Football.

Before a crowd of 3000 and in the presence of President Butler, Columbia beat our team in a very rough game, that was featured only by a fifty-one-yard run by McCarthy who intercepted a forward pass and ran for our touchdown.

The Columbia team played an open game and their two touchdowns came as a result of long forward passes that our team were unable to break up. Cochran, Columbia's star halfback, was carried from the field, having sustained a fractured ankle that will keep him out of the game for the rest of the season.

Touchdowns, Simmonds, McCarthy, Simmonds.

The line-up:

Columbia		C. A. C.
Calder	LE	James
Donaldson	LT	St. Clair
Kenedy	LG	Neumarker
Brown	C	Persky
Cleveland	RG	Hale
Wilbur	RT	Miller
Buermeyer	RE	Davis
Miller	QB	Renahan
Simmonds	LH	Murdock
Cochran	RH	Anderson
Munroe	FB	Crowley

Columbia..... 7 7 0 3—17
C. A. C..... 0 0 6 0—6

In the last game of the season our team lost to the fast Boston College team on Storrs Field by a margin of one point. The team was playing its best in this game, and gave the visiting team a surprise, as they were only beaten by Georgetown this season, and expected to run up a big score.

By the non-appearance of the referee and umpire, the coaches of the respective teams officiated and added a special attraction to the game, which seemed to give the teams extra fighting spirit. Coach Donahue must be given a great deal of credit for the manner in which he officiated and upheld our rights for a fair and clean game.

Our boys showed wonderful team work and Boston College had to fight for every yard of ground they gained. Anderson and Crowley in the backfield, and Persky, Allen and Neumarker on the line, played a star game.

Score:

Boston College..... 7 0 0 0—7
C. A. C..... 0 0 0 6—6

The line-up:

Boston College		C. A. C.

The Freshman-Sophomore game was played on Storrs Field Nov. 20, and

resulted in a victory for the freshmen, the score being 10-0. The touchdown was scored by a trick play in which the big freshman tackle, Hale, came around left end and crossed the line. Hopwood's kicking raised the score, although but one of his three attempts for a field goal was successful.

The advisory board has granted "C's" for work in football to twenty men, a number considerably larger than usual. The men are, Renahan, '16, Captain Miller, '16, Crowley, '16, Persky, '16, Allen, '16, James, '16, McDonald, '16, Anderson, '16s, Harris, '17, Newmarker, '17, Ryan, '18, Clark, '18, Dewolf, Hale, H. L., '19, Davis, '19, Murdock, '17s, Hopwood, '19, Green, '16s, Butler, '16s, McCarthy, '17s, and Manager Hill, '16.

Scheduled as a feature event for the Football Hop guests, the First Annual Cross-Country Run took place just previous to the football game. The contestants lined up at 1.45 in front of the grandstand and after taking one lap around the track, ran over the rough 3-mile course and finished by a fast quarter-mile run around the track.

The first five men to finish were: Fellows, '16, Horton, '16, Brown, '18, Mason, '19, and Ely, '19. Time, 19 min., 58 sec.

Team scores:

1—1916.....	47
2—1919.....	42
3—1916.....	29
4—1917.....	18
5—1918.....	17

In appreciation of the hard work by Head Coach Donahue and Coach Warner, the members of the football squad presented them with gold watch fobs with C. A. C. designs upon them. Much credit is due to them for their hard and consistent efforts throughout the season.

In a rather exciting game on a slippery field, the School of Ag. Freshmen beat the College Freshmen by the close score of 13-12. McCarthy, Murdock, and Rincones, for the School, and Hopwood and Davis, for the College, played the best game. The feature of the game was the two long runs by McCarthy, the Celtic halfback, that virtually won the game for the school team.

In an open game the First year school of Ag. men held the strong second year school team to a score of 12-0. The outcome of the game was never in doubt, as the seniors had a combination of strong players, such as Anderson, Green, Charter, and Butler, in their line-up, while McCarthy, Murdock, and Rincones, did the heavy work for the freshmen. Anderson made many long runs that resulted in two touchdowns for his team.

Football Hop.

The Football Hop was a distinct success, socially and financially. On the evening of November 13, the dance held forth in Hawley Armory and about forty couples assembled there to make it what it was, and the atmosphere that prevailed that evening can only be described by comparing it to the Junior Prom. of last year. Terpsichore was king, and his subjects tripped the light fantastic through a program of twenty dances.

The Armory was effectively decorated with fixings appropriate to the season. The running track was draped with blue bunting and faced with white streamers, and by means of these the unfinished ends were cleverly concealed. The fact that the orchestra was practically concealed from view on the dias in the center of the floor by the tall palms which surrounded it, together with the coziness of the boxes, gave the affair a distinctly Bohemian aspect. College pennants were in prominence, and formed the greater part of the decoration for the boxes. Refreshments were served during the intermission.

The doubt in the minds of some of the men on the hill as to the advisability of holding a college dance at this season of the year, especially if it was formal, has been disproved. The present instance vouches for the popularity of the Football Hop by the manner in which it brought out the undergraduates and alumni alike. R. I. Henry, chairman of the committee, finds there is a balance to the good, in spite of predictions to the contrary.

To intensify the social aspect of the week-end of November 12-14, the Entertainment Committee engaged the Harvard Quartet to hold a concert on the campus on the evening of Friday, the 12th.

The concert was well attended, and really merited support. The program was well selected, rendered and appreciated. The quartet was assisted by Miss Ada Phillips, as reader, and her recitations met with the favor of all present.

The program was as follows:

Alumni Attention.

It will be the policy of the *Campus*, so far as is practical, to print the Alumni Notes by classes. For this reason all are requested to send notes and notices for publication to Walter T. Clark, Alumni Editor, who will classify them for printing. An Alumni Department is never successful unless all cooperate to make it so. If each and every one of the Alumni will do his best this feature of the *Campus* will be a success.

Alumni Notes.

'08—Mr. and Mrs. Herbert A. Gillette have just passed their fourth year at High Ridge Farm, Winsted, with Mr. Gillette as Farm Superintendent.

N. I. Smith is managing a farm in North Hartland, his wife, nee Miss Sarah Treadwell, and their young daughter are his ready assistants.

'09—"Charlie" Pierpont is the happy possessor of a daughter, Marjory Gilbrith, born on September 6.

'12—Mr. R. J. Whitham, is official tester of the Connecticut Herd Improvement Association No. 1 around Hartford County.

At a recent birthday party given by Earle H. Nodine, '15, Manager of Rest-a-While Farm, Watertown, Conn., the following former students were present: Wm. Langdon, '15; Erskine H. Geer, '15; Wm. Reichenbach, '14s; Walter Bates, '15s; Raymond Black, '15s; and Wilford Wright, '16s.

'12—Mr. and Mrs. Nelson H. White are situated in Winsted, where Nelson has shown ability in working Highland Lake Farm for a New York owner. Mrs. White was Gladys Flaherty, the star of 1912.

'12—Mr. and Mrs. C. G. Crocker are the proud parents of a son, Edwin Gilbert, born July 11. "Hooky" will be remembered as a charter member of Sigma Alpha Phi. The family is located at East Farms, Waterbury, where he has successfully managed a truck and poultry farm since April of this year. Mrs. Crocker was formerly Eunice Wood, ex-'13.

"THE COLLEGE."

EDITORIAL.

Trouble has at last arisen, as we knew it would, over the enforcement of the rules for underclassmen. In a state institution, such as ours is, there can be no intimidation of new men, or hazing as it is more commonly called, without the offenders incurring punishment from no other than the state authorities. In a private institution conditions are different, and all such cases rarely go beyond the college authorities.

We are up here for the avowed purpose of getting an education, and yet a few persist in believing that the college life of any man is nothing less than a good time in which one passes from the condition of a fag to that of an all-powerful King Cole, and attempt to put their beliefs into practise.

And yet it is admitted that a few rules for the conduct of new men on the Hill are almost a necessity. Then let the student body as a whole take up this matter, and with the approval of the Faculty, provide rules to the following effects. Freshman caps of a decent shape and color shall be sold at a reasonable price to all new-comers. All college activities shall be supported to as great an extent as possible. Due respect must be shown to Faculty and upperclassmen, and all reasonable demands promptly responded to. A limit to the flashiness of attire may be set. Freshmen may be required to take no short cuts and not to smoke while outside of their rooms. And last and perhaps most important of all, the Sophomores shall be allowed to enforce the rules in a firm but gentlemanly way.

Next year, then, let us receive the new men with open arms and transform them as quickly and politely as we can into loyal Connecticut men. We may be assured that the Faculty will meet us half-way, and we need have but an impartial view to perceive the benefits that will result.

SECOND ANNUAL CORN AND FRUIT SHOW.

The Agricultural Club of the College holds its second annual corn and fruit show December 3 in the Hawley Armory. The big feature is the judging contest open to all students and to the winner of which a fine silver cup is offered. Premiums are offered in all classes of medals and ribbons with cups for the sweepstakes in each division. From 9 to 11, an Old Fashioned Barn Dance is advertised and promises to be a big feature.

The classes are for corn, grain, potatoes, pumpkins and squash, and apples. The divisions provide for selected and home-grown specimens. Special classes are arranged for, and the Home Economics and Greenhouse Management classes will exhibit. The show last year was a pronounced success and the committee in charge, Rice, '16, chairman; Minor, '16, Smith, '17, Horne, '18, Hale, T. H., '19, Many, '16s, and Seofield, '17s, promise that this year will far surpass in both the exhibits and features.

IN MEMORIAM.

The Better Way.

A worthy acknowledgment of the better way to do dairy cleaning is found in the recognition given

by Dairy Colleges and Dairy Authorities.

Almost to the man, State Dairy Authorities and Inspectors advise the use of this special dairy cleanser.

The better way, made possible by the sanitary cleaning ingredients of Wyandotte Dairyman's Cleaner and Cleanser, meets the approval of 85 per cent. of all butter and cheesemakers. Hundreds of dairymen, milk dealers, and creamery patrons likewise approve of the better way for they, too, depend upon "Wyandotte" for their dairy cleanliness.

If you are not acquainted with the better way, why not ask your dealer or write your supply man for Wyandotte Dairyman's Cleaner and Cleanser. They will gladly supply you with the understanding that it will prove to be all that is claimed for it. Otherwise the trial will cost you nothing.

LOOK BEFORE YOU LEAP.

The following is an extract from the Rhode Island State *Beacon* and is a portion of a letter to the Editor of the paper from the Secretary of the Rhode Island Club of New York City.

" * * * * When the writer was in college the football schedule consisted of games with Storrs (Connecticut Agricultural College), East Greenwich Academy, Bulkeley High School, and usually a game or two with some Church team from Providence. Is that the kind of a schedule you fellows want

to go back to just for the sake of winning? The last time we played Storrs we defeated them so overwhelmingly that it was decided to drop them; we wanted bigger game. And now we are going to take them on again. Unless they have made greater progress than we give them credit for, athletics at Rhode Island have taken a long step backward by this move."

"Better lose every game and play with colleges in good standing than to win all from secondary schools. Better to lose with credit and honor than to win without well-earned glory."

How about it, Mr. Drummond?

The Survival of the Fittest

Tried in the Furnace of competition and subjected to the test of years of practical use on nearly 2,000,000 farms the world over, the De Laval has proved its overwhelming superiority to all other cream separators.

Twenty Years Ago there were as many makes of factory as of farm separators, but for the past ten years the De Laval has had this field almost to itself, 98 per cent. of the cream separators in use by creamerymen and market milk dealers today being the of De Laval make.

It has Taken the Inexperienced farmer a little longer to sort the true from the untrue, the wheat from the chaff, in the maze of conflictory catalog and local dealer separator claims, but year by

year the ever-increasing proportion of farm separator buyers is reaching the same conclusion as the creameryman—that the De Laval is the only cream separator they can afford to buy or use.

Many Other Cream Separators have come into the lime-light of publicity for a few short months or a few short years, claiming to be "as good as" or "cheaper" than the De Laval, but their users have sooner or later found them lacking in some one respect or another, and even where a few have seemingly done well, their users have come to learn that the De Laval was a still better machine.

The Unfit or the Less Fit cannot possibly survive for long in separators or anything else. Think of all the separators you used to see advertised so extravagantly in your favorite farm papers. Where are they now? Why do you seldom, if at all, see their names mentioned? Simply because the fittest must survive and the others must fall out of the race.

The De Laval has Triumphed over all other separators, and its supremacy is now almost as firmly established in farm as in factory separators because its separating system, design and construction are essentially different from and superior to other separators.

A De Laval Catalog, to be had for the asking, tells more fully why the De Laval is the most economical cream separator, or the nearest local De Laval agent will be glad to explain this and many other points of De Laval superiority. If you don't know the nearest local agent, simply write the nearest De Laval main office as below.

International Harvester Oil Engines—Mogul—Titan

WHY buy an International Harvester engine? To stop the hours of back-breaking labor over a saw buck. To save the hours spent pumping water for thirsty stock. To save the wife the labor of washing, churning and cream separating. To make the farm a pleasanter place for yourself, your wife and your boys and girls.

And, if these are not reason enough—to save money. Considering the amount of hard work it will do, and the time it saves, an International Harvester engine is just about the best money maker on an American farm. Write to us for our books that tell what an engine will do, what it costs, and why it will pay you to buy our engine in the right size and style.

Or, your local dealer may sell International Harvester engines. See him, and ask him to show you one—a Mogul or a Titan, from 1 to 50-H. P. If he don't sell them write to us and we'll tell you who does handle them. You can't go wrong when you buy an International Harvester engine.
