WEINSTEIN HEADS STUDENT ORGANIZATION

STUDENT BODY ELECTS OFFICERS FOR YEAR

Constitution of Student Senate Adopted.—New Organization Will Deal With Freshmen

Arthur I. Weinstein, '23, was elected president of the Student Organization for the coming year at the last regular meeting of the organization held last night in Hawley Armory. Carl O. Dossin, '23, will serve as first vice-president, Russell A. Palen, '24,

ARTHUR WEINSTEIN
President of Student Organization

as second vice-president, and Harold McCarthy, '25, will be secretary-treasurer.

Two amendments were made to the constitution, the first providing for a quorum of three-fifths of the members and the second placing freshmen regulations under the jurisdiction of the student organization instead of the mediator, which in the future will be an interfraternity council only. The amendment providing for a student senate in place of the old student council, was passed. The senate is essentially the same as the council was and will have supervision over all non-athletic student affairs. Only juniors and seniors and one senior two-year man will have seats in the body.

Treasurer C. O. Dossin reported that the Monteith portrait cost \$700.00. \$263.28 must still be raised in order to finish paying for the portrait. President Mathewson stated that the portrait fund can handle any extra funds which the various student activities may have.

CAMPUS BOARD ELECTS FOR COMING YEAR

STANDISH AND REVELEY HEAD NEW BOARDS

Metzger is Managing Editor.—Eight Freshmen Get Positions.—Three Seniors Given Major Awards

Byrd E. Standish was elected editor-in-chief of the Connecticut Campus for the coming year at a meeting of the Campus board held in Gulley Hall last Monday night. Standish has been prominent on the Campus board for the past two years and is a member of the 1922 Nutmeg board.

Harold W. Steck, editor of the Nutmeg and also active on the Campus board for the past two years, received the appointment of associate editor. Frederick W. Metzger, a present member of the news board was advanced to managing editor and Russell A. Palen, together with Harold W. Baldwin, were elected news editors.

On the business board Paul J. Reveley was elected business manager, John L. Oberly, assistant manager, Norman M. Ash advertising manager and Donald W. Tucker circulation manager.

From the present associate board G. V. Hilldring and Lewis C. Richardson were advanced to the news board. Newton Brockett was elected to the associate board from circulation manager. To fill the vacancies on these two boards the following freshman reporters were appointed: News board: Eli I. Collins, George R. Warrek; associate board, Hoadley M. Groesbeck, Merle N. Jillson, John Jacobie and Lewis J. Quigley.

Three major awards were given to those seniors who have been most actively engaged in publication work while on the Hill.

Those to be honored by this award were Robert H. Mathewson, present editor of the Campus, editor of last year's Nutmeg and the Handbook, in addition to being an active member of the Press Club during his four years on the Hill. Herbert F. Webb, business manager of the Campus, 1922 Nutmeg and the Handbook, was the second senior to receive the honor and the third award went to Marcus McCarron, associate editor of the Campus, "Gratings" editor of the Nutmeg and vice-president of the Press Club.

PRES. BEACH REPORTS TO DEPARTMENT OF INTERIOR

Working Income and State Money Invested Here Excelled by Only Few Other State Institutions of Country. Salary Minimum Equalled in One Instance.

In a report made recently to the United States Department of Interior by President Beach the total working income of the college during the past year is set at \$851,156, which is surpassed by only thirty-three out of ninety-six other state colleges in the country. The aggregate value of the land, buildings, grounds, library and scientific and other equipment of the institution is valued at \$2,392,792 according to the report which showed that the state of Connecticut has more money invested here in buildings than there is in eighty-one other state institutions throughout the country.

Although the state's appropriation of \$506,088 made up a greater part of the working income of the college, it received \$85,712 from the United States government, \$42,153 from student fees, \$18,795 from its productive funds and \$198,408 from other sources.

The enrollment of 318 students proved to be the lowest enrollment of any state college throughout the country except in cases where states maintained more than one college.

The enrollment figures for such institutions fall below those of Connecticut in only thirteen instances. Rhode Island State College was one of the lowest having an aggregate enrollment of but 356 students.

The report of the Department of Agriculture showed that seventy-two of the 318 students were women and that over one-third or 132 took courses in agriculture, which is proportionately higher than the majority of other state colleges of the country. Thirty-four are enrolled in the course in mechanical engineering, fifty-six in the home economics course and eighty-five in other short courses.

The salary maximum of \$3,000 per year for instructors at Connecticut was shown by comparison to be excelled by no other state institution of the country and equalled only in one state, Iowa.

In value of library and scientific apparatus the report showed that Connecticut stands thirty-sixth among the other state institutions. There are 27,000 bound volumes in the library which with the scientific apparatus of the college, are valued at \$202,248, according to President Beach's report.

TRACK IS ADDED TO MAJOR SPORT LIST

DALY PRESIDENT OF ATHLETIC ASSOCIATION

Oberly and Wing Managers of Track.—Beamont and Platt to Manage Baseball.—Other Officers Elected

Track was made a major sport by a two-thirds vote of the student body at the Athletic Association meeting last night. The committee appointed to investigate the financial condition of the athletic association reported that track could be financed as a major sport.

MAURICE DALY
President of Athletic Association

Maurice F. Daly, '23 was elected president of the Athletic Association for the coming year. Daly has been active in athletics, having been full-back on the varsity football team for three years and on the varsity basketball squad since coming to college. Other officers for next year are, Markham Purple, '24, vice-president, and William O'Brien, '25, secretary-treasurer.

John L. Oberly, '23, was elected manager of track and Raymond Wing, '24, as assistant manager.

Leslie Bramont, '23 and Norman Platt, '24, were elected manager and assistant manager respectively of baseball for the coming year.

An amendment to the constitution providing for a competition system in obtaining cheer leaders will be posted on the bulletin board and voted on at the first regular meeting next fall.

There will be no issue of the Campus next week.

The last issue will be printed during Commencement Week.

JUN 5 1922

WESLYAN DEFEATED BY AGGIE MACHINE

BLUE AND WHITE HAMMER RED AND BLACK TWIRL- ERS

Home Runs by Alexander and Brundage Add to 10 to 3 Score.—Laubscher and Sawin Share Pitching Honors.

Playing a hard hitting game, the Blue and White nine defeated Wesleyan College on their own field 10—3. In the course of the game three Wesleyan pitchers were put up against the Nutmeggers but they could not stem the tide. The Aggies made ten runs, sixteen hits and two home runs in the game and were at no time at the dangerous end of the score.

Coach Taskers boys started the ball rolling in the first inning. Wetstine singled, advanced to third on a hit from Brundage and came home on Laubscher's sacrifice. Connecticut did not score again until the third inning when Wetstine and Brundage both completed the circuit.

In the sixth inning Alexander lined the first ball pitched for a home run, one of the longest drives ever seen on the Wesleyan diamond. Brundage duplicated Alexander's performance in the eighth inning when he knocked out a home run bringing Wetstine in.

Wesleyan earned two runs in the fifth inning, two singles and a sacrifice accounting for them. In the ninth frame the Red and Black tallied another score when Sawin threw wild over Metelli's head.

Makofski made on the sensational catches of the game when he caught a difficult fly and whipped to first before the runner could get back to the initial sack, thus accounting for the only double play of the game.

The game was errorless for Wesleyan and Connecticut had but two errors marked against them. Tight fielding marked the Nutmeg team's performance and not one ball was allowed to go through the infield. The Wesleyan hitters seemed to be able to connect with the balls pitched by Laubscher and Sawin, but they were of no avail, for they were all thrown out at first. Wesleyan made several substitutions in order to hold the Aggies, who took kindly to all offerings from the home twirlers.

STRONG BATES NINE HUMBLLED IN TEN INNING PITCHER'S BATTLE

FUMBLE AT INITIAL SACK BRINGS WINNING TALLY FOR BLUE AND WHITE IN TENTH FRAME

Sawin and Hamilton Pitch Well, Keeping Hits of Both Teams Few and Well Well Scattered.—Excellent Fielding on Both Sides.

After ten innings of brilliant baseball the Blue and White nine defeated Bates College of Lewiston, Maine, 1—0. Both teams were at their best and it was not until an error was made by the Bates outfit that the Nutmeggers were able to put across the winning tally.

The game was a pitchers' battle from the start. Sawin, the Aggie moundsman was in excellent form, and the visitors were able to connect for only five hits, these netting nothing. Hamilton, the diminutive pitcher,

singled, stole second, and advanced to third on a fielder's choice from O'Brien. Ryan then hit a short one to second but reached the initial sack safely when Jordan fumbled the ball. Wetstine came home on this play and scored the winning tally.

The absence of hitting marked the whole game. Both teams were able to get a few hits but these were of the scattered variety and did not amount to much. Tight fielding was noticeable in both outfits and the result of the game was at no time apparent.

er from the Pine Tree State, twirled a consistent game of ball for the visitors and the Aggies were able to line out only four balls for singles.

At the end of the ninth inning neither team had been able to score a run and an extra inning was played. Bates gained nothing in this frame, and things looked dark when the unexpected happened. Wetstine

bagger in Wesleyan game.

NUTMEGGER'S PREPARE FOR R. I. AND WESLEYAN

Coach Tasker's Outfit Expected to Chalk Up Two More Victories.—Wesleyan Here Memorial Day.

In the game scheduled with Rhode Island State at Kingston for today and the next home game that is to be played against Wesleyan on Memorial Day, Coach Tasker's charges are expected to add two more scalps to their well filled belts.

Little is known of the Rhode Island outfit but they are expected to offer good opposition to the Blue and White nine. In the game with Wesleyan, the Nutmeggers batted the Red and Black twirler around the field and netted sixteen hits, two of which were home runs, so another victory is expected from the Middletown lads next Tuesday.

"Bob" Laubscher and "Deac" Sawin will probably share the twirling honors in these games, either dividing them or pitching in both. Unless the unforeseen turns up there will be no other change in the line-up for either of the coming contests.

TRACK MEN PREPARE TO MEET TRINITY

Coach Daly's charges are now practicing with double vigilance in preparation for the coming meet with Trinity that will be held in Hartford on June 3rd. Last year the Blue and White nosed out the Capitol City aggregation by a lone point but this year, although rumor asserts that Trinity is ready for a Connecticut scalp, the Nutmeggers are expected to come through with the third win of the season.

The exact line-up of the Nutmeg team is yet uncertain but the men who have won places in the other meets this season are pretty sure of their berths, although some of the men who reported later are now making strong bids for places on the team at the coming meet.

FACULTY NINE TAKES JUNIORS INTO CAMP

In a loosely played game the faculty triumphed over the junior baseball nine by a 10 to 2 score last Wednesday afternoon. Dickens, pitching for the juniors had an off day and issued several free trips to the initial sack. Brown, twirling for the faculty, had good control and let the juniors down with two runs. Daly filled the backstop for the juniors and Mahoney for the faculty.

Score by innings:
Juniors 2 0 0 0 0—2
Faculty 1 4 1 4 0—10

Five home games at the end of our baseball schedule looks pretty good.

Coach Tasker is looking for five more victories this season.

Looks like another win for the Track Team.

**COLLEGE GLEE CLUB
GIVES CONCERT****SINGERS CONTRIBUTE TO
JUNIOR WEEK PROGRAM**Solos by McKenna, Bassett and Ash-
man and Readings by Steck Com-
plete Interesting Program

Adding one more step in the completeness of Junior Week the College Glee Club gave the first concert of the year in Hawley Armory, May 18, under the direction of Mrs. H. D. Newton. The chorus, composed of six tenors and an equal number of bass singers, rendered several selections and as the climax featured Connecticut's Victory Song, the words of which were written by Allan Bates, '23. Harold Steck gave two interesting readings from John B. A. Weaver, one of the modern American poets. Donald Bassett sang "The Bells of Seville." Anthony McKenna rendered "Then You'll Remember Me." Elmer Ashman impressively sang "The Two Grenadiers" for the solos of the program. The singing closed with the Alma Mater and Taps with lowered lights. Dancing followed to music furnished by the College Orchestra.

**MONTEITH PORTRAIT
SHOWN IN NEW YORK**

The portrait of Henry Ruthven Monteith will be exhibited at the Newcomb Macklin Studio, 233 Fifth Ave., New York City, from May 24 to 27, according to a letter received from Harold A. Green, the artist.

After the exhibition, the portrait will be sent to Storrs for the presentation exercises to be held Friday, June 9, as a part of the Commencement program. The portrait will be unveiled in the Dining Hall by President C. L. Beach.

Annie: "Did you ever stop to see Mildred?"

Jim: "Yes, when she was getting on a trolley car."

**FESTIVITIES END
WITH JUNIOR PLAY****CLASS PRESENTS "IT PAYS
TO ADVERTISE"**All Parts Well Carried Out.—Well
Filled House gives Much Applause

The class of 1923 dropped the curtain on its Junior Week with a successful presentation of the famous comedy, "It Pays to Advertise," in Hawley Armory Saturday night. A full house constantly applauded the cast of twelve juniors.

Miss Natalie Hallock as Mary Grayson, the pretty and efficient secretary, and Miss Emma Reed, as the scheming Comtesse de Beaurien, played their parts well. George V. Hilldring as Rodney Martin, son of the soap king, added to his reputation as a clever actor, while Harold Steck, portraying Ambrose Peale, the peppery advertising man, put across some of the biggest laughs of the evening. Stanley Patterson scored on his fine rendition of a difficult part, that of Ellery Clark, the dandified son of a rival soap manufacturer. Harold E. Bolan as Cyrus Martin, Rodney's father, played with dignity and came through with some especially good acting near the end.

Music during the performance and for dancing after the play was furnished by the "Midnight Sun" Orchestra of Middletown.

**SPANISH PAPER ASKS
TO REPRINT BULLETIN**

"Practical Poultry Culling" by Roy E. Jones to be Reprinted in Latin-American Publication

"La Hacienda," a paper that is printed in Spanish and Portuguese, circulated in South and Central America and is often called "The Country Gentleman" of South America, has written to the college asking permission to reprint Illustrated Bulletin No. 37, by Roy E. Jones on "Practical Poultry Culling." This bulletin beside receiving attention from Latin America has been called for by nearly every state in the Union. Oregon and Kansas State Colleges have written to borrow cuts which appear in the bulletin.

I. G. Davis, professor of Economics and Marketing, who has been confined to his home for some time due to a breakdown in his health caused by overwork, is now recovering and expects to be about in a short time.

EX-EDITOR MATHEWSON

"Hero" is a word that any person
is justly proud to have connected with
his or her name.

In college we may have many heroes
but they are always divided into two
classes—those who win fame as in
athletics and are attended by a great
shout and cheering and those who
work steadily and silently, long and
hard at their task, simply for the
love of the game that they play.

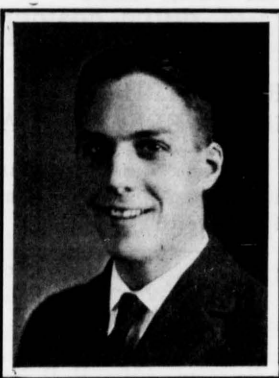

In this latter class we find the editors
of our college publications who
have devoted a greater part of their
college careers to sitting far from
the madding crowds and steadily
clicking their typewriters, always
led on by the gods of Information and
Truth.

Thus it is with our retiring editor
and here we wish to pause to give a
word of praise to one who is leaving
the field after a hard well-fought
battle.

The great forward stride of our
publications, especially the Connecticut
Campus, during the past year is
due in a large measure to the broad
grasp of information, keen sense of
news value and the forceful and interpretative
editorial ability of this
senior. We rise for a vote of thanks
to the retiring editor and his board.

Upon the shoulders of the new
board falls a legacy, with attendant
responsibilities, which it intends to
preserve and to carry on with the
Aggie spirit, always striving for a
higher goal. The student paper has
innumerable opportunities of playing
an important part in the events of
college life. We hope to make the
1922-1923 Connecticut Campus newsy
and of value from the editorial standpoint.

The Mechanical Engineering Department
of the College has recently
added a large electric blue printing
machine, valued at \$300, to its equipment.
It is the intention of the department
to use this machine for class and instruction
work and to make prints for the other departments
of the college.

Retiring President of Student Council
and Student Organization

Mr. Mathewson is also Ex-Editor-in-
Chief of The Connecticut Campus

**COMPANY A WINS IN
COMPETITION DRILL****CAPTAIN WOOD PRESENTED
WITH THE AMORY CUP**

Annual Competition Judged by Major
Paul Reade of Boston College.—
President Beach Makes Presentation

Company A won the annual competition
drill for the Amory Cup that
took place in Hawley Armory from
10 a.m. to 12:00, last Friday morning.
Major Paul W. Beade, professor of
military tactics at Boston College
was here for the inspection and acted
as judge.

The drill, which is usually held on
the athletic field was held indoors this
year because of the weather conditions,
consisted of an inspection of
each company by the judge. Questions
regarding the nomenclature of the
parts of the rifle were also asked of
the men in the different companies.
The general progress of the drill was
so arranged as to show the ability of
the companies in executing commands
of closed and extended order and in
the manual of arms.

After each of the individual companies
had had their turn on the Armory
floor all three companies were lined
up and President Beach presented
the Amory Cup to Captain Walter
Wood of Company A. Including the
competition this year, Company A
has won the cup twice, Company B
three times and Company C, winner
last year, has twice gained honors.

**GAY COLORS PROMINENT AT
JUNIOR GIRLS TEA DANCE**

Traditional Afternoon Dance Adds to
Merriment of Junior Week.—Over
Fifty Couples Attend

Enticing music, spirit and a gay
array of colors all functioned in the
success of the Junior Tea Dance held
in Hawley Armory on the afternoon
of May 20 from 3 to 5 o'clock. The
Tea Dance tradition was originated
by the class of '22 and has since been
naturally associated with the Prom.

Fully fifty couples in light dresses
and hats and the customary Junior
Week white flannels enjoyed the
charm of the music furnished by the
"Midnight Sun" Orchestra of Middle-

is being taken by members of the
Debating Society.

Tau Kappa Alpha has 35 chapters
on its roll, located in colleges and universities
such as Yale, Columbia, Harvard,
Dartmouth, City College of New
York, Trinity, University of Minnesota,
Purdue, Kentucky, and others.
Requisites for membership in the
fraternity are that the candidate must
have been in at least one intercollegiate
debate, he must receive the unanimous
votes of the active members, and he
must be in good scholastic standing.
Members of the Debating Society
who are eligible for membership are
Harry Comins, Andrew Schenker,
Samuel Fier, and Joseph Rivkin. Dr.
H. K. Denlinger will be an honorary
member. The insignia of the fraternity
is a gold key, and its official publication
is "The Speaker."

The Debating Society has arranged
for a debate with North Dakota University
some time during January, while
their team is on its eastern trip.
Arrangements are completed also for
debates with Springfield in November,
and with Mass. Aggie and R. I. in
March. Through the influence of the
Debating Society, and attracted by
the prospects of a chapter of Tau
Kappa Alpha being secured here, nine
members of the Hopkins Debating
Club of the Hartford Public High
School are entering C. A. C. next fall.

town. The overhead canopy of blue
and white bunting and the palms and
flowers enveloping the orchestra and
the refreshment tables served as the
decorations. Miss Bennett, Miss Ericson,
Miss Belden and Miss Tuttle assisted
by Miss Coppola and Miss Cooke
poured punch and passed cookies
during the afternoon.

The committee in charge was Miss
Wakeman, chairman, Miss Dunn and
Miss Toole.

SAFETY VALVE

Dear Editor:

The close of the year brings with it
the elections of new officers for the
different organizations. Our Womens
Student Government Association faces
the same necessity for it too must
have guidance for the coming year, as
it has had in the past.

We heartily appreciate the work
which our retiring president and her
council have done toward helping us
to become adjusted to the life in our
new dormitory. To them, the active
and representative body of girls, we
owe the success of our governmental
and social activities. They have
brought us to realize, through their
work, the great value of co-operation.

A great share of the success of this
past year's work has been due to wisdom
and faithfulness of our retiring
president, Mabel Anita Bennett. All
of us acknowledge her ability as has
been shown by our willingness to support
her and to cooperate with her in the
many problems of our every day life.
It was through her effort that the
girls played so much more important
a part in Connecticut Day than
previously.

We heartily appreciate the work of
our president and her council in placing
us on so strong a foundation in our
new dormitory and trust that the
loyal support which we shall continue
to give the in-coming officers will be
for the betterment of C. A. C.

THE AD CLUB

To the Editor of the Campus:

In view of the good start which the
Ad Club has made this year and the
opportunities which it offers for those
who possess business ability, why do
not more of the students try out for
positions in this organization? There
are many of us who are not athletes,
actors or writers, but who have good
business sense. There is an opportunity
for just such men, and for many
other types in the Ad Club.

The Ad Club needs you and it has
been proven that the College needs
the Ad Club; why not a little cooperation.

**STUDENT COUNCIL HOLDS
LAST MEETING OF YEAR**

The last meeting of the Student
Council was held last Wednesday
night. It was voted that a summary
of the activities of the year should be
made, and that this together with suggestions
as to future activities of the
student body and government should
be given to the administration of the
college.

In the treasurer's report it was
learned that \$300 has already been
paid toward the Monteith portrait, and
that this, with the \$150 now in the
treasury, leaves a balance of \$250
still due. It is expected that the major
part of this sum will be donated by
the Alumni Association at their annual
meeting at Commencement.

JUNIOR CLASS ADOPTS YOUNG MAPLE TREE

One of the most interesting events in the long line of happenings during Junior Week was the Tree Adoption exercises which were held in front of Holcomb Hall last Saturday afternoon.

Although the attendance was rather small, the exercises were well carried out by Chairman P. N. Beardsley of the Tree Adoption Committee, assisted by C. R. Probst and E. J. Smith.

President L. A. Alexander, of the Junior Class, made a short introductory address, explaining that the adoption of a living tree by each Junior Class has become a tradition at the college, and so the Class of 1923 has transplanted a maple tree to the corner of the lawn in front of Holcomb Hall. President Alexander brought out the fact that in bringing the tree into new surroundings to have its real growth, the class had symbolized the conduct of the class when next year they will graduate into new surroundings to obtain their real growth.

Miss Ida Tuttle, as Class Historian, read a poem which explained the purpose of planting the Tree by the class.

Dr. E. W. Sinnott, as Class Advisor, gave a short talk in which he gave several botanical comparisons of the life of the plant and tree to the life of the individual.

The Glee Club led the gathering in singing several of our best known college songs.

TRUSTEES AND FACULTY INSPECT HOLCOMB HALL

On Saturday afternoon, May 13, the co-eds entertained the faculty, trustees and friends at an "At-home" in Holcomb Hall. The dormitory was artistically decorated with large ferns and flowers.

In the receiving line were President and Mrs. Beach, Miss M. E. Sprague, Dean of Women, Mrs. Fred Vinton of Eagleville, and Mrs. Otto B. Robinson of Willimantic, trustees, Miss J. G. McKenna, Mrs. B. W. Birdsell, Miss E. J. Rose, members of the Home Economics staff and Miss M. Bennett, president of the Student Council.

The guests were shown through the building. On the first floor was displayed a room furnished by Mrs. L. B. Crandall's freshman class in house planning. The girls made the furnishings and arranged them for display. Two other rooms used as cloak rooms were shown as the work of the sophomore class in house furnishing. The guests were then taken into the basement to inspect the cooking labs.

The trip ended in the little reception room where the guests were served with punch and cake made by the girls.

Music was furnished by the Peerless Orchestra of Willimantic.

R-R-Revenge!

A slashing stude named Saul
For co-eds vainly did call—
The reason you see
Is plain as can be;
He went to "Willie" last fall.

CAMPUS PHILOSOPHER

We hold no hope for the frosh who wore the ancestral dress suit to the Prom and forgot to return it in time for his grand-dad's Golden Wedding anniversary next day.

Jack Lynch reports that outgoing mail is nearly double in volume this week. Must be that studes are requesting some of the wherewithal to pay Junior Week bills.

And now for the "good old summer time."

But, Lord those exams.

There is more than one occasion when foresight is worth a H of a lot more than hindsight. For instance, consider the chap who took his roommate's sister, and—oh, well, you know the rest.

If you crave to sport a Stutz, lay in a supply of suspenders at the next formal dance.

"Well, this is the end of a perfect day," said '25 as the last decoration went into place on the Prom box.

Some of the boys are beginning to realize that the war's over. Skirts are lengthening again.

The C. P. maintains that a fellow's mind is more reminiscent than philosophical when he's been out until three the night before.

Cheer up! Only fifty-one more weeks till Junior Week.

We may not be able to boast a genuine Bluebeard, but just the same, Slutsky is quite a lady killer.

We find this one of the most inopportune times in the year to try to collect one's debts.

Even some of the windows in Storrs Hall are broke.

But pay-day is near at hand.

And we all have soft jobs at big wages booked for the summer.

Wonder what a co-ed does during the summer vacation?

Just about exam week the leaves will begin to open.

Why not try out for the Ad Club?

PRESIDENT WILL GIVE RECEPTION TO SENIORS

In accordance with the usual custom President and Mrs. C. L. Beach will give an "At Home" in Hawley Armory on Friday evening, June 2, from eight to twelve, in honor of the Senior Class.

The Peerless Orchestra will be on hand to furnish music for the evening and dancing and a social time will be enjoyed by the Senior Class.

MEDIATOR ADOPTS NEW CONSTITUTION

A new constitution was adopted by the Mediator at a meeting held Wednesday noon, which will change the duties and powers of the organization. Heretofore the Mediator has had dealings with the Freshmen but this has been cut out so that the Mediator will become a purely inter-fraternity organization dealing with inter-fraternity relations only.

A committee of three were appointed consisting of Daly as chairman, with Ashman and Alexander to draw up the rushing rules for next year. Another committee with Lovett as chairman with Weinstein and Bolan as assistants was appointed to investigate the new fraternity on the Hill and report at the next meeting to be held Wednesday, May 31.

The matter of financing the inter-fraternity pool and bowling tournaments was brought up and the cups are to be awarded each year but a fraternity will have to win three consecutive times before it owns the cup.

**JUNIOR PROM CLIMAX
OF FESTIVITIES**

**ARMORY IS TASTEFULLY
DECORATED FOR OCCASION**

Fraternities use Own Color Schemes
and Produce Excellent Boxes.—

"Midnight Sun" Orchestra
Furnished Music

The climax of the Junior Week festivities was reached when on Friday evening, May 19, the Junior Prom was held in the Hawley Armory.

Twenty-four hours of hard work on the part of the decorating committees was not in vain when the Armory was seen that night entirely transformed. Each fraternity and the Cosmos Club was assigned floor space for boxes and any original color scheme was permissible.

The overhead decoration of interwoven blue and white bunting entirely covered the ceiling and gave a low effect to the whole hall. The box of the College Shakespearean Club reproduced a trellised garden, green and white represented in crepe paper and lilacs being the predominating colors. The Cosmos box was cleverly arranged to portray a theatre box. The true narrow style was maintained, making the effect very different. Blue birds against a blue and white background gave the Eta Lambda Sigma an unusual appearance. Contrary to custom, the Alpha Gamma Rho was given the stage and made the most of it by decorating in an almost exact representation of a house and porch. The checker-board background of blue and white made the Phi Mu Delta harmonize well with the other boxes. The homey red and white brick effect which predominated in the Alpha Phi box and the gayly colored balloons of the Phi Epsilon Pi furnished excellent color on either side of the "Midnight Sun" Orchestra, which was located on the west side of the Armory near the door.

The orchestra opened the evening with a concert from 8 to 8:30 followed by the grand march to the patrons and patronesses who were President and Mrs. C. L. Beach, Dr. and Mrs. E. W. Sinnott, Dr. and Mrs. H. D. Newton and Dr. and Mrs. L. C. Dunn. Nearly one hundred and fifty couples danced from 8:30 p.m. until 2 a.m. The program consisted of eighteen numbers and three extras which included three moonlights. The silvery moon rays were furnished by a "special" moon which rested over the stage. Leather programs in the form of bill folds and stamped with the Connecticut seal and gay ostrich feather fans served as mementos of the occasion.

The committee for the affair were: Executive, P. L. Steere, chairman, R. D. Brundage and M. E. Katz; Decorative, J. L. Oberly, chairman, R. E. Collins and H. E. Bolan.

The Sophs at John Hopkins University put on over on the Frosh lately, when they changed the date of their banquet and held it with very little interference from the lower class.

CONNECTICUT AGRICULTURAL COLLEGE ALUMNI NEWS

ALUMNI PLAN THEIR CLASS REUNIONS

SEVENS AND TWOS TO LEAD ALUMNI GROUPS

Many Plan to Visit Connecticut and
Take Part in Commencement
Activities

As has been the custom, all classes graduating in five year periods, dating back from our present Commencement have been invited to hold a reunion at the college this year. The oldest class in this program is 1887. Just what they are planning to do has not yet been reported, but the honor place is being held for them and undoubtedly they will come though with a surprise.

The 1892 class held a reunion last year, put up a railing around their class tree and erected a bronze tablet with their class names thereon. They are not planning a reunion this year.

The class of 1897, graduates of twenty-five years, are most certainly to be in evidence. Fred Buell says: "We may be old and rusty but we'll show them that are not dead yet." While A. C. Gilbert says "I've forgotten how Storrs looks and it doesn't know me now, but I am coming back just the same." We would not repeat what Lucchini might say, but we all know he means well.

Have you ever heard James B. Thwing when he really lets loose? Well, he is in charge of the 1902 youngsters with Prof. Lamson and George Hollister as running mates. It is not a question of what they are going to do, but rather a question of what they are not going to do this coming Commencement.

E. M. Stoddard of '07 fame says "Send me my class list with addresses and I will round up the bunch again."

1912 are a busy bunch of soil-tillers and we hope that they will make the dust fly towards Storrs soon.

Watson and Kilbride are holding the reins of the 1917 class chariot. Reports indicate that they are headed this way and are all piling on.

"SPRING OF YOUTH FOUND" STATES C. A. C. BARD

"Turn Back the Wheels of the Universe and Bring Me Yesterday" sang the bard and the alumni of C. A. C. said "If you will only get back to your college for Commencement, it will recall the years better than anything I know of. Going up to Commencement last year made me feel ten years younger."

We recommend Commencement to all graduates and former students as a "Spring of Youth" so plan to come back, your friends will be there.

Elmer Foote 1916 S. is on his own farm at Colchester. He owns a fine herd of grade Holsteins.

DID IT EVER OCCUR TO YOU?

That as a graduate or former student at the Connecticut Agricultural College that you had a special responsibility to the College and the young people of your community to help carry information about the College to those who might be interested in attending Aggie? Well, it's true and the responsibility is yours whether you accept it or not.

HARTFORD GROUP HOLDS FORTH AT CITY CLUB

The Hartford County Alumni Club met Wednesday evening May 24th at the City Club, Hartford.

While the meeting was not large, all present were very much interested in the welfare of the college and the Alumni Association.

Secretary Blevins having moved to Bridgeport was replaced by M. C. Seeger of 67 Farmington Ave.

The tentative plan outlined by the Executive Committee some time ago was adopted by the meeting.

This program includes four regular meetings during the year and the appointment of several committees to assist the field secretary and the college.

The club felt favorable toward the matter of having representatives of each club meet June 9 to discuss business to be brought before the alumni association meeting June 10.

A Stunt Committee was appointed to function in connection with Alumni Jollification on the evening of June 10.

After cussing and discussing everything from A to izzard regarding the college, refreshments were served. Although there were many criticisms made of things in general, all were agreed that Old Aggie was a good institution and one of which pride increases rather than lessens.

STORRS ALUMNI CLUB ELECTS NEW OFFICERS

The annual meeting of the Storrs Alumni Club was held in the campus church Saturday, May 13. The following officers were elected:

President, Fred Rosebrooks, '91; Vice President, Rose Dimock, '05; Secretary and Treasurer, A. J. Brundage, '10.

Last year's stunt committee was re-appointed and instructed to do their darndest, so heads up, everybody.

The club has organized to raise its assessment which will be completed before Commencement.

President Beach told how the Alumni could be of assistance to a college.

David Katz, ex. '25, visited the Hill for a few days this week.

Howard "Prexy" Wilson, ex. '24, came back to the Hill for the Junior Week activities. "Prexy" is now enjoying life in Waterbury.

ALUMNI JOLLIFICATION COMMENCEMENT FEATURE

Grand Get-to-gether of Alumni for
Saturday Night, June 10, Planned

There may be other jollifications, but there is only one "Alumni Jollification," and that is put on annually by the alumni of the Connecticut Agricultural College at Commencement.

The first Jollification was held last year and it proved so popular that everyone wanted it continued.

The Jollification this year will be held in Hawley Armory, Saturday evening, June 10th, at eight o'clock, standard time.

Not only have several of the re-unioning classes planned the stunts which they will present for the mutual interest and amusement of their fellows but several of the local Alumni clubs have planned to put on stunts that will be regular humdingers.

It has been intimated that some of the stunts will be so bright that it may be well for the on-lookers to bring their colored glasses. (The Alumni Association positively refuses to accept and responsibility for damaged eye sight.)

ALUMNI NOTES

A daughter was born to Major and Mrs. Charles B. Amory, former commandant, March 27th, 1922, at the Montreal Maternity Hospital, Montreal, Canada.

"Nat" Cohen, 1917, is engaged in the retail feed and grain business at the Valley Mills, Portland, Conn.

Webber Chapman, 1921, is herdsman on the farm of J. W. Alsop, Avon, having a large herd of Ayrshires and Guernseys.

The "Duffy" Bamards 1908 and 1915 are running a tobacco and dairy farm in Bloomfield.

A. J. Randall, 1918 S. is on the old Randall homestead in Lebanon.

Frank Hastings, 1915, has a farm of his own at Avon.

Richard Dudley Seymour 1915 Sp., is on his own tobacco farm at Tarriffville.

Elmer Randall, ex. 1916, is working in the Hartford Office of the Travelers Insurance Co. His home is in Andover.

Arnold Foote 1916 S. is on the home farm in Columbia.

LITCHFIELD COUNTY ALUMNI ORGANIZE

Plan to Put on Stunt at Alumni Jollification and Hold Field Day
This Summer

The Litchfield County Alumni Club called a meeting for last week Thursday night but the very inconsiderate weather man chose this same time to open up his sprinkling can and effectively lay the dust with drenchy torrents.

Notwithstanding, a few stout hearts braved the deluge and really accomplished quite a lot.

While the order of business called for election of officers, this item was postponed until the next meeting, notwithstanding the fact that those present could have either elected themselves into office or elected some one else.

A summer field day in July was discussed and rather definite plans were laid for making such a county field day. Students living in this area will be invited to attend. Nothing will be spared to do the thing up right.

Plans were also launched for the club stunt at Commencement, and while it would be breaking a confidence to tell much about it, it is safe to say, it will be a "good live one." Keep your eye on these Litchfield County Dairymen. "We will accept our assessment from the Alumni Association for Field Secretary work and will try and have the funds in the hands of the treasurer soon after June 1st" said Sec. Treas. Eleanor Moss.

What this meeting lacked in size it made up in its capacity to do constructive work. They hope to be well represented at Commencement.

WATERBURY ALUMNI CLUB

Elects Officers and Plans for Field Day
at Shore Resort

The local Alumni Club of Waterbury and vicinity met Friday evening, May 19, in Cheshire at the home of Mark Bishop, '06.

Election of officers resulted in the following:

President, Mark Bishop, '06; Secretary and Treasurer, Benjamin Storrs, S. '13; Executive Committee members: Mrs. A. J. Pierpont, Anna Clark, '06, Arthur Meriman, S. '19.

This club will be represented with a stunt for Jollification and a good bunch of rooters will be on hand.

The executive committee was instructed to plan a summer field day and former president Mort. Pierpont, '03, invited the club to meet at his shore cottage, the Pier-Point, at Short Beach.

Following the business meeting, refreshments were served by the hostess. About twenty-five attended the meeting.

DR. CUMMINGS OUTLINES EUROPEAN CONDITIONS

At the College Assembly last Wednesday Dr. Edward Cummings, pastor of the South Congregational Church of Boston and successor of Edward Everett Hale, spoke on "The Present Conditions of Europe."

Dr. Cummings said that our greatest anxiety is whether or not Europe, and consequently America, will fall back into the dark ages. If we do slip back it will be only history repeating itself—if not, it will be averted through the death of international wars.

We have heard much of the blessings of self-determination. This principle has not been followed since the World War, Dr. Cummings states. Austria Hungary has been isolated in the midst of European countries and cities so that the importation and exportation of goods is practically impossible. Austria has a population of about seven million people and one third of this number live in Vienna. Before the war Vienna was flourishing with her leather, silk and silver industries and others but since the exportation ceased the prices have dropped and the people are starving. The fault is due mostly to France, who is trying to raise the indemnities at the same time she is lowering the value of the Austrian goods, and is making no headway in either direction, believes Dr. Cummings.

It is a question of either crushing Germany and passing up the money or of letting her prosper and pay.

Dr. Cummings finished the lecture with the statement: "Europe will have to be saved to maintain civilization."

AD CLUB PROVEN USEFUL TO COLLEGE

One of the new activities on the Hill this year has been the Ad. Club. It has saved money for several of the other activities by its work. Among the things which it has done are the furnishing of posters and schedules for the baseball team, posters, tickets and score cards for the track meets, minor letter certificates for presentation and programs for the Glee Club concert. The Ad Club is now working on a new form of football poster to be used next season, and it is expected that all other activities on the Hill will make use of the facilities provided by the Ad Club next year.

The one thing which, according to President Kostolefsky, can hinder the only two men have tried out. It is usefulness of the organization is the lack of material. So far this year, absolutely necessary, in order to continue work, that there be a larger working force next year. Freshmen who wish to try out, and upperclassmen who wish to obtain executive positions for the coming year, should hand in their names to President Kostolefsky on or before May 31.

Mt. Holyoke has adopted a joint faculty and student government, consisting of five students and two faculty members.

PROBLEMS OF NEW CHURCH DISCUSSED BY DR. DAY

Eminent Organizer Speaks Before Gathering of Faculty and Students at Informal Dinner

Discussing the vital problems of organization and management which the new church must face, Dr. Day of Bridgeport, formerly moderator of the National Congregational Council, and eminent as an organizer, delivered a strong speech at a men's supper in the church vestry Monday night.

Dr. Day emphasized the fact that our actions here on the Hill are felt over a wide range of territory. As an example of this he stated that in Bridgeport the people had read and appreciated the sermons which our pastor has been contributing to the Boston Transcript.

The Rev. Marshall Dawson said that the gathering was a blue ribbon bunch composed of students and faculty, who had for the most part shown conspicuous ability in organizing and directing the religious and intellectual efforts of their fellow men. Each faculty member present had a student as his guest. Mr. Dawson also gave Governor-elect Gifford Pinchot's rules for the success of the organization. Mr. M. J. Farrell sang "The Gates of Paradise."

A fine home-cooked supper was served by the stenographers.

DR. J. H. McCURDY SPEAKS AT COLLEGE ASSEMBLY

Physical Director of Springfield Y. M. C. A. College Tells of the Need of Physical Training

Dr. J. H. McCurdy, Director of Physical Education at the Springfield Y. M. C. A. College, was the speaker at President's Hour Wednesday, May 17.

Dr. McCurdy, who has had considerable experience with the physical care and physical upbuilding of the men who saw service overseas, told something of the lack of physical condition and ability that was found in a large number of men he had examined. Speaking of the Welfare Workers who served in France, Dr. McCurdy stated that the women were physically stronger than the men and knew how to care for themselves better.

Much of the slow and poor progress of many school children can be laid to a lack of physical fitness, Dr. McCurdy claimed, this backwardness amounting to a loss of one year out of ten. The five most common defects found in children were said by the speaker to be tonsils, adenoids, poor eyes, poor teeth, and poor muscular development, stated Dr. McCurdy.

Princeton University plans to erect a chapel which when completed will be one of the largest university chapels in the world. Filled to capacity it will seat over two thousand people, being only a trifle smaller than the chapel of King's College at Cambridge. The estimated cost is over a million dollars.

Business Building

THE selling of commodities is fundamental in every business, and selling life insurance affords the maximum of satisfaction and remuneration. For the life insurance salesman is a *business builder* and finds innumerable ways to serve the community and make himself indispensable in the conduct of modern affairs.

The life insurance salesman is not only a *business builder* but he is in business for himself, creating a competence permanent and continuous. It is the best paid work for those who are ambitious and willing to work, and who have the character and stamina necessary to stamp their individuality upon the business and on their community.

The traditions and practices of the JOHN HANCOCK are such that the college graduate can take a peculiar pride in representing this company. You are liable to remain in the business you enter on leaving college. Before making a definite decision inquire into life insurance as a career. Write, "Agency Department."
