THE CONNECTICUT CAMPUS

Connecticut and New Hampshire Meet in Fifth Annual Game Today

VOL. VII

STORRS CONNECTICUT, SATURDAY OCTOBER 23, 1920

NO. 4

POLITICAL PARTIES HERE TO STAGE STRAW VOTE

REGISTRATION OF VOTERS
WILL BE MADE

Be Ready to Uphold Your Party

Representatives of the Republican Club and the Cox-Roosevelt Club have agreed on Wednesday, October 30, from 11 o'clock A.M. to 12:30 o'clock P.M. as the time for the customary straw vote on the national and state candidates who come up for election on November 2. This is made possible because there will be no college assembly on that date, and the armory can be used as a polling place.

Students, members of the faculty, stenographers and all persons living in the community are eligible to cast a ballot in this test election, and it is the earnest desire of the local party leaders that all will do so. The ballot box will be placed in the English lecture room in the armory and absolute privacy will be given to the voter. The voters will enter the armory by the north door and wait their turn in line on the basketball floor, entering the English room from the armory proper. As each voter enters the poll his name will be registered and he will retire into the hallway after he has cast his ballot.

The ballots will be printed in the same style as the customary town ballot and will have national and state candidates from the two major parties on them. Newton Alexander has been chosen moderator and checkers and counters will be appointed later by the heads of the two political clubs. Everett D. Dow, president of the Republican Club and Herbert B. Webb, leader of the Democrats will register the voters. The results of the balloting will be announced at 5 o'clock Wednesday night on the "Campus" bulletin board.

The candidates for election are as follows:

REPUBLICAN	DEMOCRATIC
PRESIDENT	
Warren G. Harding	James M. Cox
VICE-PRESIDENT	
Calvin Coolidge	Franklin D. Roosevelt
U. S. SENATOR	
F. B. Brandegee	Augustine Lonergan
GOVERNOR	
Everett J. Lake	Rollin U. Tyler
CONGRESS SECOND DISTRICT	
Richard P. Freeman	Thos. R. Murray
STATE SENATE 35TH DIST.	
William H. Hall	William S. Ellis

FIRST YEAR MEN APPEAR FOR SCHOOL OF AG.

COURSE WILL EXTEND
OVER TWENTY WEEKS

No Diplomas to Graduates

Without much blowing of trumpets or beating of drums twenty-five new men slipped quietly into the life of C. A. C. Thursday and began their college life as first year students of the School of Agriculture, twenty week course.

This is the first class to which no diploma will be granted upon the completion of the course, other classes having been required to spend a collegiate year upon their subjects. The twenty week course was adopted to accommodate men now working on farms and desiring a practical short course in the fundamentals of agriculture. The opening and closing dates of the school are arranged to allow the men to finish up their fall work and to be out in time for spring work.

That the plan is being utilized is shown by the fact that all of the men have had at least one year's farm experience, in one instance three men coming from the same farm. The personell of the school is:

Abruzzi, J. W., New Haven
Boynton, K., Cheshire
Bunnell, R., East Hartford
Barton, W. G., Waterville
Clark, G. B., Prospect
Davis, E. B., Stafford
Donohue, T. F., Hartford
Dunklee, L., Middletown
Hamlin, E., Sharon
Erwin, P., New Milford
Gillete, W. N., Collinsville
Greene, G., South Manchester
Hawker, C. R., Hampton
Holdridge, Ledyard
Kirk, H. W., Hamden
Lilley, T. R., Stamford
Newbury, F., Torrington
Schilcher, J. P., New Canaan
Sherman, K. W., Long Hill
Standish, C. B., Bridgeport
Walsh, H., Bridgeport
Ways, H. M. L., Hartford
Wells, H. S., Shelton
Wells, F. C., Stamford

INSTRUCTION TO VOTERS

A meeting will be held in the Armory on Friday, October 29, at 8:00 P.M., to explain to new voters, and others interested, the technical details of how to prepare and deposit a ballot. Two members of the faculty will have charge of the meeting.

ALUMNI ASSOCIATION HAS NEW OFFICERS

CONSTITUTIONAL CHANGES
MADE LAST YEAR

Plans Started for Memorial Building

In order to refresh the mind of alumni who were present and to acquaint those who were unable to attend, a few excerpts from the annual meeting of the C. A. C. Alumni Association, which was held at Storrs on June 15, 1920, have been prepared for publication by the Campus.

The Alumni Athletic Committee reported that an effort would be made to sell each member one five dollar ticket, admitting him to all games throughout the college year and that each member should endeavor to sell an additional ticket to some other interested person at the same price and entitling him to the same privileges. Hitherto active membership in the Association has been limited to graduates of the College only. At this meeting it was voted that active membership be extended to include all graduates of the School of Agriculture and all former students in the College or School. It was voted that the executive committee should endeavor to secure full membership during the coming college year.

An informal ballot showed that Saturday was favored as Commencement Day and that class reunions should be held at that time. Measures were adopted furthering the plan of erecting a memorial building for the college and state in honor of those students and alumni who served in the world war. It was also voted to hold a mid-winter banquet this year and Mr. George H. Hollister of Hartford was appointed to be in charge.

R. J. Averill of Washington, Conn., was re-elected to the Presidency. T. H. Desmond of Simsbury, M. E. Pierpont of Waterbury, and S. M. Crowell were chosen vice-presidents. Professor John N. Fitts was elected as secretary and Professor Charles A. Wheeler as treasurer.

STUDENTS CHEER COX IN WILLIMANTIC

The College was well represented in Willimantic last Wednesday when Governor Cox delivered an address there. Approximately seventy-five students and faculty were present.

When the truck from Storrs Garage entered Willimantic with about forty enthusiastic young voters, everyone knew it. The college yells with a

DAIRY TEAM RETURNS FROM CHICAGO

NEW ENGLANDERS DIS-
LIKE THE WINDY CITY

Speak Well of National

The Dairy Judging Team returned from Chicago last Friday after an absence of eleven days.

While in Chicago the team spent several days in going through the exhibits. Our men visited the Beatrice Creamery, the largest centralized plant of its kind in the United States; the Union Stock Yards; Swift Packing Plant; the Packing Company of Libby-McNeil & Libby and several small milk condensing plants.

On Monday evening, October 11, the Judging Team attended the annual banquet of the Guernsey Breeders' Association as guests of Mr. Scoville, a prominent Guernsey breeder of the State and a trustee of the College.

The first lap of the homeward journey was made Wednesday morning when the party left Chicago for Detroit. From there they traveled to Buffalo by boat and while in that city, motored to Niagara Falls and Canada.

The members of the team were well pleased with the journey. All agree that the National Dairy Show far exceeds any agricultural exhibit of its kind in the country. Not one of the party speak well of Chicago. Apparently it is a city where courtesy is unknown.

Mr. Scoville, Mr. A. V. Bames and Mr. Sturhol, cattle breeders of the State, made it possible for Connecticut to be represented at the National Dairy Show this year.

JUNIOR CLASS ELECTS FOR NUTMEG

At a recent meeting of the Junior Class, R. H. Mathewson was elected Editor-in-Chief of the College Yearbook, the Nutmeg, which is put on each year by the Junior Class. H. Webb was elected Business Manager. Mr. Mathewson is Managing Editor of the Campus and has been interested in student publication work the three years of his college life.

Mr. Webb has been an exceptionally good man in almost every branch of student activity. Dramatics has been his forte and he is a member of Theta Alpha Phi. He has also attained the position of Assistant Business Manager on the Campus and has done a great deal for the Glee Club.

New Hampshire and Connecticut Meet Today

SPORTS

Seniors Win in Interclass Series

AGGIES TACKLE NEW HAMPSHIRE TODAY

TODAY'S GAME IS TOUGHEST GAME ON SCHEDULE

Alexander to Play End

The Aggies face the hardest game of the schedule this afternoon when they run out on the Gardner Dow Field to play the New Hampshire State eleven. This will be the fifth time that Connecticut has played the northern team and although we have yet to win, the Blue and White is confident that it can come through today.

From scores gleaned from Sunday papers, it is figured that the New Hampshire eleven is not up to the standard of former years and neither do the scores indicate that the visitors have much of an edge on the Nutmeggers, so if the team comes out and plays its best there are large possibilities that a trophy will be added to the case in the armory.

The team that takes the field this afternoon will probably be the same as that of last week with the exception that Alexander will be found in Sneidman's place at right end. Sickler of last year's eleven who reported this week will be in uniform but will probably not get into the game. It is hoped that by next week he will be able to get into the lineup because the Blue and White is sadly lacking in punters and his long twisting spirals would be a great help.

The probable lineup for today's game is; Ends, Boas and Alexander; Tackles, Capt. Mitchell and Clark; Guards, Ashman and Hajosy; Center, Graf; Quarterback, Baxter; Halfbacks, Maier and Ricketts; Fullback, Daly.

VARSITY DROPS FIRST HOME GAME TO LOWELL

UNABLE TO PUT ONE OVER ON VISITORS

Forward Pass Proves Undoing of Blue and White

In the first home game of the season last Saturday, Connecticut was again defeated by the Lowell Textile eleven by a score of 7 to 0. A forward pass by Lowell in the second quarter brought the ball to our 5-yard line and the opposing team carried it across for a touchdown. The goal was kicked.

The Game

Ricketts received the kickoff and was downed on Connecticut's 25-yard line. The Aggie gained 5 yards on a line plunge but an end run lost 8 yards, forcing Mitchell to punt. The Aggies were penalized 5 yards for being off-side. The Lowell team could not gain and punted to Daly. A 5 yard penalty for Lowell gave Connecticut first down. Daly made 8 yards thru the line and by line plunging the Connecticut players advanced the ball to Lowell's 38-yard line where they lost it. A forward pass by Lowell was incomplete and they punted, the ball going off-side on Connecticut's 37-yard line.

Second Quarter

Connecticut lost 5 yards on an end run and Mitchell tried to punt. The kick was blocked but Ricketts recovered the ball on his 37-yard line. Baxter ran around left end for 6 yards. Four tries through the line were of no use and the pigskin went to Lowell on the Aggies 55-yard line. The Textile team tried a forward pass which was not completed and Connecticut was penalized 5 yards for being off-side. Another forward pass was attempted but was spoiled by Daly. A line plunge made it first down for Lowell. An end run was smeared by Mitchell losing 3 yards for Lowell, who then completed a forward pass gaining 13 yards. Lowell tried a drop kick from the 20 yard line but it went wide. The ball was put in play on the 20-yd. line. Mitchell punted, the Lowell player being downed in the center of the field. Lowell gained 35 yards on a forward pass and line plunges pushed the ball over Connecticut's line. Lowell kicked the goal.

On the kickoff Ricketts took the ball to his 37-yard line. Mitchell punted to Lowell's 33 yard line and Lowell kicked to Baxter on Connecticut's 43 yard line. Baxter took the ball around the right end for a 13 yard gain. Two forward passes were incomplete but the Aggies made first down just as the whistle blew.

Third Quarter

Baxter got the ball on the kickoff and carried it to the 38 yard line. The Aggies were penalized 5 yards for

running into a man when the ball was dead and Mitchell was forced to punt. Lowell lost ground on an end run and kicked to Connecticut on their 23 yard line. Mitchell tried to punt but the kick was blocked. Goodearle replaced Boas and Juralowitz took Ashman's place in the line. The ball was fumbled by Lowell but was recovered by them on Connecticut's 35 yard line. Several forward passes were not completed by Lowell.

Last Quarter

Another forward pass was incomplete and Lowell tried a drop kick from Connecticut's 35 yard line. Baxter made 6 yards around left end but Mitchell was forced to punt. A forward pass by Lowell was intercepted by Ricketts on his 35 yard line. Line plunges could not gain for Connecticut and Mitchell kicked. Lowell tried a forward pass which was not completed and punted to Daly on Connecticut's 20 yard line. A forward pass to Alexander, who took Emigh's place gained 20 yards for the Aggies. Wooster replaced Ricketts. After two incomplete passes, Connecticut lost the ball. Lowell was held for downs and Mitchell punted to Lowell's 28 yard line. Lowell kicked to Connecticut's 39 yard line where a forward pass to Wallace gained 12 yards. Another pass to Alexander made a 20 yard gain and Baxter made 9 on an end run, bringing the pigskin to Lowell's 20 yard line, where Connecticut lost it. Lowell punted. Wooster made 7 around left end but the game ended before the Nutmeg boys could carry the ball down again.

The Summary

Lowell Textile		Conn.
J. Goosetry	LE	Boas
Lombard	LT	Clark
A. Goosetry	LG	Hajosy
Schwart	C	Graf
Cochran	RG	Ashman
Brown	RT	Mitchell
Sweet	RE	Sneidman
Marble	QB	Baxter
Walker	LHB	Ricketts
Wentworth	RHB	Maier
Macher	FB	Daly

Scores: Lowell Textile 7, Connecticut 0; Substitutions: Lowell, Wilnot for Cochran, Wood for Sweet, Muller for Wood, Fiendel for Brown; Conn. ecticut, Wallace for Maier, Emigh for Sneidman, Goodearle for Boas, Juralowitz for Ashman, Elexander for Emigh, Wooster for Ricketts. Referee, Burke of Worcester; Umpire, Ladd of Willimantic; Field Judge, Bullard of Springfield; Head Linesman, Whalen of Springfield.

LOOMIS DEFEATS AGGIE SECONDS 18 TO 0

POOR HANDLING OF BALL RESPONSIBLE FOR LOSS

First Defeat for Scrubs

The second team met its first defeat of the season at Windsor last Saturday when they fell before the Loomis Institute eleven by the score of 18 to 0. Although the score would indicate that the Aggies were outclassed, it was far from true and except for a few fatal mistakes which the Red and White took advantage of, the battle was fairly interesting and even.

On the kickoff Loomis started a march down the field but was halted near the center and forced to kick. The Aggie back dropped the punt and it was scooped up by a red jersey and carried over for Loomis' first score. They failed to kick the goal.

For a while the teams battled without material advantage to either side but again a punt got past the Aggie backs in the second quarter and rolled almost to our goal line before it was recovered by a Blue and White man. Added to this the scrub's backfield confused the signals with the result that they ran away from the pass and it shot over the goal line and a Loomis man dropped on it for a second touchdown.

Bewteen the halves Coach Guyer told the men what he thought of them in no easy terms and for a while it seemed to add pep to the team but near the end of the third quarter the maroon found a hole in the right side of our line and when the Loomis runner was brought to earth the ball was on Connecticut's ten-yard line. He found the same hole on the next play and went over for a touchdown, ending the scoring for the day.

With the game lost the Aggies found themselves and staged a long march up the field clear to Loomis' goal line only to lose a chance to score because of a penalty for offside. Not discouraged they again took up the attack and Peterson carried the ball over on a surprise rush only to be called back because one of the Aggie ends was not on the line of scrimmage. The whistle ended the game and prevented Connecticut from scoring.

The lineup:

Conn.		Loomis
Lawson	RE	Bowers
Slanetz	RT	Flynn
Small	RG	Pratt
Blevins	C	Parrish
Schleichert	LG	Colladay
Bolan	LT	Russell
Purple	LE	Musgrave
Peterson	QB	Sullivan
Brundage	RHB	Richards
Mullane	LHB	Sturm
Eddy	FB	Faust

SENIORS WIN FROM FRESHMEN 6-0

Freshmen Fooled by Shoestring Play

In the second interclass football game Seniors bowled over the Freshmen and won by a score of 6 to 0. The Seniors won the game in the first few minutes of play when a shoestring play fooled the Freshies and put the ball on their two-yard line. Although they held well for two rushes they were unable to stop the Senior team and Graf plowed through tackle for the only score of the game. The Seniors failed to kick the goal.

The Seniors smashed the line in fine style and for a time it looked as if they were going down for a second score but the Freshmen were equal to the occasion and held them on the twenty yard line. Eddy punted but the Seniors carried the ball back into the Freshies' territory only to lose it again. At this stage the 1924 boys opened up with an aerial attack that worked wonders for a time but when the Seniors woke up to the situation they broke up the passes and saved the game.

The second half started off in a similar manner to the first half and the Freshmen got away with a shoestring play but Purple was downed before he got very far. The first year men fought hard to tie up the score but failed and the Seniors left the field with the victory.

SENIORS ENTER INTER- CLASS FOOTBALL SERIES

For the first time in the memory of the oldest students the seniors are included in the interclass football series, and have a team to represent them in that sport. In fact, it has been reported that this is the first senior team which has ever attempted a placing in class football, and it is certain that there has been no such coincidence in the last seven years.

VARSITY DANCE WAS A MEAGRE SUCCESS

Financial Returns Insufficient to Buy Graduating Athletes Proposed Emblems

About sixty couples attended the dance given under the auspices of the Varsity Club, last Saturday night, for the purpose of obtaining funds to buy athletes who graduate in 1921 emblems of esteem for their services to the college in the various branches of athletics in which they earned their letters. The program consisted of sixteen numbers, the Peerless Orchestra of Willimantic rendering the music. Refreshments were served during the intermission.

The Varsity Club is somewhat disappointed because the dance did not secure enough patronage to make it a good financial success. Although the committee reported a small profit the funds collected will not suffice to furnish the number of emblems needed.

CO-ED NOTES

Miss Rose Buckley was the week end guest of Miss E. L. Mason. Miss E. J. Rose was entertained Wednesday at luncheon in Practice House. Viola Ericson acted as hostess.

Miss Mabel Bennett, '22, spent the week end in Hartford at her home.

Miss Gladys Beebe, '21, of Connecticut College visited Doris Linton C. A. C., '22, over the week-end.

Miss Doris Linton, '22, left Monday, October 18, for Cleveland, Ohio, where she will enter Western Reserve as a Senior.

The social committee under the direction of Gladys Goldthorpe, '22, chairman, is making plans for a party and dance to be given this month.

Miss S. M. Dean has returned from a several days' visit in Boston. Miss Mason being the guest of Practice House during her absence.

Miss Sprague recently presented the Whitney Hall girls with several new Victrola records.

FACULTY NOTES

Prof. R. C. Fisher has returned from Chicago, where he has been attending the National Dairy Judging Contest. He was in charge of the C. A. C. Judging Team, which won twelfth place. He assures us that while the west is surely a fine place, he is perfectly satisfied with the country around Storrs; and is more than glad to get back again.

Among the members of the faculty who attended the recent joint meeting of the Mansfield and Stafford Granges at Stafford Tuesday night were Prof. and Mrs. Wheeler. Both gave interesting talks on various phases of farm life. Others members of the faculty who attended were Prof. and Mrs. Fitts, Prof. Skinner, Mr. Stemmons and Mr. Jones.

COLLEGE MAY HAVE PRINTING BUSINESS

Students to Form Company

There has been much discussion among the student body as to the possibilities of a college printing shop. A few members of the faculty and students interested held a meeting last Tuesday evening to discuss the subject. During the course of discussion Mr. Longley put a proposition before the students. He will loan the college presses to the students and he expects a company to be formed to buy the necessary type for the business. A room will be furnished free of charge by the college, probably in the main building, if such be possible.

The company, as planned, will handle most of the college printing. Fraternities, clubs and the athletic association printing can also be taken care of. With the other odd jobs that may be obtained it is expected that this company will do a successful business.

Another meeting will be held in the near future to further discuss the proposition. At this meeting this company will in all probability be formed.

MECH. ENGINEERING NOTES

All government machines purchased under the Caldwell Act are now housed in the new quarters of the department with the exception of one 26 in. by 8 ft. engine lathe. This lathe is now enroute from Toledo, Ohio, and in up-to-date in its appointments and large enough to handle any lathe problems likely to be encountered for some time.

A new jig-saw is also on order and will add materially to the efficiency of the wood working shop.

An electrically operated siren is being considered for the purpose of rousing the community in case of fire.

Work of setting up the metal working machines is progressing and the shop will soon be in operation.

Twenty up-to-date wood working benches have been installed and equipped for the use of the agricultural students.

GLEE CLUB

The condition of the College Glee Club at present is practically the same as at the beginning of last year—a loose organization without a director. As Mr. Farrell, who coached the club very successfully last season, will not be in Willimantic this year, it is hoped that Mr. Torrey can be prevailed upon to assume the directorship.

Although a meeting of the club was held recently, no new officers were elected. The present manager, Herbert F. Webb, states that he has several possible dates for concerts this year.

FROM THE EDITOR'S DESK

It was with considerable regret that the students who were acquainted with Professor Lamson and his keen interest in the athletics of the institution, accepted his resignation from the athletic council to which he was elected by the athletic association last spring.

His presence on the field, and he has followed the work of the teams with unflinching enthusiasm season after season, was appreciated by the players and by the students.

Perhaps no member of the faculty has had so much influence in clearing up the clouds and mists which befuddled the athletic policy of the college as he, for not only was he successful in teaching patience to the more radical element in the undergraduate body, and influencing them to make the best of bad situations as regards athletic policy, but he has been able to point out to them the vital points in strengthening our athletics and has always been willing to help them to gain these ends.

Of his successor, Mr. LeRoy Chapman, '17, little is known, although it is understood that he is a man who says what he thinks and who was held in high esteem by his college mates of a generation ago.

Politics

A member of the faculty expressed discouragement because many of them were absent from the Republican rally last Monday night. There were many absent, without doubt, but many of them were studying and didn't feel that they could spare time to listen to a political speech, basing the value of what they might have heard, on political speakers of their past experiences who made lots of noise and said nothing of very much interest. Armory chairs are not very comfortable for a two hour session either. Then too, it seems as if the instructors were loath to even mention in classes the part politics has to play in everyday life. Those few who do now and then touch on political issues get some interesting reactions from their students, especially from those students

who have inherited an interest in politics from their home lives. But it does seem that an interest in national issues and political influences might be included in more of the students through the medium of their classes as well as college assembly, in order that the students will become inquisitive and do some investigation for themselves. Some of the present agricultural undergraduates may be embarrassed in after college days when they are competing for leadership in their communities if somebody chances to find that their knowledge of state and national affairs is frightfully lean.

There is a faculty ruling that students possessing firearms shall deposit them with the Commandant and not keep them in their rooms. There is a law also that there shall be no hunting on college property. Cooperation in cases like these may earn us "Prexy's" approval for some student project which is of great importance to us.

Athletic Attendance

The cheering was good at the Lowell game, and in spite of the loss of the contest most of the rooters were there with the noise whenever they were called upon. Of course, there are some who take privileges even at a football game, and decide to "let George do it" as far as cheering is concerned.

However, it was noticeable that many of the students were not at the game. Some were taking make-up examinations, that is true, but there were many who were not there and had no excuse for absence. Has Connecticut got to adopt a plan similar to that adopted in other institutions, and require a roll call or something similar at each game, and inflict a penalty on the student who has no reason for not being present? It seems rather discouraging to think that there is a necessity for such action in a college which has ever received the commendation of its athletic opponents for the spirit shown by the students whether the team was winning or losing, and our football fortunes have usually been of the latter variety. Look at it squarely, fellow students, the boys may fool you and win from New Hampshire. You'd want to yell then, anyway, because it's easy to cheer when you're ahead, and if you come out on the field with the idea that the team is representing you and that you are out there on the grid, in spirit at least, the team may catch some of your enthusiasm and turn the trick. Football is a funny game, and anyway, be a regular fellow without being forced to be one.

You've got to take off your hats to a couple of men who haven't lost faith in the football team. "Dave" Warner and Captain Boyer are doing their best to produce some results for the Aggie outfit. They have rendered valuable aid to Coach Swartz and Mr. Guyer and they may receive payment before the end of the season, because the team will just naturally get a victory soon.

SAFETY VALVE

OUR FOOD PROBLEM

There is a lamentable lack of competition as to the places where a student can obtain his meals. We have the Boarding Club and two other private families where one can get board.

Last year when these private places were on an even basis with the Boarding Club there was keen competition among the students for the privilege of eating at these places. Every increase in the charge at the dining hall was met with a corresponding increase in the price of board at these private places. It will be noticed, however, that these private places who were finding it profitable to feed the students were equipped to do business only on a small basis. In order to get better food the students who ate at these private places were willing to take a ten minute walk to conform to shorter and earlier eating hours.

If the Boarding Club is run on a cooperative basis for the students why are the representatives of the students balked in their efforts when legitimate objections are offered? Would competition be of benefit to the students?

If the student is the primary consideration of the Boarding Club his consideration is highly neglected. He is handed anything and when he complains he is reprimanded because he has thrown bread and biscuits on the floor.

Would you be satisfied if you knew that Mass. Aggies had waiter service and grub for less than we are paying? We have no waiters and receive grub which it is our privilege to eat or leave.

Why are we told that if we brought our complaints to the proper authorities they would have been taken care of? Why doesn't the proper authority use a little initiative?

—Only a Student.

If you 'take your girlie' to the movies, just don't forget that she likes to go to a formal dance with you, too.

The Mediator ruling that says that fraternities must be closed to Freshmen at 8:30 o'clock P.M. on all nights except Saturday and Sunday must not be neglected. Self-respecting fraternity men will see that the law is not infringed upon and Freshmen may bring trouble to fraternities entertaining them by violating it.

The committee appointed to agree upon an emblem for the girls' basketball team seems loath to report, or perhaps they haven't even met to deliberate. It's a hard nut to crack, but for the feelings of those involved let's get started and work as open-mindedly as possible, with both sides respecting the welfare of the institution as well as their own feelings, for there is no doubt that the matter can and must be agreeably settled.

With the new year also began a new era in the military department of the college. A new commandant and an assistant are installed in the office in Hawley Armory and a radical change has been made in the system of instruction. The new officers stationed here are not the originators of the new system of instruction but rather it comes from the desk of some officials in Washington. While it is yet too early to fairly judge the system, it has failed to cause any favorable impression among the students to date and most of the cadets are sitting back and waiting for developments.

Gone are our cadet officers and non-coms, gone is the old battalion formation, gone is the competition between companies which aided the drill and gave some incentive to the work, but last and most important, GONE is the old PEP.

And in its place what have we? That is the question. To most persons it looks like a jumble of nothing. At any rate it is certain that after a month of college, the freshmen still are not able to do a single military movement with any degree of accuracy and the upperclass are trying to figure out what will come tomorrow.

The Seniors saw the system at Camp Devens this summer where the cadets were advanced course men and it certainly was a miserable failure. Then the question becomes "What can we expect of Freshmen who have had no drill?"

We hope that the officers sent here by the War Department can overcome the apparent short comings of the system. At the inspection last year Connecticut was given a high rating and we are to be examined this year by a board with the view of designating Connecticut as an honor school. This would be a big honor for Connecticut and everybody should strive to gain that end.—I. N. S.

FOOTBALL HOP COMES BEFORE THANKSGIVING

Plans Now Under Way

At a special meeting of the Athletic Association last Monday evening it was decided to hold the Football Hop on Tuesday night, November 23. This is after the Rhode Island game, the last of the season and the football men will be able to attend. The Thanksgiving recess begins on the next day and those bringing girls from home can return with them.

J. Peter Johnson, President of the Athletic Association, has appointed the following committees for the dance: Executive Committee: William Gronwoldt, chairman; Norman Van Buren and Charles Ferris; Decorating Committee, William Maloney, chairman; Herbert Beisiegel, Robert Keeler and Frank Sickler. The executive committee has already met and plans are under way.

KAMPUS KLIPS

According to Coach Boyer there are three sports on the Hill, football, tiddle winks and marbles. Question: Which one was Coach Guyer playing when one of the co-eds ruined his shin with a hockey stick.

The Fourth Section Fire Chief Sunny Wooster has acquired a new name this year. "Good Looking" is a nice handle for the Bristol Beau Brummel.

It cannot be said that Aggie men do not venerate the dead. The only party sign left alone in the recent Storrs Hall raid was that of the Anti-Prohibition ticket, "Haig and Haig."

History Instructor: By the way Mr. — who was Machiavelli?

Bright Student: (caught off guard) Why-er— why that's just what I was asking him.

"Ouija" says that the grub may soon be better. Thanks "Ouija."

Maier, Ricketts and Wallace will soon be able to sell their beards to the Bolsheviks.

Senior: Are you going to the Football Hop?

S of A.: No, I don't play football.

"Take your girlie to the Movies" has given way to the popular song, "Meet your girlie at the Library."

Freshman (noticing post holes being dug in water tower hill): "That must be a golf course."

Ah! Freshman, you have beaten Sherlock Holmes out to the cause of all these "golluf" stockings on the campus.

Speaker at President's Hour: When people stop growing brains they start growing whiskers. And he was looking right at French.

'Tis rumored that Enos White will soon start his dancing crusade on the trail to "Willi" again.

The School of Ag. Freshmen have come to Storrs for a change and a rest. But—the College gets the change and the Book Store gets the rest.

The football hop will be held on November 23 and the usual boxes will be necessary for the decoration of the armory. Just at present they are reposing under the south wing of the armory, and are in very battered and bedraggled condition. Somebody would be a booster if he would be the agency for having them painted and repaired. The Juniors use them most this year and should be most interested. They might help their cousin class 1924 in the work.

IT'S A FACT!

When the news is on the blink,
And the editors can't think,
When the staff is on the hog,
Claim they're treated like a dog,
Then it's heaven to print this paper,
And we burn the midnight taper
Filling unfilled space with vapor,
That is all.

Oh, that space is like a crater
Grown so great, yet growing greater,
'Till it's big as the equator
Round this ball.

Well, we think we're up a stump;
On our wooden domes we thump,
Trying to make a knowledge bump,
That is tall.
And we long to go out gadding,
But must sit and do our padding,
First we add, then keep on adding,
To it all.

Once again our spirit rallies
While ten columns, gaping alleys,
Still demand as many galleys,
All in all.

Task unfinished, dull as lead,
Home we go to seek our bed.
Yet again we beg to state
Getting out the weekly's great.
—Reserve Weekly.

If you get grouchy, sad and blue,
'Cause things don't seem to break for you

And folks you meet most everyday
Don't seem to you their part to play;
And slight the things you think so big,
Or give your plans a heartless dig,
Don't say that you will quit the game;
Your neighbor may feel just the same.

He may have a grievance, too—
He may feel as bad as you—
He might like to pack his trunk
And ship home all his college junk,
Because the world seems gone to pot,
On your account. And like as not
He may blame you for being one
Who pushed the clouds across his sun.

If you've a grouch just hold it in,
To spread it, is a lowly sin—
Don't be too certain all along
That you are right, and others wrong;
That the place you're in is not your place

And hence a plea to quit the race—
Because, if you're not satisfied
Your pep should twice be multiplied.

Don't kick 'till you have found you should
But then kick hard; that's right and good;
So as to get the kicking o'er
To finish what you started for.

And don't forget the man next door;
He may harm much when he is sore;
But if he's contented and you are too
Our college gets a boost from you.

Mr. X: A kiss is the language of lovers.
Fair Co-ed: Let's not talk then.

There's Just one 100 ^{PER} _{CENT} Efficient CREAM SEPARATOR

AND THAT'S THE

DE LAVAL

FOR FORTY YEARS THE WORLD'S STANDARD

There may be a half-dozen plows, wagons, tractors, autos or other farm equipment to choose between, but no would-be imitator or utilizer of expired De Laval patents has yet produced a cream separator comparable with the De Laval.

First in the beginning, De Laval machines have led in every step of cream separator improvement and development. Every year has presented some new feature or betterment, and the 1920 machines are still better than they have ever been before.

If you haven't seen or tried a new 1920 De Laval machine, any local agent will be glad to afford you the opportunity to do so.

If you don't know the nearest De Laval local agent, simply address the nearest main office, as below.

THE CONNECTICUT
AGRICULTURAL COLLEGE
Farm Department

ALUMNI NOTES

Walter T. Ackerman has entered Iowa State College, Ames, Iowa, to take up a special course in farm machinery.

Benjamin Storrs has been for the past year market reporter for New Haven and Hartford. He has recently entered Columbia to take a short course in Journalism.

"Deac" Sawin is entering as a Junior in Mercer College, Georgia, where he will study for a degree in business and law. He has been out for fall baseball practice and hopes to make the team in the spring. Mercer is one of the leading colleges of the south and expects to win the southern baseball championship.

"Fat" Ryan did not return to college this fall. He is assisting his father who is in business in Worcester.

Donald MacIntyre is at present taking a business course in Northwestern College and hopes to enter one of the New York universities this fall.

Edward Newmarker is completing his work at Yale for an M.S. degree in Economics.

"Bill" Garhardt is in Nova Scotia where he has been offered a position as teacher.

Harold B. Bridges, '20, attended the Varsity Club dance Saturday. 'Budge' says it's tough forgetting C. A. C.

"Ernie" Carpenter, '21, was on the Hill Sunday. He is at Wildwood Farm in Bloomfield, Conn., and still maintains that farming is the life.

Keith Scott, '08, and "Pop" Eaton '11, are operating a fruit farm in Groton, Mass. They write that they will be at the B. U. game in Boston and at the R. I. game at Storrs.

Elmer Dickinson, '15, was on the "Hill" Saturday. "Dick" says that he will be on hand to see a victory over N. H.

"Jim" Case, '16, is teaching at the Hampton Institute, Hampton, Va.

Jack Hill, '16, recently resigned his position with the New Jersey Agricultural College and intends to enter the insurance business. His headquarters will be at Pittsburg.

Sylvester "Tommy" Mead has been chosen to fill the position left open by Mr. Hill in the New Jersey College of Agriculture.

Leroy M. Chapman, '17, was elected a member of the Athletic Council at the last meeting of the Athletic Association to fill the vacancy caused by the resignation of Prof. G. B. Lamson.

"Zeke" Harris, '16S, is managing a general farm in New Jersey.

A. B. Stewart, '16, recently showed a herd at the Trenton Interstate Fair.

Cont. from page 1 col. 4

Both men will start immediately upon the work of the Nutmeg although it will be impossible to make contracts till the affairs of the present book have been cleared up.

AT OTHER COLLEGES

The Class of '23 defeated the Frosh in the Annual Flag Rush at Stevens Wednesday. Three rushes were made by the Frosh. They won the first and lost the last two, making the score 2—1 in favor of the Sophomores.

Hazing has been officially abolished the the *University of Wisconsin* by the Student Senate, the legislative body of the student government.

The *University of Michigan* is to have a Sunday college paper. It will contain feature articles written by the students and faculty. It is the only paper of its kind known.

The Freshmen at *Kansas University* do not have to wear the traditional green caps this year since they defeated the Sophomores in the annual "scrap."

The women at the *University of Vermont* have become a self-governing body and have an association of their own.

Colby College is soon to celebrate its one hundredth anniversary and will celebrate it by a historical pageant portraying the history of the college.

Some colleges have been giving moving pictures showing college students at the R. O. T. C. camps.

New Hampshire State College has presented its coach the varsity insignia for coaching.

The student enrollment at *Columbia University* exceeds 31,000, a gain of 35 per cent over last year. This makes Columbia the largest educational institution in the world.

A new State Teachers' College may be erected at the *University of Vermont*. This would be included in the University.

FACULTY MEMBERS DINE PRIVATELY

Have Special Room in New Dining Hall

In response to several requests, Miss Viola Z. Taft has opened a faculty dining-room at the College dining hall. This is to be known as the Junior Faculty Club, and is designed primarily for the convenience of the unmarried members of the faculty.

It is located in the small room which connects with the southwest corner of the main dining hall. This room was originally intended for the cafeteria, but has been found to be too small.

The color scheme is green and white. The furniture is stained green and the tables are equipped with white linen runners. New silver and dishes of a distinctive pattern have been bought. The menus are printed by hand, green on a white card. Service is a la carte, at current prices.

While this system is primarily intended for the unmarried members of the faculty, others of the faculty may secure accommodations by applying to Miss Taft in advance.

LEGHORNS FIRST IN EGG LAYING CONTEST

At the close of the fiftieth week of the egg laying contest, 465 birds were still laying. This is better by fifteen birds than the report for the same week last year. The hens in the contest laid 1678 eggs for the week, or a yield of nearly 24 per cent. Hollywood Farm's Leghorns from Hollywood, Washington, not only won first honors for the week but they have relegated to second place E. A. Ballard's Leghorns from Chestnut Hill. At the rate the Washington Leghorns are laying it looks as if they would hold first place from now on. These birds were also first for the week with a yield of 45 eggs.

During the pleasant weather the management of the contest have been busy making repairs and giving the plant a thorough cleaning and disinfecting. All the old sand has been taken out and replaced with new, for the birds which are to enter the tenth egg laying contest which is to open November 1st.

PRESS CLUB ACTIVE IN ADVERTISING COLLEGE

Abbe and Brockett Become Members

Altho the papers of the state are full of political news these days and it is hard to squeeze any more college news between the speeches, the Press Club is still on the job and hopes to have some big news in the state papers after November 2.

At a meeting of the club recently Warren Brockett, '21, and Raymond Abbe, '22, were made members of the organization. Brockett is corresponding for the Hartford Times and Abbe is writing for the Rockville Leader and has had a number of articles printed by various agricultural papers.

A meeting of the Press Club and the Press Bureau will be held next Monday night and anyone who is interested in newspaper work is cordially invited to be present. Remember, Freshmen, the club needs new blood to keep it active, and advertising the college to the outside world is just as important as winning football games.

INTERCLASS FOOTBALL SCHEDULE

The interclass football schedule which has been drawn up to the year 1920 is as follows. The first games have already been played, resulting in victories for the Juniors and Seniors.

The remaining games are:

Sophs vs. School
Juniors vs. Fresh.
Seniors vs. Sophs.
Fresh. vs. School.
Juniors vs. Seniors.
Juniors vs. School.
Seniors vs. School.
Fresh. vs. Sophs.

FINAL RESULTS FROM NATIONAL DAIRY SHOW

Kansas, Purdue and Penn. State Have High Men

When the Connecticut Judging Team returned from the National Dairy Show at Chicago on October 15, the final results of the Judging Contest became known at the College.

The placing, by states, of all the teams entered in the Judging Contest, are as follows: Kansas, 1st; Iowa, 2d; Kentucky, 3d; Purdue, 4th; Penn. State, 5th; Missouri, 6th; Tennessee, 7th; Maryland, 8th; Massachusetts, 9th; Wisconsin, 10th; Washington, 11th; Connecticut, 12th; South Dakota, 13th; New Hampshire, 14th; South Carolina, 15th; New Jersey, 16th; Minnesota, 17th; Cornell, 18th; Nebraska, 19th; North Carolina, 20th; Ohio, 21st.

Young, from Kansas State College, was the individual scoring highest in the contest, with Badger of Purdue second high man, and Davis of Penn. State third.

In addition to winning first place, and having high man for the contest Kansas took the highest honors in judging both Jerseys and Holsteins. Although the Nebraska team ranked 19th for total score, it stood at the head of the class in judging the Jersey breed. A team from Maryland was the best judge of Ayrshires.

The Connecticut team did best in judging Jerseys and Ayrshires, ranking second for the Jersey breed and sixth for the Ayrshire. In the Jersey class, Jaquith was 10th high man, Johnson was 17th, and Burrington, 22th, while in the Ayrshire breed, Burrington ranked 3d out of 63, Johnson was 14th and Jaquith was 45th.

No cash prizes were offered, but the three high men received gold, silver and bronze medals, respectively. A Kansas man won a \$400 dollar scholarship offered by the Jersey Breed Association and a man from Minnesota won a scholarship for the same amount, offered by the Holstein Association.

Kansas also won the Hoard's Dairyman Cup offered to the college winning first place in the contest and Young of the Kansas team received a large silver cup as Sweepstakes prize for the highest man. R. C. Smith of Massachusetts was high man in judging Ayrshires and Harry Root of Minnesota stood highest in the Holstein breed.

A contest in judging dairy products was also staged at Chicago on Friday, October 8th. A team from Ohio State University stood highest in judging all dairy products, and received a silver cup as a trophy. A team from South Dakota won a silver cup for being the best judge of butter. The Ohio team stood first in judging both butter and cheese and won a silver cup in each class.

A. T. Bushby "Tack" now has charge of the Dairy Department of the New Jersey Industrial School. He exhibited at the N. J. Interstate Fair, making a very creditable showing.

THOSE GOOD OLD DAYS AT ALMA MATER

Prof. Hollister Recalls Rope Pull of 1902

The rope pulls or rushes are not carried on under the same conditions now, as they were when I was a student. As I entered the 1905 class as a Sophomore, I did not contest with the 1904 class, but did take part against the 1906 class.

At that time study hour was observed and many of the student activities took place in the late evening. During the study hour, when the inspector was not in evidence, the members of the two classes dressed themselves in football togs and old clothes, and the upperclassmen decided upon the rules. It was a moonlight night. Two of the upperclass held the rope while the two under classes lined up on either side, the 1905 class on the south facing the 1906 men who were opposite. At a given signal the classes rushed for the rope, and it was a fight all the way down the side hill across the road and we came to a standstill up against the stonewall, and when time was called, the 1905 class was declared winner, as we had forced the freshmen north of the starting point. Skinned and bruised shins and knuckles were the rule rather than the exception.

Another feature which is not now in force, the farm "furnished" or at least supplied the rope; and now the losing class has the privilege of paying for the rope.

Another feature is missing from the community now, one which used to be looked forward to, in different ways, depending upon your point of view. I refer you to the public Rhetoricals which were held in the Chapel, now the Chem. Lab., once each term, by each class.

The members of the class, on the appointed night, filed on the platform and lastly but not the least important came the president of the next upperclass who acted as chairman.

I will remember my experiences, when as president of the Sophomore class, I introduced the members of the Freshman class. Although printed programs were furnished, the chairman was expected to introduce the speakers from memory.

ALUMNUS WINS NATIONAL PRAISE

One of the Oregon daily papers recently devoted considerable space to an article on the ability of Edward B. Fitts, '92, dairy specialist at the Oregon Agricultural College, as a judge of dairy cattle and said that his fame had become nation wide and that his services were in demand from coast to coast.

He recently crossed the continent to judge Jerseys at the Eastern States Exposition at Springfield and also visited the college, expressing much approval and satisfaction for the progress of the institution since he graduated. On his return trip he attended the National Dairy Show at Chicago.

FOUR YEAR COURSE in Agriculture, designed to train young men as Scientific Farmers, Teachers, and Agricultural Experts. Entrance requirements, four-year high school course. B. S. degree.

TWO-YEAR COURSE in the School of Agriculture, for those who have not the preparation, time, funds, or inclination to take the four-year course. Open to those who have completed the work of the common school.

FOUR YEAR COURSE in Mechanical Engineering. Four years of high school work required for entrance. B. S. degree.

FOUR-YEAR COURSE in Home Economics. Open to young women who are high school graduates. B. S. degree.

SHORT WINTER COURSES in Agriculture.

Recent appropriations have provided additions to lands, buildings and equipment valued at \$950,000. Expenses low. No tuition charge to residents of Connecticut. Military instructor. A catalog will be sent upon request.

CHARLES LEWIS BEACH, President.

"AG" CLUB TO START ITS ACTIVITIES

Prof. Hollister Speaks Wednesday Evening

So far this season the Agricultural Club has made but little noise around the campus, due to the pressure of other activities during the first month of the college year. This, however, does not signify that the organization has become in any way a back number.

To start off its lecture program for this year the Ag. Club will hold an open meeting in the Armory on Wednesday evening, October 27th. The speaker will be Professor S. P. Hollister and anyone who is at all interested in fruit growing will find himself well repaid for attending. Following the lecture several reels of moving pictures will be shown, one on the subject of successful commercial apple orchards and others featuring the tractor and its use in food production throughout the country. A cordial invitation is extended to all non-members to be present.

Other meetings are being arranged for, the next being scheduled for the early part of November, at which a member of the American Association of Nurserymen will give an illustrated lecture. This will be followed around the first of December by a set of moving pictures featuring beef production and the manufacture of by-products. December 10th will be the big date on the Ag. Club calendar, with its Winter Fair.

The "Ag" Club already has a good membership, but there is room for many more. A membership drive will be carried on in the near future for the purpose of interesting those students not already enrolled, but no "Ag" student need wait until he is asked to join.

BIBLE CLASS FOR MEN BEING STARTED

Last Sunday a number of student and faculty members met in the Armory English Room to discuss the advisability of starting a Men's Bible Class. Those present were heartily in favor of the inauguration of such a class. No definite organization was agreed on, but a temporary program and executive committee was appointed in the persons of Dr. E. W. Sinnott, Chairman; C. H. Ferriss, J. H. Bigger, H. W. Fienemann and P. B. Jaquith. Meetings will be held in the Armory English Room on Sunday, directly after the close of church for the present.

Another addition has been made to the equipment of the Dairy Department in the form of a "Perfection" ice cream freezer.

The freezer has a capacity of ten gallons and is of the latest construction, being of horizontal type and brine circulation. The base of the instrument is of white enamel finish while all working parts are finished off in either german silver or brass.

SOCCER TEAMS WILL CONTEST WEDNESDAY

Increasing Interest Shown in Sport

On next Wednesday, October 27, at 11 A.M., a regulation soccer game will be played between the two Freshmen sections in Physical Education.

College Assembly is generally held at this hour, but because Hamilton Holt will speak on Monday evening, there will be no regular assembly period next week and the soccer game will be held at that time.

Under the direction of Coach Guyer and Mr. Fraser several practices have been held and there are a number of good players in the Freshman Class. Burgess, Brown, Horne, O'Donnell, Kenneth, Taylor, Youngberg and Brockett all look like promising material and a number of other men have shown up well in practice.

Coach Guyer is planning to arrange a schedule of games to be played at the close of the football season this fall. These games will probably be between the Freshmen, Sophomores and School of Ag. Last year the Freshmen defeated the Sophomores in the only class game that was played.

M. E. DEPT. POSSESSES A UNIQUE CLOCK

Where Did it Come From?

The Mechanical Engineering Department is in possession of a very queer and unique timepiece. Whether it has graced the castle of some old feudal baron or has been the work of some more recent trick inventor has not yet been determined. The following is an account of its discovery by an M. E. student.

"I happened to be at work in the Mechanic Arts Building a short time ago. The sound of chimes fell upon my ears. I was greatly astonished and glanced hurriedly out of the window to see if the addition of chimes had in any way affected the appearance of the church tower. Suddenly the chimes stopped. On inquiry I learned, much to my surprise, that the chimes were from a clock in an upper apartment.

Four chimes are struck for the quarter hour, eight for the half hour and twelve for the third quarter. On the hour sixteen chimes in all are heard, then, after a short interval, the hour is struck.

"The tone of the chimes is clear and melodious and can be heard all through the building."

Cont. from page 1 col. 3

"Cox" on the end of them were heard above all other cheering.

On account of his train being a few minutes late, Governor Cox was compelled to make his address short. He confined his arguments to the League of Nations, touching particularly on the prevention of future wars and the Irish question.

If your suit looks like a bag, we will make it look like a suit.
If it looks like a sieve, or holey, we will stop the holes.
If it is dirty, we know just what dirt dislikes.
And we will do it for either professor, co-ed, stenog., or fellow.
