THE CONNECTICUT CAMPUS

COMMENCEMENT NUMBER

VOL. VII

STORRS CONNECTICUT, FRIDAY JUNE 10, 1921

NO. 30

CONNECTICUT TAKES JOURNALISTIC HONORS

WINS FIVE PRIZES IN AGRICULTURAL CLASSES

Mr. Stemmons and Mr. Dawson Authors of Winning Stories

Two firsts, two seconds, and one third were the prizes carried off by Connecticut in competition with every state in the Union, at the conference of the American Association of Agricultural College Editors, held in Columbia, Missouri, during the week of May 23. Connecticut entered in six of the nine classes of competition and failed to place in only the class of Extension Service News.

Our winnings were as follows:

First prize on best newspaper story "The Farm Bureau as Pulmotor of Connecticut Agriculture," by Walter Stemmons. First prize on best magazine or farm paper story, by Mr. Stemmons. Second prize on best human interest story in any paper, Mr. Stemmons. Second prize on photograph that tells its story. Third prize on a Bulletin, "Success of the Backyard Farm" by the Rev. Marshall Dawson.

Mr. Stemmons has been attending the Conference and representing the College at Columbia during the past week. A letter from him telling of the outcome of the contest reads:

Out of the three classes that dealt with writing newspaper, magazine or farm paper copy, Connecticut won two firsts and one second. You may

THE NUTMEG AND THE CAMPUS

By means of these two publications of our College the Alumni are made aware of conditions at Connecticut and the developments and needs of the institution.

The 1921 Nutmeg, which came from the printers just this week, is now ready for distribution.

The last issue of the Campus you now have before you. What do you think of it? It comes out weekly during the college year. Many Alumni have written in to us about the paper and comment is always favorable.

You will not regret an investment that will help out the yearbook and the college paper and also enable you to keep in touch with your Alma Mater.

ALUMNI EFFORTS BRING LARGER APPROPRIATION TO CONNECTICUT

INCREASE OF \$200,000 IS GRANTED. SPECIAL BILL PASSED HOUSE AND IS NOW IN HANDS OF GOVERNOR.

When the special appropriation bill giving the college the \$135,000 deducted from the original amount, came before the House of Representatives last Tuesday, it was passed without a dissenting vote. The bill had already passed the Senate and now goes to the Governor who it is expected will not veto it.

The appropriation for the maintenance of the three divisions of the college was \$336,800 in 1919-1921 and the appropriation for the next two years, 1921-1923, is \$537,500, or an increase of \$200,000 for the two year period.

If the alumni had been asked to go out and raise an endowment of \$2,000,000 they would have considered it an impossible task. Yet this is what they have accomplished in four months inasmuch as the increase in the maintenance appropriation is the equivalent of the annual interest on an endowment of \$2,000,000.

At the Special Session of the General Assembly last fall the college received an appropriation of \$335,000 for the erection of a Woman's Building, as compared with an appropriation of \$265,061 for buildings and

WELCOME! VISITORS AND ALUMNI

At this, the fortieth anniversary of the College and the Commencement of the Class of 1921, we are very glad to welcome back so many loyal Alumni and to extend the famous Storrs hospitality to our visiting friends. The wonderful beauty of the campus at this time of the year relates itself to the pleasures of the week end and makes more poignant the memories of the old days. We hope everyone will have a first-rate time and enjoy the Commencement to the utmost.

CLASS DAY EXERCISES OPEN COMMENCEMENT

EIGHT TREES DEDICATED TO CONNECTICUT HEROES

New Members of Dramatic Club Well Received in "The Tailor Made Man"

With hundreds of alumni and guests thronging the Hill for the Fortieth Anniversary of the College, the Commencement Exercises of the Class of '21 opened on Friday, June 12, at two o'clock when the Class Day ceremonies were held in Hawley Armory. Events of the day showed the result of elaborate planning and were accomplished in a manner which reflected great credit on the graduating class and the members of the Commencement Committee.

Tree Dedication

Immediately following the ceremonies in the Armory at four o'clock, the dedication of the war memorial trees was held on Faculty Row. Eight oak trees, one for each of the Connecticut men who made the supreme sacrifice in the world war were set aside for this purpose. These trees are located on Faculty Row, the first being in front of the home of Prof. Wheeler. Each of the trees was veiled with the national colors which covered the memorial tablet giving the name and record of the Aggie man for whom it was dedicated. As each tablet was unveiled a short but concise record of the person it commemorates was given by Pres. Beach, who was the speaker of the occasion. Pres. Beach spoke of the character of the men while in college and in after life. Also of their record while in the service.

Following the dedication, fraternity reunions were held from five until

CONNECTICUT CINDER MEN MAKE REPUTED TRINITY STARS SWALLOW A BITTER DEFEAT

TRACK TEAM BUILT FROM GREEN MATERIAL BY DALY, COACH, WINS WONDERFUL MEET BY SCORE OF 68—67. CAPTAIN FIENEMAN TAKES QUARTER MILE—MILE AND TWO MILE RUNS ARE WALKAWAYS FOR BLUE AND WHITE.

Outrun, outjumped and outthrown by the cinder men of the Blue and White, the Blue and Gold of the Trinity track team was forced down to defeat last Saturday at Hartford, when Coach Daly's recruits won a spectacular dual meet by the score 68—67.

To say that the Trinity adherents were astonished at the Aggie display of track ability is putting the case rather mildly. They were willing beforehand to excuse the Aggies for making a poor showing in their first season at track, expecting to have things all their own way. When the final test came, however, the Blue and Gold runners often found the way already filled with Blue and White uniforms as they came down the home stretch to the tape. Fieneman, Stocking, Steere and Wood ran too fast, Morley hurdled too well, Putnam and Dossin ascended too high, and Slutzky, Ashman and Lawson threw too well to give Trinity the satisfaction of retrieving her losses in baseball.

In the short dashes which came early in the order of events, Nash and Ransom of Trinity ran things to suit themselves, although Chapman succeeded in elbowing ahead of Ransom for second place in the 22-yard dash. But when Capt. Fieneman took first place in the half-mile away from Hungerford, breaking Trinity's best track record for that event, Coach Daley was observed to wink encouragingly across the track at Manager Austin. In the mile event the wink grew to a broad grin as Steere, Wood and Brockett shut the Blue and Gold out of a placing.

Stocking proved one of the sensations of the afternoon in the two-mile. Sent in to set the pace, he ran away so far and so fast in the lead that he could not be caught, even by his running partner Wood, who finished second.

In the 120-yard high hurdles Morley captured another first, over Trinity's star hurdler, Ameluxen, but the Hartford boy turned the tables in the low hurdles and held Morley to third place.

If Trinity had a little the better of the game in the running events, the Aggie field men demonstrated their superiority in the weight and aerial stunts. Putnam proved himself a

worthy equal of Nash in the high jump, tying for first place at 5 feet 2 inches. Ashman and Slutzky ran up ten more points for the Aggies on firsts in the shot put and discus throw. The javelin throw was too unequal a contest to be even interesting. The event was a new one to the Trinity field men, who could not come within thirty feet of Lawson, Purple and Jacquith.

Until the final contest, the pole vault, both teams were alternately in the lead until the score narrowed down to 63 all. All attention centered upon the last event, as six men worked the bar up the standards and dropped out one by one as their strength and skill proved unequal to the test. Cheered on by the little white-clad mascot borrowed on the spot to see the Blue and White to victory, Peterson and Morley throw themselves into the air high enough to put the first Trinity aviator out of the game, but they too were forced to resign at the next level. With the responsibility for victory or defeat upon his shoulders, Dossin jumped to win and well-wishers of both sides held their breath as he cleared the bar at a height which baffled both his Blue and Gold competitors and won the meet for Connecticut by one point.

CAPTAIN
FIENEMAN
WHO TOOK
880-YARD DASH
FROM
HUNGERFORD

SUMMARY

100-yard dash—Won by Nash (T); second Ransom (T); third, Peterson (C); time 10 2-5 sec.

220-yard dash—Won by Nash (T); second Chapman (C); third, Ransom (T); time 23 2-5 sec.

440-yard dash—Won by Bradley, (T); second Ransom, (T); third, Wooster (C); time 55 sec.

880-yard dash—Won by Fieneman, (C); second Hungerford (T); third, Wooster (C); time 2 min. 4 3-5 sec.

Mile run—Won by Steere, (C); second Wood (C); third Brockett (C); time 4 min. 51 1-5 sec.

Two-mile run—Won by Stocking, (C); second Wood (C); third Clapp (T); time 10 min. 25 sec.

120-yard high hurdles—Won by Morley (C); second Ameluxen (T); third Boulanger (C); time 17 3-5 sec.

220-yard low hurdles—Won by Allen (T); second Ameluxen (T); third, Morley (C); time 28 4-5 sec.

Broad jump—Won by Nash (T) 21 ft. 10 in.; second Ameluxen (T) 20 ft. 5 in.; third Goodearl (C) 19 ft. 1 in.

High jump—Won by Putnam (C) and Nash (T) tied 5 ft. 2 in.; second Tilton (T) and Gesner (T) tied 5 ft. 1 in.

Pole Vault—Won by Dossin (C) 19 ft.; second Smith (T) 9 ft. 9 in.; third Guertin (T) 9 ft. 6 in.

Discus throw—Won by Slutzky (C) 91 ft.; second Johnson (T) 86 ft. 7 in.; third Brill (T) 84 ft. 9 in.

Hammer throw—Won by Johnson (T) 108 ft. 5 in.; second Jacquith (C) 98 ft. 11 in.; third Ashman (C) 98 ft. 7 in.

Shot put—Won by Ashman (C) 32 ft. 11 in.; second Kelly (T) 32 ft. 4 in.; third Richman (T) 32 ft. 3 in.

Javelin throw—Won by Lawson (C) 127 ft.; second Purple (C) 124 ft. 1 in.; third Jacquith (C) 114 ft. 4 in.

Company "C", the winner of the Amory Cup this year, had a little get-together last Saturday night, June 4, 1921, in the Alpha Phi fraternity room to commemorate their victory. It was not until after the movies and dance that the festivities began, as many of the veterans had important engagements up to 11 o'clock and a little later.

CARLTON AUSTIN, MANAGER OF TRACK

CONNECTICUT LOSES TO LOWELL TECH 4—2

Fresh from their victory of the previous day over Wentworth, the Aggie nine did battle with Lowell Tech at Lowell, Friday, June 3, losing out by a 4—2 score. The game was fairly closely played and at no time did the cause of the Aggie boys seem hopeless. The sensational fielding of "Nick" Emigh featured for Connecticut. "Skinner" Lord, pitching his second game of the season, held the upper hand for the better part of the game, allowing only three passes.

CLASS OF 1922 ELECTS TO STUDENT COUNCIL

A meeting of the Junior Class was held on Tuesday evening to discuss final matters for the year.

R. H. Mathewson, P. L. Putnam, H. D. Boas, and G. P. Goodearl were elected by the class to membership on the Student Council for the year 1921-1922.

The class came from the Cedars of Lebanon was auctioned off and won by P. L. Putnam. The proceeds will go for Armenian relief.

President C. E. Ferris thanked the class for their cooperation during the past year and congratulated the class on such a successful year in all activities.

Percil L. Sanford, '18, recently accepted a position in Poultry Extension work at Penn. State College.

BOOK STORE TO GIVE \$1200 TO ATHLETICS

**BIG INCREASE OVER
LAST YEAR'S AMOUNT**

**With Enlarged Store and Big
Stock, Sales Total \$34,000**

With an increase in sales of 42 per cent over last year and a still greater increase in the amount turned over to the Athletic Association, the College Book Store will reach \$34,000 in volume of business this year. The sales totaled \$23,952.69 last season and the Athletic Association received \$800 from the store. The sum will be \$1200 this time.

When the College Store was moved from the main floor of the Administration Building, last summer, it was increased in size, the stock greatly enlarged and the soda fountain added. Throughout the year, the store has aided several of the organizations on the Hill by handling the tickets for the various entertainments and plays. And the Book Store has become more popular than the Dining Hall as a place to eat breakfast.

Next year the stock will be enlarged still further. Shoes, both dress and work styles, will be handled. As the members of the R. O. T. C. will not be furnished with these articles of clothing in the future, army shoes will be an important item. A line of collars and shirts, for which the students now have to go to Willimantic, will also be kept.

It is planned to purchase an ice chest and milk pump for the soda fountain. A very extensive line of college and fraternity banners will be included too. During the summer an endeavor will be made to secure more of the faculty trade in groceries and this phase of the store will be improved if it is warranted.

(Cont. from page 1 col. 4)

eight in the evening with many alumni attending.

"The Tailor Made Man"

"The Tailor Made Man," a comedy in four acts, was presented last night at Hawley Armory by a cast of twenty-eight characters, under the direction of the Dramatic Club as their annual commencement offering.

The play, sparkling with wit and humor yet serious enough to warrant thought, deals with the adventures of John Paul Bart, a tailor's apprentice, in his efforts to accomplish the things that Napoleon left undone. With a borrowed dress suit, a ready wit and an unlimited amount of nerve as his only weapons, he attends a social function at the home of the Stanlaws and by adroitly making the best of his opportunities he becomes the center of attraction for all. While here he makes the acquaintance of Abraham Nathan, president of the American Oceanic Corporation and shows him what the trouble is with his corporation. He accepts a position under Nathan and in a short time rises to a commanding position in the news of the day.

Like all bubbles, however, it finally broke when Dr. Sonntag, his secretary, who has a complete record of his past, through jealous motives, forces Bart to make a complete confession of his identity. Returning to the tailor shop, he is followed by his erstwhile admirers, who flaunt his downfall before him and finally by Abraham Nathan, who urges him to return to his former position, claiming that it is not where a man starts but where he finishes that counts in the game of life.

Nathan's stand naturally causes another about face on the part of the devotees of convention and Bart is again raised to his pedestal. His romance with Tanya Huber, the tailor's daughter, which is interwoven thru the plot is very pleasing and furnishes many chances for complications.

Fred Peterson, in the role of John Paul Bart, showed to advantage and was well received by the audience. Although this was Peterson's first appearance before the Storrs footlights he carried the lead excellently and showed clearly that much can be expected of him in the future.

Miss Ida Hartenburg, in the role of Tanya Huber, the tailor's daughter, and Miss Gladys Goldthorpe, as Kitty Dupuy, a seasoned veteran in the social whirl, sparring hard for an opening for her daughter Bessie, carried their difficult parts exceedingly well and merited the appreciation given by the audience. Miss Ruth Chapman as Bessie Dupuy, the new social bud from the convent, also adapted herself well to her difficult role. The work of William Graf as Abraham Nathan, the busy man of affairs, was very favorably commented on by many as was also that of Miss Alfareta Moore as Mrs. Stanlaw and Miss Florence Toboco as her daughter Corrine.

The play showed to advantage the time and effort that has been devoted by Mrs. A. G. Skinner as coach. The

EX-EDITOR DOW

"Heroics" is a term that has no connection with the ups and downs of publication work, however much it may apply to dramatics or athletics.

Editors come and go. They enter quietly, click their Underwoods for a time, then pass out with very little ceremony. Sometimes they are informally kicked through the exit door.

They never feel the surging spirit of cheering stands nor are they acquainted with the stimulating hush of theatre audiences. They play for the approbation of the gods of Information and Truth and are pushed along by that instinct which is in them all--love of the writing game.

We have no desire, therefore to put an element into publication work that does not exist, yet we cannot pass up this chance of praising one who is leaving the field after a hard-fought game, in which he has played brilliantly and well.

This paper would not have been an eight page weekly or a respected sheet in the collegiate publication world today, had not this senior grasped the reins at the right time and driven the old wagon through to success.

It is doubtful whether the Campus, for some years to come, will produce a man with greater grasp of information, keener sense of news value, more forceful and interpretative editorial ability. We take off our hats to the retiring editor and his board.

The new board receives a legacy which it intends to preserve and increase. The opportunities which the student paper has, of playing an important part in the events of the times, are innumerable. We hope to make the 1921-1922 Campus interestingly "newsy" and editorially valuable.

THE ANNUAL FORECAST

At the end of another school year we look back over the events of the

past two semesters and ahead to the future possibilities of two more to come.

At this time it is better to stress the forecast rather than the review. There are several things that might have been better on the Hill this year. For instance, that intangible something known as "college spirit." On the other hand, we have progressed in many ways and have even managed to hit a few high spots. The Connecticut-Rhode Island football game, the basketball games with New Hampshire and Springfield, the M. I. T. Convention at Cambridge and the track meet with Trinity are examples of these. But the year is dead and buried. "Down among the dead men, let it lie." What is ahead?

In the news columns of this issue the Campus has presented a few of the things we may expect on returning next September. The new Girls' Dorm, which must be surely be one of the best in the East, will be ready for occupancy. It is possible that the student enrollment will top the 400 mark. With veteran football and basketball varsities, and a satisfactory coaching system, which is now being evolved, we should reach very high in athletics. Student government holds deep and broad possibilities; we have already seen a few of these this year. In activities next year we must see to it that things are done right or not at all. The old true Aggie spirit must permeate the Hill through and through. With an increasing Alumni development, we should be able to make the year 1921-1922 scholastically, athletically, socially and collegiately, a big one.

TRACK

Track has now an assured place in athletics. The recent victory over Trinity has given it an impetus that will carry it from an infant sport to a mature one with an established position.

And we want to ask you, doesn't it feel great to have a team that you are proud of, that has just won a handsome victory over our pet rival in such a manner that the Blue and White thrills run right up and down your spine? You bet it does!

A greater part of the credit for the wonderful showing of track must go to two men, Coach Daly and Manager Austin. The former is notorious for studious care of his team and there is no need of adding to his reputation on these pages. But the latter has not been in a position to receive the popular favor that his abilities deserve. Working against many difficulties, financial and otherwise, he has carried his team through to success. In praising the work of our track team, remember Mr. Austin.

The majority of the student body has finally reached the conclusion which a small minority has held for some time, namely, that a thorough revision of the coaching system, a complete house cleaning in this department, is the only way to become athletically satisfied, or to do justice to our athletes and students.

THINGS TO EXPECT NEXT FALL

STUDENT ENROLLMENT

Sixty-three new students have already made application to the Secretary of the College. By courses these are as follows: Agriculture 24, Science 11, Mechanical Engineering 6, Home Economics 6, Special 5, Two-Year 9, Undecided 2.

Two hundred and forty-three undergraduates are eligible to commence the scholastic year of 1921-1922.

The following table compares this year and last in enrollment figures:

Student Enrollment, June, 1920	272
Student Enrollment, June, 1921	323
Underclass eligible for ensuing year, June, 1920	243
Underclass eligible for ensuing year, June, 1921	262
Percentage of eligible underclassmen returning in 1920	79.8
Taking same percentage, probable number returning in 1921	210
Number of students enrolled for ensuing year, June, 1920	55
Number of students enrolled for ensuing year, June, 1921	64

NEW COURSES

Contrary to the usual experience, few new professors will be seen on the Hill next year. As far as is definitely known at the present time only one new member of the faculty will enter in September. This instructor will be an assistant to Professor C. B. Gentry in the Department of Education. Professor Gentry will have charge of two of the courses in Education, while the remainder of his time will be taken up with his connections in state education work. Formal acceptance of the position by a candidate has not been received as yet, but Professor Gentry hopes to have the matter settled in a very short time.

The secretary reports few changes in the schedule of courses for the ensuing year. Some courses which were not given this last year as scheduled will be added to the curriculum.

Professor H. K. Denlinger will return to give additional courses in Civics and History to seniors and Home Economics students.

Professor A. Crouteau has tentative plans in mind for increasing interest in his department. It is probable that the south end of the top floor of the Main Building will be partitioned off, in order to make a room large enough for the language classes to assemble. Professor Crouteau intends to form a language club which will meet in this room to have round table discussions from time to time and present French and Spanish plays and small entertainments. He also has been considering the advisability of having a special table in the Dining Hall for French students, where all the conversation will be in French and at which some member will preside. All of these matters will depend greatly on the interest shown by the students in these courses next fall.

THE NEW DORMITORY

The new dormitory has been assuming the form of a finished structure very rapidly in the last few weeks. The inside plastering has been started this week and practically all the partitions of the rooms have been completed. The foreman in charge states that the interior decorations will be started in about four weeks and that he sees no reason why the building will not be ready for occupancy the opening of the college year in September.

The slaters have already begun work on the roof which will be slated in three different colors, producing a very artistic appearance.

Many of the co-eds who will return in the fall have already made room reservations in the new dormitory.

Whitney Hall will be turned over to the Extension Department with the exception of the upper floor, which will be used for apartments. The Valentine House will be used as a practice house in the Home Economics course.

ATHLETICS

As the Campus goes to press there is nothing definite that can be said of the athletic outlook.

The Varsity Club has proposed a new coaching system as follows: Three coaches for the three major sports and a trainer, who will stay through the whole year and who will coach track besides. The best coach that can possibly be obtained is wanted for basketball, that sport being Connecticut's best bet in athletics.

As far as football is concerned, we will lose only one man through graduation, Perry Wallace, a backfield man. The team will be captained for the second time by "Art" Mitchell. Manager E. White has arranged the following schedule:

FOOTBALL SCHEDULE

October 1--Mass. Aggie at Amherst.
October 8--Trinity at Storrs.
October 15--St. Stephens at Storrs.
October 22--Lowell Textile at Lowell.
October 29--Worcester Tech. at Storrs.
Nov. 5--St. Lawrence Univ. at Storrs.
Nov. 12--Pa. Military College, Chester.
Nov. 19--Rhode Island at Kingston.

In basketball a team of veterans will represent Connecticut. W. Gronwoldt, center for two seasons, will graduate this year. He is the only man that the team will lose. The quintette will be captained by Louis Alexander, the star forward.

Baseball and track are the points furthest away on the athletic road, yet negotiations have already begun for high class games in the next baseball schedule and Dame Rumor has it that several nifty new track men will be seen in blue and white running togs next year.

ACTIVITIES

A new publication will make its debut at the very beginning of the coming year. It will be called the Con-

(Cont. on page 7 col. 1)

TO GO ON PERMANENT RECORD

The intelligence exams which were taken last Friday are now in the process of correction and according to Mr. Torrey, the results are quite varied. The examinations are intended primarily as a test of a man's general ability and to a certain extent they fulfill this requirement. The office finds that there is a decided correlation between the number who pass the test and those who are high in their studies. The marks obtained on these examinations are to be kept as a part of a student's permanent record and will figure for or against him, should any questions come up before the faculty regarding his grades.

(Cont. from page 3 col. 4)

difficulty of bringing a large cast to the state of development shown in the presentation of the play speaks well for the management of the club in securing a coach of Mrs. Skinner's ability.

Dancing until one followed the play, music being furnished by the Peerless Orchestra of Willimantic.

Dedication of Women's Building

This morning at quarter after nine the exercises will be held at the New Women's Building, which is rapidly rearing completion. The speaking will be done from the veranda of the Valentine House. President Beach will deliver an address and Col. W. H. Hall of the Board of Trustees of the College will probably be present to speak also. It has been found impossible to name the new building at this time, but the exercises will take the form of a dedication.

Commencement Exercises

At ten o'clock the academic procession of alumni, faculty and candidates for diplomas will form at the Main Building and march to the Armory where the Commencement Exercises will take place. The principal address will be given by Dean Charles R. Brown of the Yale Divinity School. Following this address there will be the awarding of Degrees and Diplomas. The three prizes for those competing in the Hicks Prize Essay Contest will be presented at this time as well as the traditional book prizes to the highest men in the Senior Class. The Gamma Chi Epsilon cup will be awarded to the Alpha Phi fraternity which won the highest in scholarship this year. The exercises will be appropriately closed by the singing of Alma Mater.

Alumni Luncheon

An alumni luncheon will be served at the Dining Hall at one o'clock with covers laid for two hundred and fifty. Following the luncheon the Alumni Association will hold a formal meeting.

At three-thirty in the afternoon, Connecticut will cross bats with Clark University on Gardner Dow Field. The Alumni dance in the Armory at eight will bring to a close the Commencement Week of the Class of '21.

What Is Research?

SUPPOSE that a stove burns too much coal for the amount of heat that it radiates. The manufacturer hires a man familiar with the principles of combustion and heat radiation to make experiments which will indicate desirable changes in design. The stove selected as the most efficient is the result of research.

Suppose that you want to make a ruby in a factory—not a mere imitation, but a real ruby, indistinguishable by any chemical or physical test from the natural stone. You begin by analyzing rubies chemically and physically. Then you try to make rubies just as nature did, with the same chemicals and under similar conditions. Your rubies are the result of research—research of a different type from that required to improve the stove.

Suppose, as you melted up your chemicals to produce rubies and experimented with high temperatures, you began to wonder how hot the earth must have been millions of years ago when rubies were first crystallized, and what were the forces at play that made this planet what it is. You begin an investigation that leads you far from rubies and causes you to formulate theories to explain how the earth, and, for that matter, how the whole solar system was created. That would be research of a still different type—pioneering into the unknown to satisfy an insatiable curiosity.

Research of all three types is conducted in the Laboratories of the General Electric Company. But it is the third type of research—pioneering into the unknown—that means most, in the long run, even though it is undertaken with no practical benefit in view.

At the present time, for example, the Research Laboratories of the General Electric Company are exploring matter with X-rays in order to discover not only how the atoms in different substances are arranged but how the atoms themselves are built up. The more you know about a substance, the more you can do with it. Some day this X-ray work will enable scientists to answer more definitely than they can now the question: Why is iron magnetic? And then the electrical industry will take a great step forward, and more real progress will be made in five years than can be made in a century of experimenting with existing electrical apparatus.

You can add wings and stories to an old house. But to build a new house, you must begin with the foundation.

SPORTS ARE CHOSEN**

**Will Try to Retain Daly as Train-
er and Track Coach**

At the last regular meeting of the Athletic Association that was held last Monday night the managers and assistant managers of baseball, track and girls' basketball were elected and the officers for the following year were chosen.

Assistant Manager of Baseball, Herbert Bieseigel, was elected to manager. Of the four men, Bertram Smith, Harold Bolan, Paul Steere and "Joe" Bemont that were recommended by the Athletic Council, Bemont was elected as assistant manager by a margin of two votes.

Assistant Manager of Track, Ralph Chaffee, was elected manager for the coming year and John Oberly was elected Assistant Manager.

Miss Viola Ericson was elected as Manager of Girls' Basketball and Miss Marion Toole was elected as the Asst. Manager for next season.

P. L. Putnam and Arthur Mitchell were nominated for President of the Athletic Association and Putnam was chosen to pilot the ship through the coming year. Elmore Ashman was elected as Vice-President of the Association and Earle Taylor was elected to fill the office of secretary.

Prof. Manchester was elected as the alumnus and faculty member on the Athletic Council. For the other faculty member Prof. Lamson, who is also an alumnus, was chosen.

A discussion on the insignia that is to be awarded to the men who have won their letters in Track, followed and President Johnson appointed a committee of six, three from the Varsity Club and three from the Track men to decide what the insignia should be. The Track men are asking for a six inch "C" with a two inch "A" "A" on either side in place of the four inch "C" and two A's granted by an amendment to the constitution passed last May.

It was unanimously voted that a committee be appointed to send a letter to the Athletic Council asking that when the budget for athletics is made out for next year, an allowance be made for track and that they do all in their power to secure the services of Coach Daly for the coming year as trainer and track coach.

1921 NUTMEG FULFILLS STUDENT EXPECTATIONS

The long-heralded Nutmegs have at last arrived and judging from the favorable comment heard on the campus, they are a success. It is the general opinion of all who have seen them that they are well worth the price of four dollars and that considerable credit should be given to the 1921 Nutmeg Board for putting out a publication which lives up to and excels all standards set by previous issues.

The Nutmeg this year is divided into six parts under the headings of The College, The Classes, Athletics, Activities, Fraternities and Gratings. The first part deals with the College in general and contains an illustrated "Who's Who" of the faculty together with some excellent sepia tinted views of the campus. The second part is made up of the class histories and pictures. The third part, devoted to Athletics, has some excellent resumes of our sports, together with pictures of the men on the teams. The chapter devoted to activities takes in write-ups and pictures of the Dramatic Club, Glee Club, Ag. Club and other organizations on the "Hill." The fraternity and club section contains a picture and a membership roll of the frats. Last but not least comes the Gratings, with enough local wit and humor to make Mutt and Jeff look sick. Considerable of the success of this and other parts of the book is due to the clever illustrations of R. Heath of the Junior Class.

All in all, this is one of the best Nutmegs which has ever been published.

(Cont. from page 4 col. 4)

necticut Handbook. It is a pocket-size book of information, containing songs and cheers, customs and traditions, constitutions of important organizations, explanations of activities, etc. It is primarily for the guidance of Freshmen but upperclassmen will find the book valuable for memoranda and reference.

The debating club promises well for next year, if the ambitions of the present members to enter intercollegiate debates are worth anything.

FRATERNITIES

In January the Trustees took drastic action on fraternity pledging and compiled a set of rules to become effective September, 1922. These were published in the Campus of January 15, 1921, Number 12.

The fraternities protested through the Mediator in the form of a petition. A letter from President C. L. Beach was received Thursday by the fraternities to the effect that the petition would be referred to the Board for consideration. It has not yet been brought up owing to the press of other business. If the regulations of the Trustees go into effect, no fraternity pledging will be allowed before March 1, 1922, and that only of men who have been in residence for one semester and have obtained fifteen credit units.

"UNLIMITED POSSESSIONS" THEME OF BACCALAUREATE SERMON

The Baccalaureate services of the Class of 1921 were held in the Congregational Church at half past two Sunday afternoon, June 5.

The members of the graduating class wore cap and gown. They entered and left the church in procession, occupying a reserved portion of the pews. Many visiting friends and relatives were present, filling the church to capacity.

Reverend Frank Sheldon gave the sermon. "Too many of us are content to live a one talent life when God has endowed us with ten talents," said Rev. Sheldon. His theme as applied to the text was that of "unlimited possessions." He indicated the difference, however, of "possessing the world" and "being possessed by the world."

That we should work toward the "complete unfoldment of all our powers," learn to "appreciate God as the best gift of life," and utilize our experiences to make a "greater wealth of soul" were truths strongly brought out in the sermon.

"Although everything is out, we don't belong to ourselves," said Rev. Sheldon. "We are mortgaged, each one of us, for more than we are able to pay." "Life is on the square and cannot be cheated." "Be your best and count your most."

WOMEN'S STUDENT GOV. ASSO. ELECTS OFFICERS

At the final meeting of the Woman's Organization, officers were elected for the coming year. Mabel Bennett will assume the Presidency; Elsie Wattie, the Vice-Presidency, and Helen Manchester the position of Secretary-Treasurer.

(Cont. from page 1 col.)

remember that last year there was but one class on newspaper and farm paper stories and that Connecticut won first prize. For two successive years we have carried off the honors in this field.

Second prize on photographs was for the picture on inarching. Third prize on bulletin was on Dawson's bulletin and the judges said the only reason it did not take first prize was that the rules provided for a score on illustration and this carried no pictures. The only class in which we failed to place was that of Extension Service News. We are, of course, handicapped in quality of paper, amount of illustration and excellence of printing. The papers that won were shown on statements of comparative costs to be much more expensive than our own.

All of the prize winning essays or stories have been printed in farm papers and magazines of Connecticut and New England and have been read by many people throughout this section and by many of the students.

SHORT WINTER COURSES in Agriculture.

Recent appropriations have provided additions to lands, buildings and equipment valued at \$950,000. Expenses low. No tuition charge to residents of Connecticut. Military instructor. A catalog will be sent upon request.

CHARLES LEWIS BEACH, President.

CAMPUS LOSES SEVEN MEN BY GRADUATION

New Board Elected for Next Year

The Seniors members of the Campus Board relinquished their positions last Friday, when a new board was elected to manage the paper next year. Robert H. Mathewson will become Editor-in-Chief. He was elected to the Board in his sophomore year, was managing editor last year, and Editor-in-Chief of the 1921 Nutmeg.

The Associate Editor will be Marcus McCarron, who has been on the Board for two years and held the position of News Editor. Henry E. Flynn is the new Managing Editor. He has been on the News Board for the past year and is Editor-in-Chief of the 1922 Nutmeg. The News Editors will be Theodore Gardiner and Harold Steck.

New members of the News Board are Herbert Beisiegel and Byrd Standish, elected from the Associate Board and Oliver Lyman and Raymond Abbey. George Hildring, Fred Metzger, Fred Peterson and Louis Richardson were elected to the Associate Board.

Herbert Webb, who has been Asst. Business Manager during the past year, was elected to head the new Business Board. He has been on the Campus Board for two years. Paul Reveley was chosen to succeed Webb as Asst. Business Manager. The new Advertising Manager will be John L. Oberly and the next Circulation Manager is Newton Brockett.

Each year the Campus honors several members of the Board by granting two major and three minor awards. The past Editor-in-Chief and Business Manager, E. D. Dow and Carlton Austin respectively, were voted the major awards. The minor awards were given to R. H. Mathewson, Marcus McCarron and Theodore Gardiner.

Everett Dow has been a member of the Campus Board from his second year in the School of Agriculture, when he was Circulation Manager. During his freshman year in the College he held the position of Business Manager. In his sophomore year he went out for the editorial end and became Managing Editor the year following. From this position he was elected Editor-in-Chief. He was also Editor-in-Chief of the 1920 Nutmeg and of the Phi Mu Delta Triangle.

The past Business Manager, Carlton Austin, was formerly Circulation Manager. Since he assumed his duties, the Campus has been given an office in the Main Building, while previously it was almost homeless.

Warren Brockett made the Board in his Freshman year and was Editor-in-Chief last year. He had to resign because of ill health, however, and was succeeded by Henry Fienemann, who has been on the Board for three years.

William Maloney, Newton Alexander and Evington Osborne, three members of the News Board whom the paper loses this year, have been active on the Campus for two years.
