histories

**Vanessa Kristel Schmidt Boukili**, in Ecology and

Evolutionary Biology: Plant Ecology (December 15, 2013)

*Major Advisor:* Robin L. Chazdon

*Doctoral Dissertation:* A Functional Trait Approach to Understanding Natural Regeneration and Restoration of Neotropical Forests

**Jennifer Anne Boyko**, in Statistics (August 24, 2013)

*Major Advisor:* Ofer Harel

*Doctoral Dissertation:* Handling Data with Three Types of Missing Values

**Carrie Briere**, in Nursing

*Major Advisor:* Regina Cusson

*Doctoral Dissertation:* Initiation of Oral Feeding, and Protection and Promotion of Breastfeeding with Premature Infants in the Neonatal Intensive Care Unit

**Lauren Sarah Broder**, in Psychology: Developmental (December 15, 2013)

*Major Advisor:* James A. Green

*Doctoral Dissertation:* Individual Differences in Toddlers' Temper Tantrums: The Role of Language and Self-Regulation

**James Matthew Brooks**, in Microbiology (August 24, 2013)

## ARMED SERVICES COMMISSION

---

*Each year, the President of the United States, through the Secretary of Defense, grants commissions to Connecticut students in the Regular Service and in the Reserve Components.*

### AIR FORCE RESERVE OFFICER TRAINING CORPS

**The following have received a commission through the Air Force ROTC program  
at the University of Connecticut**

DENIS ABRAMOV  
*University of Connecticut  
Logistics Readiness Officer*

TYLER BRIN  
*University of Connecticut  
Force Support Officer*

MARC CHALE  
*University of Connecticut  
Air Battle Manager*

CAROLINE ORSI  
*University of Connecticut  
Airfield Operations Officer*

SARAH PESCHET  
*University of Connecticut  
Combat Systems Officer*

JOHN PHINNEY  
*University of Connecticut  
Acquisitions Officer*

DANIEL RAY  
*Central Connecticut State University  
Pilot*

LUKE SANTOSTEFANO  
*University of Connecticut  
Intelligence Officer*

ALEXANDER SEWERSKY  
*University of Connecticut  
Nurse*

ALEXA THOMSEN  
*University of Connecticut  
Air Battle Manager*

JOSHUA VADEN  
*University of Hartford  
Cyber Officer*

### ARMY RESERVE OFFICER TRAINING CORPS

**Second Lieutenants, Active Duty, National Guard, U.S. Army Reserve**

SHANEKA N. ASHMAN  
*Central Connecticut State University  
Transportation Corps*

CHRISTOPHER A. CLEMENT  
*University of New Haven  
Armor*

JAKE M. CROCCO  
*University of Connecticut  
Infantry*

HAYDEN B. DORFMAN  
*University of New Haven  
Military Police*

DAVOR DUJMOVIC  
*University of Connecticut  
Infantry*

\*\*MICHAEL P. DURANTE  
*University of New Haven  
Military Intelligence*

PAUL M. EMMI  
*University of New Haven  
Aviation*

WILLIAM R. ERNST  
*University of Connecticut  
Medical Services*

SEAN A. HEALD  
*Central Connecticut State University  
Signal Corps*

MICHAEL J. HEDDY  
*University of New Haven  
Air Defense Artillery*

COLIN A. MACGREGOR  
*University of Connecticut  
Quartermaster Corps*

SEAN M. MARREN  
*University of Connecticut  
Medical Services*

\*\*MEGAN S. MEIER  
*Quinnipiac University  
Army Nurse Corps*

MATTHEW T. RAVERT  
*University of Connecticut  
Signal Corps*

\*\*JOHN F. ROSSI  
*University of Connecticut  
Armor*

VICTORIA M. ROSSI  
*University of New Haven  
Military Intelligence Corps*

SELMAN TEMEL  
*University of Connecticut

The official seal of the University of Connecticut depicts the ancient and mighty oak. Beautiful and sacred, the venerable oak symbolizes wisdom, longevity and hospitality. To Aristotle, the oak represented human potential.

The oak holds a special place in Connecticut's history. In a time long before statehood, the Connecticut colony's self-governing status was guaranteed by a charter issued by King Charles II of England. When, in 1687, his successor King James II attempted to reinstate the monarchy's authority, the Crown's emissary's efforts were foiled as the Royal Charter was secretly spirited to a temporary hiding place—a majestic oak in Hartford, forever after known as the Charter Oak. The oak became a symbol of freedom worldwide.

The oak has unique meaning for the University as well. In 1884, the commencement exercises of the second graduating

class of the Storrs Agricultural School were held in an oak grove on the Storrs campus. This grove, long a favorite gathering place for a variety of open-air meetings, served as the spiritual home to the growing community of scholars.

The University of Connecticut's graphic interpretation of the oak is a stylized synthesis of two acorns and three oak leaves, representing maturation, intellect and moral strength. The seal is the symbol of a large and diverse institution; it is used by all of the University's schools, colleges, regional campuses, professional schools and UConn Health. It communicates the broader mission of the University as a center for the pursuit, the creation, and the sharing of knowledge. The University of Connecticut, like the mighty oak, is rooted in a proud past and reaches toward a limitless future.
