# THE CONNECTICUT CAMPUS

MASS. AGGIE AND SUFFIELD HERE SATURDAY

VOL. IX

STORRS CONNECTICUT, THURSDAY, OCTOBER 5, 1922

NO. 3

## FRESHMEN

The Campus Board has held several meetings in the Hort Building after a call for candidates. There is still plenty of room and plenty of opportunity for good wide-awake men and women who want to try out for the biggest game on the Hill. There will be a meeting of the Campus Board and all interested in reporting in the Hort Building every Thursday night at seven thirty. Freshmen are invited to come over and talk the proposition over with the editors.

## CAPTAIN C. R. CRIM IS NEW COMMANDANT

To be Assisted by Captain G. H. Passmore

The War Department has detailed Captain Casper R. Crim of the 5th Infantry to duty as Professor of Military Science and Tactics at Connecticut. Captain Crim has not arrived to take up his duties yet but he is expected in the near future.

Captain G. H. Passmore, also of the 5th Infantry, has been assigned as an assistant to Captain Crim. Captain Passmore arrived Wednesday and will take charge of the R.O.T.C. unit until the arrival of the commandant.

Captain Passmore has had a very varied experience in the army. Enlisting as a private in the Medical Corps he has risen in the ranks to a captaincy. He saw service with the American Expeditionary Forces in France and after the armistice he was assigned to the Army of Occupation on the Rhine.

## ANNUAL ROPE PULL MONDAY AFTERNOON

### EXPECT UPPERCLASSMEN TO GIVE HARD BATTLE

Rules Formulated and Judges Chosen by Senior Committee—A. W. Manchester, Chief Judge—A. G. Skinner, Timekeeper and Starter—Lamson and Christoph to Judge from Banks.

Interest soars high and the vigilance of the sophomore watches increases as the time of the annual freshman-sophomore rope pull, which is scheduled to take place at four-thirty on next Monday afternoon, draws near. It is probable that the football men will be allowed to participate in the contest and this means that the opposing teams will be well matched.

The upperclassmen are the favorites in regard to a question of victory but the members of the younger generation have many loyal rooters.

### Close Contest Expected

A contest similar to the one staged between the present seniors and last year's graduating class in 1919 or a win by a narrow margin as last year is expected at the end of the ten minute period that the rope creaks and sways across Swan Lake prior to its sudden upheaval of the mud caused by the passing of the vanquished.

### Rope Rush Rules

1. The Freshman-Sophomore Rope Pull shall be held Monday, October 9, at 4:30 P.M.
2. The Sophomores shall pull from the north bank of Swan Lake and the Freshmen from the south bank.
3. Twenty-five able bodied male members of the Sophomore class shall pull against twenty-five able bodied

(Cont. on page 3 col. 4)

## WIRELESS STATION TO OPERATE NEXT MONTH

### WORK ON BROADCASTING SET ADVANCES DAILY

Recent Changes in the Type of Aerial Will Give Station Greater Efficiency—Motor-generator Being Installed D. E. Noble in Charge of Installation Work.

Changes in the aerial for the wireless broadcasting station under construction in the Mechanic Arts building by the Mechanical Engineering department have been made by D. E. Noble, the operator in charge of the station.

The aerial originally erected was of the type known as a "flat top L". Its length, however, was too long for the transmitting wave length of the station. The aerial recently completed is known as a two cage L type. There are two cages, each one cylindrical in shape, composed of six wires and each has a diameter of two feet. The two cages are parallel, sixteen feet apart, and seventy-five feet long. Extending from the aerial to the apparatus is a lead one hundred feet long, made of a cage eight inches in diameter and composed of six wires. The length of the present aerial is not permanent, it being necessary to do some experimental work with the set after it is completed before satisfactory length can be determined.

A circular trench, fifty feet in diameter, is being dug for the "ground," the material for which has not yet arrived. A counterpoise of ten wires will be installed to use as a "ground" (Cont. on page 6 col. 4)

## W. D. LAWSON ELECTED JUNIOR PRESIDENT

At a meeting of the junior class held Wednesday evening officers were elected for the ensuing year with Wilbur D. Lawson receiving the choice for president. The other officials of the class elected were Ronald A. Bamford, vice-president, Miss Elizabeth G. Hamilton, secretary, and Norman E. Platt, treasurer. Frederick W. Metzger and Harold W. Baldwin were appointed to fill vacancies caused by the resignation of two of the class representatives on the Student Senate.

Because of lack of football material it was decided to play soccer in place of the American game and Frederick C. Littleworth was elected manager. In order to organize a team to represent the class in the cross country run next Wednesday, Newton E. Brockett was named as manager of cross country.

## SENIOR CLASS ELECTS BEMONT AS PRESIDENT

### OFFICERS ELECTED AT FIRST SENIOR MEETING

Bernard Juralewicz Vice-President.—Three Men Voted Membership in Class.—Cross Country Mgr. Elected.

Leslie H. "Joe" Bemont of Meriden was elected president of the senior class at the first regular meeting held last evening. "Joe" is manager of baseball and a member of the Stu-

LESLIE H. BEMONT  
President of the Senior Class

dent Senate. During the past year he was chairman of the Junior Week Committee, treasurer of the 1922 Nutmeg and vice-president of his class as well as taking parts in numerous other class and college activities. "Joe" is a member of the Alpha Gamma Rho fraternity.

Bernard Juralewicz was elected to the position of vice-president of the senior class. "Jerry" has played varsity football for three years, is a member of Gamma Chi Epsilon honorary fraternity and prominent in many other activities.

The other officers of the class as elected are: Emma Reed, secretary; Elton J. Smith, treasurer; and Gertrude Morey, class historian.

Paul Beardsley was elected manager of the class Cross Country team.

Donald Lawson, Lionel Faulkner and Hughs Cavitt were voted into the senior class.

## BEAT MASS. AGGIE

SCENE FROM HISTORIC ROPE PULL LAST YEAR  
Freshmen Churning Muddy Waters of the Duck Pond

## AGGIE WARRIORS ARE BESTED BY TUFTS IN SECOND GRIDIRON CONTEST OF SEASON

UNDER SWELTERING SUN THE BLUE AND WHITE  
TEAM BOWS TO EDDIE CASEY'S CHARGES 13 TO 0

Victors Use No Open Plays.—Many Veterans in Connecticut Line.—Nutmeg Eleven Threatens to Score in First and Last Periods of Game.—Cohen Makes Longest Run of Game.—Tufts Halfback Injured.

Playing in the sweltering heat the Connecticut Aggies went down to defeat before the Tufts eleven Saturday in a game that was marked by the absence of open play on the part of the victorious team, by a 13-0 score. Although the Medford collegians scored two touchdowns while holding the Aggies scoreless, one of the touchdowns came as the result of a penalty which brought the ball from the thirty-five yard line to the goal line with four downs to carry the ball the few feet to score. The Aggies very nearly matched the straight line-plunging football of Eddie Casey's eleven with a great variety of plays on the offense. The only accident of a serious nature came at the end of the first half when several husky Aggie tacklers hit Van French, Tufts' halfback and he went down with a broken ankle.

### Aggies Play Open Game

The Aggies played much better open football than did the Tufts eleven, Cohen, Aggie quarterback making the longest run of the game, a twenty-five yard run around Tufts' left end. It was expected that the new coach at the Medford institution would bring the Harvard system with its variety of offensive play, but Etelman, Tufts quarterback, held his team to straight football.

### Connecticut Threatens

The Connecticut boys threatened to score twice during the afternoon, once in the first period at the termination of Cohen's sensational run, which brought the ball to Tufts' ten yard line, but at this point the Tufts' line stiffened and took the ball on downs. The other threat came in the last quarter when Moreland, who took Cohen's place, ran back a punt to the line of scrimmage, and the Aggie line, which stood the battle better than did the Tufts' linesmen, opened holes through which Ryan, Daly and Hurley drove for first downs. On the twenty yard line, stiffened by the substitution of fresh men, Tufts held, and the Aggies were forced to surrender the ball on downs. Tufts was unable to gain and were forced to punt out of danger just as the whistle blew.

### Frosh in Three Positions

Only three positions on the team, right end, quarterback, and left halfback, were occupied by new men, the dropping out of several stars in the freshmen class having forced Coach Tasker to call upon the upper classes for most of the material for the varsity. The positions left by Ryan and Prince in the line were occupied by "Fat" Sleichert, the 230-pound guard, who has just returned to the Hill, and

"Big Mac" Eddy, who filled the tackle position. Eddy has been playing center before, alternating with Patterson.

### Blue and White Praised

Eddie Casey, in his syndicate article which appears in the newspapers throughout New England, says, in commenting on Saturday's games, that "the Aggies presented a much greater variety of open play; a system of defense that gave Tufts much trouble; and only faster play enabled Tufts to pull out a victory."

### Summary

Connecticut	Tufts

Daley, Capt.	f.b. Galvariski

Score—Tufts 13, Connecticut 0. Touchdowns, French, Stelman. Point after touchdown, Stelman. Referee, H. R. Bankhard. Umpire, M. W. Sanders. Linesman, P. W. Lewis. Time, 10' and 12 minute periods.

## UNDERCLASS TO BATTLE FOR GRIDIRON SUPREMACY

Freshmen and Sophomores Practice  
for Only Interclass Game of Season.  
—Soccer Games Probable.

Owing to lack of material in the junior and senior classes it has been decided to depart somewhat from the past custom of fall interclass contests. The big event of the season will be the freshman-sophomore football game, which will take place shortly after the close of the season. To be eligible for this game a man must have been out for at least ten practices before the close of the season. Other rules for eligibility will be drawn up in the near future and the date for the contest definitely decided.

Both classes have a wealth of material and an interclass season would eventually resolve itself into a struggle of these two teams for first place, so it has been decided to leave out the other games. This will mark the second of contests between the new men and the sophomores and keen interest will make the affair one of much importance.

A series of soccer games may also be arranged between the juniors and seniors if there is enough interest shown to warrant them.

## CROSS COUNTRY RUN TO BE HELD THURSDAY

Won Last Year by Clark of the Two-Year Course

On next Wednesday afternoon at 4:30 P.M. the annual interclass cross country run will be held. Last year the event was held early in December and thirty-one entered. First place was captured by Gould Clark, '22S, who finished the run in 23 minutes, 50 seconds. J. R. Jacoby, '25 placed second and W. F. Wood, '22, third. The contest was won by the School of Agriculture with 135 points while the present sophomores were second with 79.

Last year the men who finished first, second and third were awarded a gold, silver and bronze medal respectively and in all probability the same awards will be made this year.

The course is four and one-quarter miles long, starting from the Armory and along the north Eagleville road, swinging around and returning to the college by the south Eagleville road and Faculty Row. Several entries have already been received and it is hoped by those in charge that many more will enter the contest.

## INTERCOLLEGIATE CROSS COUNTRY MEETS PENDING

Possible Contests with Rhode Island  
and Wesleyan in November

Manager Oberly of the track team is corresponding with Rhode Island State College and Wesleyan to arrange cross-country meets with both institutions to be held during the first part of November. In order to obtain new men for the team, Coach Daly is desirous that all men with either the ability or the desire to make the team should get into training at once and show him what they have in cross-country speed.

All candidates for the team should report to Manager Oberly or Coach Daly at the earliest opportunity. All men are also urged to enter in the interclass run to be held next Wednesday.

## SOPHS WIN CLASS TRACK MEET EASILY

Soph track men emerged victorious by a large margin over the freshmen cinder men in the first interclass athletic meet on the "Hill" this year.

While no records were kept, several of the men showed good form. The sophs divided the honors about equally among themselves. For the frosh, Gustafson was the star.

Rensselaer 25—St. Stephens 0

## MASS AGGIE ELEVEN HERE NEXT SATURDAY

BAYSTATERS OPPONENTS  
IN FIRST HOME GAME

Blue and White Team Confident of  
Victory from Rivals.—Exact Line-  
up Not Yet Known.—Many Alumni  
to be on Hand.

When the big Blue and White team trots on to Gardner Dow Field for the first time this season against Mass. Aggie Saturday afternoon, the line-up is expected to be about the same as that which made such a good showing against Tufts last Saturday.

"Ching" Hammill, last year's quarter and one of the best backs who ever played for Aggie, is on the Hill again but it is doubtful if he will be able to don the moleskins this fall and lead the Aggie attack.

Connecticut's line, which has come in for praise from the coaches of both rival elevens encountered this year, is expected to cause the plunging backs of the upstate boys no little difficulty. Coach Tasker has little to say, beyond the fact that the intense rivalry between the two elevens is sure to produce a real battle.

The Connecticut second team will meet the strong Suffield School eleven at 1:30 as a preliminary attraction. Manager Paul Reveley announces that all students must show their A. A. tickets at the gate in order to gain admittance to the field.

Many alumni have stated that they intend to be on hand to witness the struggle between the rival elevens.

Total of FortyThree Names—Nine Are Women—Juniors and Sophomores Win Second and Third Places for Numbers Enrolled.

The Honor Roll as published by the Secretary's office for the first semester carries a total of forty-three names. Nine of the forty-three are representatives of the fair sex and thirty-four are men. The seniors head the list with fourteen of its cohorts receiving "honorable mention." Thirteen juniors enables the Class of 1924 to claim second place while the present sophomores are last with seven names on the roll. Of the remaining eight, three are not enrolled in the college now or are special students.

**SEVEN MEN ANSWER****CALL OF AD CLUB**Co-eds Likely to Engage in the Money  
Getting Art

Seven men turned in their names as candidates for the Advertising Club at a meeting held Monday night in Gully Hall. There is a possibility that two or three co-eds will try out for the club also. Ten members is about the right number for the club, but there is a good chance for several more students to try out.

The first work of each candidate is to submit a design for an athletic poster, and to turn in a complete printer's dummy of any kind of athletic schedule or program for a concert or play. Originality of thought and execution will count greatly.

The candidates were: W. F. Closson, '23, T. Donahue, '24, J. J. Feley, '25, J. W. Goodrich, '25, T. E. Hilton, '25, A. Marcus, '25, and E. Jacoe, '26.

**ORCHESTRA FOR MOVIES  
AND DANCES ORGANIZED**

Connecticut is to have an orchestra to furnish music for movies and Saturday night dances if present plans now well under way continue satisfactorily.

An orchestra of five pieces is being formed and rehearsed under the direction of Mrs. Farrel. A number considerably larger than five have reported for tryouts and practice, but it is planned to use only five pieces each Saturday night.

(Cont. from page 1 col. 2)

male members of the Freshman class.

4. No cleats, spikes, or anything of that nature shall be worn on shoes.

5. No braces shall be used by either side.

6. The rope shall be provided by the A. A. and shall be returned to the A. A. after the contest.

7. The losing class shall reimburse the treasurer of the A. A. within ten days after the Rope Pull to the extent of fifty cents per class member.

8. Mr. A. G. Skinner will act as timekeeper and starter. Mr. A. W. Manchester will be Chief Judge. Mr. G. H. Lamson will judge from the north bank. Mr. Christoph will judge from the south bank.

9. The contest shall last ten minutes.

10. The judges decision shall be based on the position of a marker tied to the rope in the middle of the pond.

11. The side pulling the marker farthest away from the center line indicated by stakes will be declared the winner.

12. Every male member of the losing class, unless excused because of sickness, shall go through the lake.

The following was entered, the name of the sender withheld, in the contest for names now being conducted by the Campus. As the new lake has so long been known as the "Proposed Lake" perhaps the name should not be changed—except for a few of the letters as "Proposal Lake." How does that sound to the co-eds?

NEWSPAPER GOSSIP AND  
FRESHMAN INITIATION

The power of imagination as given to most of us by Nature is a truly wonderful thing but like most good things it is apt to be overdone. Thus it was with the "star" reporter of some of our "highly reputed" newspapers of the state when in streaming headlines and with all disregard for the truth they describe serious and terrible injuries that are supposed to have been inflicted upon the freshmen by the sophomores of the college on the night of initiation. "As many as twelve boys have been permitted to return to their homes to recover from injuries received in the affray," states one Connecticut paper in the opening paragraph of a rather lengthy article describing the initiation as only those endowed with abnormal capacities for seeing things as they are not, can do.

Actually three men went home after the initiation, which this publication chooses to call a "free for all battle that developed numerous bruised heads" and these men went home for the purpose of getting additional funds to meet the expense of the college.

Two of these men have since returned to college and stated that they went home solely for the purpose of getting the necessary funds to meet the expenses of the college and not because of any injuries as the imaginative journalists would have us believe. The third man was unable to meet the expenses of the college and was therefore compelled to withdraw.

The afore mentioned paper must be given credit, for it did get two of the names correct and also the addresses. Just where some of the other injured men who are listed by this publication are, no one connected with the college has any idea, for there are no such names listed in the Secretary's office. Some of the men injured, according to the article are: "Arthur Hays of New London, Ted Gannett of Willimantic, a so-called 'townier', Gerald Christopherson of Norwich and another Norwich boy whose name was

not learned." This, with the one that dropped from college and the two that went home for financial reasons and returned next day completes the list of twelve injured, we are to believe.

The headlines of the article run: "Boys Badly Injured in Rough Hazing Party at Connecticut Agricultural School." Continuing, the second bank proclaims, "Freshmen get rough end of midnight session with sophomores. Kick-outs expected following probe.—Officials are investigating the affair.—Twelve injured lads return home."

In closing the article states "a number of suspensions and dismissals is expected within the next few weeks. Truly all this is the product of a very imaginative mind."

RESOLUTIONS ADOPTED BY  
STUDENT ORGANIZATION

The following resolution was adopted by the Sophomore class and ratified by the Students' Organization in Hawley Armory last Thursday night.

WHEREAS,

It has pleased God in his infinite wisdom, to take from us our fellow student, Aaron Entin, and

WHEREAS,

We feel the loss most deeply, and have expressed our sympathy in the loss his family has sustained, be it

RESOLVED,

That this be inscribed in the record of the Student Organization, and a copy thereof be sent to the family of the deceased.

## STUDENT ORG.

Resolutions adopted by the Sophomore class on the death during the summer of one of their number, Aaron S. Entin, were ratified by the Student Organization in its first meeting of the new college year last Thursday night.

President Arthur I. Weinstein reported on the result of the first meeting of the Student Council. As a means of furnishing employment as waiters to more men, Coach Tasker asked all who could to eat on the service side of the dining hall. Mr. Tasker's call resulted in about fifty persons shifting to the table side.

## AT OTHER COLLEGES

Mass. Aggies sophomores won decisively from the freshmen in the first of the interclass contests held on "Razzo" night. The '25 men won two out of three wrestling matches and two out of four bouts in the "squared circle."

Under a new ruling Wellesley girls are permitted to drive a car through the streets of Wellesley, unchaperoned until nine forty-five. A former regulation decreed seven thirty.

A new chemical building is being erected at the Colorado State College of Agriculture and Mechanics Arts that has laboratory facilities for over eleven hundred students. Five class rooms will accommodate two hundred fifty students at lectures. The building is modern in every detail of construction and has all modern equipment. A large library and an amphitheatre are features of the new edifice.

## SAFETY VALVE

## CONNECTICUT VICTORIOUS

Dear Editor:

The eyes of the collegiate world are at present focussed upon the proposed purification of athletics at Harvard, Yale and Princeton, according to outlines laid out by Professor Mendell of Yale. The purpose of the discussion is to have students desire to come to college through natural inclination, to bar transfer students from athletics, and a more thorough understanding of the summer athlete question.

This attitude from the so called "Big Three" makes no difference upon student situation because they do not have to look upon the general public in financing, their drives are few and they have more students seeking admission than they can accommodate. A college or university is a business firm and if it pays expenses or makes a profit, it lives. Football is the college billboard in free advertising. A winning eleven is one of the greatest items in the working capital of a college. It is all important with alumni, undergraduates and high school men.

Last year Centre College defeated Harvard. It is a thriving college this fall, with hundreds of students clamoring for admission. The college town as the dormitories are filled is crowded with boarding students. Before the Harvard victory, Centre had 250 students, today it has athletes from all over the country. This also applies to Ohio State, University of Washington, Notre Dame, Washington and Jefferson, New Hampshire, Penn State and Dartmouth.

How many students enter a college because a professor there discovered a cure for chicken diseases or the means for eradication of bovine tuberculosis?

Did these ideas fill dormitories and whole towns with students? They did not. But scores like this did: Central 12—Harvard 0, and going back in history, Ohio 60—California 0; New Hampshire 16—Holy Cross 0; Tufts 11—Yale 0; Dartmouth 22—Harvard 0.

Alumni, how many men have you sent to Connecticut since graduation? Promises are easy to make but proof is better. Last year a team made up with several freshmen defeated Wor-

cester Tech, St. Stephens and St. Lawrence, tied Trinity, Penn. Military College and Lowell Textile. The basketball team won all but three games and defeated such teams as Harvard, West Point, Brown, Tufts and Springfield. Why can't the alumni get more athletes which Connecticut needs? Because we have not yet arrived on top in football. Get the material and the coaches will do the rest and Connecticut will become another star on the football horizon. Alumni, show up at every game possible and boost the team.

This is not an argument to the effect that football is more important than studies but it is a proof that football is one of the greatest courses in college today. It has the ability to build real manhood of the kind that carries on after graduation.

The encouragement of coaches and teams by the alumni will result in getting more football men for Connecticut and having a majority of veterans to build around each year and so that Connecticut can play the best that there is in football. Then she will not be hiding her educational light under a bushel basket but will be educating thousands each year in the different departments for the good of the nation on a large scale, which will cause her able faculty and alumni to say "Well done, Alma Mater."

Dear Editor:

To be a student at Connecticut is to thrill with that spirit of friendship, loyalty and service that permeates this college and its traditions.

The good name and success of Connecticut depends upon the thoughtfulness and seriousness of the student body cooperating for its advancement.

Any demonstration of ungentlemanly conduct should be suppressed by the students themselves because this rowdiness tends to reduce our standards of high ideals to the lowest levels and to destroy the excellent reputation of the college.

This college tomorrow will be what we make it today. So let's all cultivate the true Connecticut spirit, boost our college in all things, and keep its name from dishonor, for in service is found a worthy reward.—"Elay" '26.

STAGE EQUIPMENT OF  
ARMORY TO BE ENLARGED

At a recent meeting of the Dramatic Club, President Hildring announces that he had interviewed Mr. Longley and obtained promises of a dimmer and a set of side lights to be installed on the stage. These improvements will greatly facilitate the presentation of certain types of plays and will be a great help in producing effects hitherto impossible with the limited equipment available.

Mr. Longley has also promised the Dramatic Club a new set of scenery and a room in the Armory for the storing of properties.

DRAMATIC CLUB TO HOLD  
TRYOUTS FOR FRESHMEN

For the purpose of considering tryouts, a meeting of the Dramatic Club was held last Thursday night.

It was decided that, in order to give the freshmen a chance to make the first play, tryouts would be held sometime during the week. The tryouts will be conducted by Theta Alpha Phi, the honorary dramatic fraternity. In order to be eligible for election in the Dramatic Club, it is necessary to qualify in the tryouts, which will consist in the rendering of some short bit of memorized poetry or prose.

## CAMPUS PHILOSOPHER

The longer the Philosopher stays at Connecticut, the more he is convinced that most co-eds come here to get their M.R.S. (Mrs.)

The fall fashion parade comes Saturday at the first home game.

It will be interesting to note how much the skirts have lengthened.

And it will also be of advantage to the players. No longer will shapely, well hosed limbs keep their eyes shifting to the sidelines.

If we wait much longer to have the rope pull, one side will die of pneumonia going through the pond.

We always took these stories of newspaper exaggeration with a grain of salt, but since we have read the stuff being printed in the newspapers of the state about the pajama parade, we have changed our mind.

Some one must have a beautiful imagination. For absolute distortion of the truth some of these stories take the cake.

And that's saying something. Some of the freshman girls had an interesting pilgrimage to the cemetery the other night.

But who can blame them for breaking rules on nights like these?

You may think you know all about "Undergraduate Radicalism," but Rev. Marshall Dawson has some new ideas on the subject to let loose in church Sunday morning.

There will be no reserved seats, so you had better get there early.

It's a long way to the Football Hop but the wise boys are saving now.

We nominate "Doc" Manierre, '26, to write the music for the long needed fighting song. Words too, for that matter. Get after him fellows.

One frosh was so tickled when "Fall Out" was given at the end of the drill period, that he tried it from a third story window when walking in his sleep one night.

How about it, freshmen? Hook on your rope and practice for the pull.

A flock of wild ducks were seen on the new lake one morning this week. In all probability many of the local residents are now whetting their appetites for a good Thanksgiving dinner.

The well known play, "The Old Peabody Pew," written by Kate Douglas Wiggin, will be given by the members of the Community Church. The exact date for the play has not yet been decided but it will probably be given some time this month.

## KAMPUS KLIPS

## A TRAGEDY AS SEEN BY AN UPPERCLASSMAN

Scene 1.

On the Hill—1920.

Time—Eight bells. Before the rope rush. Sophomore on guard.

Sudden barrage of aqua bombs from the upper regions. Investigation.

8:10 Juniors attired in frosh caps make a sally from all the sections while sophs pursue. Frosh make an exit out the boiler room door to pick apples and are gathered in by the rear guard.

8:20 Bed dumping party goes through the dorm. Lights go out and several dynamite grenades explode.

8:45 Storrs Hall occupants set forth to do battle with denizens of Koons Hall. More beds visited by unfriendly hands. Aqua bombs employed to dispel raiders.

Repeated until twelve.

12:00 Willi hounds come back. Go through dorms with all the latest news.

1:00 Silence except for the wails of a belated party of frosh who are enjoying a cold shower.

2:00 Snores of the vigilant guards.

Scene 2. Same place, two years later.

Before Rope Rush

8:00 Two men return from library.

8:30 Lights go out in the dorms.

8:45 Lights go out in all but two apartments. Frosh studying. Last upperclassman looks out of the door and murmurs, "These late hours are telling on me, guess I'll have to turn in."

9:00 All lights out, the college sleeps.

## Heard in Prof. Dorsey's Soils Class

Houston: "I have heard that steamers when in mid-ocean are sometimes completely covered with dust."

Prof.: "Yes that would be a possible example of wind transportation."

Bright Student: "Coal dust."

## A la Army

Aggravated sophomore after desperately trying to squeeze into army trousers for half an hour: "I'll bet Sherman was trying to get into a pair of these darn things when he said, 'War is h—.'"

## In Chem 2

Doc. Newton: "Supposing you tried to boil potatoes on the top of a mountain, why would it be hard?"

Voice in rear: "No steam, professor."

Wing, after trying for a whole period to show a certain frosh how to do "about face": "I even made him hold a big stone in his right hand and then he couldn't do it."

Donald E. Tucker, '25, was elected secretary-treasurer of the Ad Club at the regular meeting of the Student Senate last Monday evening. Tucker is circulation manager of the Connecticut Campus and is also active in dramatics and the Ag Club.

## The Time Is Here To Feed Up

WITH \$35.00 worth of good Buffalo Corn Gluten Feed and Diamond Corn Gluten Meal mixture, well fed with good roughage, you can produce at current prices \$135.00 worth of milk.

These feeds to be found in every good dairy ration and in every live dealers stock.

## COMEDY FOR SATURDAY STARS MABEL NORMAND

"Molly O", an eight reel comedy featuring Mable Normand, has been scheduled by the Social Committee as the picture for this week Saturday.

It is a Cinderella story, the picture of "Molly O", a story bubbling over with comedy, yet fraught with faith, wit, humor, glimpses of human nature. More than a year of time and over 2000 persons were required to present this comedy to the screen, a picture greater than "Mickey."

## CHRISTIAN ENDEAVORERS JOURNEY TO MANSFIELD

Last Sunday afternoon the local Christian Endeavor Association hiked to the Mansfield State Training School and Hospital and conducted the meet there. After the meeting the little group was shown through the buildings of the institution.

## THE BULLETIN BOARDS

The Student Senate has undertaken the task of keeping the bulletin boards in the corridor of the Main Building in respectable order and to keep the signs and notices on the correct boards as is indicated by names at the top of each board.

Students or others who wish to post signs or notices should take heed that their bit of advertising is put in the correct place.

## WILLIAM O'BRIEN HEADS SOPHOMORE CLASS

William F. O'Brien was elected president of the sophomore class for the coming year at a meeting held in Gulley Hall last night. The other officers elected were: David L. McAllister, vice-president; Miss Laura Kittner, secretary; Archie Holdridge, treasurer, and Eli Collins, historian.

**CONTEST FOR NAMES OF NEW LAKE AND ROADS  
FINDS MUCH FAVOR AS INDICATED BY ENTRIES**

NEW LAKE FURNISHES MOST INSPIRATION TO THOSE  
TRYING FOR FREE SUBSCRIPTIONS TO "CAMPUS"

All Entries Thus Far Received Published in This Issue.—Only Best Three  
Names for Each Will be Printed Next Week.—Co-eds have not Entered  
Contest.

The contest for suitable names for the new lake and the road now known unofficially as "Mosquito Alley" and the one that was laid down during this past summer a short distance to the south of it, that was inaugurated by the "Campus" and announced in the issue for last week, is receiving much favor, judging by the entries already in the field. Although this is but the first week of the three weeks the contest is to run, several names have been handed to the editors.

Thus far none of the co-eds have manifested their desire to obtain a free subscription of the "Campus," or to have the honor of originating a name that will go down in the history of the college for the new lake or either of the roads.

The affair has the sanction of President Charles L. Beach and three members of the faculty have consented to act as judges for the contest. The judges will be Dr. H. K. Denlinger, Dr. H. D. Newton, Professor G. H. Lamson with Hoadley M. Groesbeck and Byrd E. Standish from the Campus board.

The entries in the contest thus far follow:

**Proposed Names for the New Lake**  
"Mirror Lake," "Pine Grove Pond" and "Shadow Lake,"—John Lovett '23.  
"Zephyr Lake," "Lake Hollister," "Mirror Lake" and "Sunset Lake"—Miss Huntington, Assistant Librarian.  
**Proposed names for the Road South of Armory Leading from Faculty Row:**

"Cypress Lane" and "Autumn Road"—by Lawrence B. Parker, '24.  
"Woodycrest Avenue" and "North Terrace"—by John Lovett, '23.  
"Beach Avenue"—by William Closson, '23.

**Names Proposed for the Road South of the Above Built This Summer:**  
"Boyers Avenue" (after a well-liked Major and football coach)—William Closson, '23.  
"Shady Lane" and "Woodlawn Avenue"—by John Lovett, '23.

Rules governing the contest are:

1. All persons connected with the college are eligible with the exception of the members of the Campus board.  
2. Proposed names with the full signature of the contestant shall be sent to the Campus in care of the Contest Editor, Box 54, or may be left in the Campus office on the top floor of the Main Building.

3. A committee composed of five men, three from the faculty and two from the Campus board shall judge the names which are entered in the contest.

4. This contest will begin tonight and will end three weeks from this date.

4. Contest will last for three weeks and each week the Campus will print the best three names, as judged by the committee, that are suggested for each of the roads and the lake. At the end of this time the three winners will be chosen from the list of names which has been printed.

As the exact nature of the names that are to be sent in has caused considerable questioning it has been deemed advisable to print the entire list of entries thus far. Next week only the three best names as selected by the committee will be published. The reason for giving a certain name may be sent in where so desired or when it is deemed necessary.

In case the same name is sent in by two people the one reaching the editors first will receive recognition in the awarding of the prizes.

(Cont. from page 1 col. 3)

in connection with the ground now under construction. By the combined use of a counterpoise and ground, the station will obtain greater efficiency.

The counterpoise will be placed under the aerial at a height some distance from the base of the tower and will extend the full distance between the towers, 250 feet. Before the counterpoise is placed in position, it will be necessary to remove a chimney from the roof at the rear of the building and a tree that stands in line with the aerial.

Electricians are at work installing the high and low voltage lead in from the 1000 volt motor-generator in the cellar. After the final adjustment has been made on the aerial, the wooden cages now in use will be replaced by brass rings.

Mr. Noble expects to have the set completed by the last of this month, but it will require another month of work before final adjustments will be made and the station placed in excellent working order.

A question, said by Mr. Noble, to be eligible for first place among the list of foolish questions, is the one he is continually asked by people who wish to know the distance from which this station is capable of receiving messages. This question, says Mr. Noble, is like asking the distance from which one can receive a post card or letter. Naturally a letter or card will be received from wherever the sender is located, provided it bears the proper address and stamp. "The college wireless station," states Mr. Noble, "can receive messages from any station that is powerful enough to transmit waves that will reach here. We could receive from Europe if the transmitting station was powerful enough. It is not a question of distance, it is a question of the power of the transmitting apparatus."

## ALUMNI ACTIVITIES

James R. Case, '16, is County Club agent of Fairfield County. "Jimmie" is affiliated with the Danbury Club of Connecticut Alumni.

"Sam" Putnam, '22, is employed at the college as an assistant in the Farm Management Department.

Warren "Speed" Burrington, '22, is working for his masters degree at Connecticut.

William Gronwoldt, '21, who is employed in extension work for the state of New Jersey, is stationed at Salem, New Jersey. He visited the Hill for a few days this week.

Philip Jacquith, '22, visited the Hill last Sunday.

Miss Mildred Gay, '22, was one of the many visitors on the Hill last Sunday. Mildred is now teaching at Windsor High School.

Harris Winship '10 of Dover Plains, N. Y., is assistant manager of the Medford Dairy Farm, which through the Sheffield Farms Inc. bottles milk from a herd of two hundred head of Holsteins and Guernseys for hospitals of New York City. Winship, who is now married and the proud father of three children, is planning to visit C. A. C. at the time of the Rhode Island game.

Donald Dibble, ex-'15, is manager of the New Haven factory of the Holmes Supply Co., manufacturers of theatrical goods.

Leroy Sanford, '13, is operating his farm in East Litchfield. He is the owner of a fine herd of Guernseys.

John Quinlivan, '15S, operates a retail milk route in Wallingford.

Frank Ruinoldi, '13S, Cornell '16, is instructor in entomology at the University of California.

"Tooley" Manchester, '18S, is associated with his father in the wholesale grain business in Winsted. He and Mrs. Manchester have recently moved into a new home.

Ralph C. Auserman, '16, is assistant office manager of the Buffalo Fertilizer Company's branch at 216 State Street, Boston.

"Bill" Brown, '18, is on a farm near Danbury in partnership with his father.

Paul Gross, '17, owns a poultry farm in Redding, Conn.

John Pease '13 is running a grocery at Pine Meadow.

"Red" Skoglund, ex-'21, has charge of the tobacco plantation at Folly Farm, East Weatogue, owned by John S. Ellsworth of New York, a prominent importer and breeder of Jerseys.

Ben Dibble ex-'21 is manager of the Blackberry River Farm at Norfolk, Conn.

"Zeke" Harris, 17S, had charge of the New Jersey State Holstein herd at the Eastern States Exposition in Springfield.

George Stewart, '14S, is herdsman at the Connecticut Industrial School for Girls at Middletown.

Walter Piper, '15S, is an apple expert, spending about one-half his time with the Bureau of Crop Estimates, U. S. D. A., in Massachusetts.

Roush Foster, '08, owns a farm and a fine herd of Jerseys in Lebanon, Ct.

(Cont. on page 8 col. 2)

ROBERT NORWOOD SPEAKS  
AT COLLEGE ASSEMBLY

Noted Lecturer and Author Delivers Strong Message to Student Body at First Assembly

Frankly confessing he had come to an audience he wanted to win, Dr. Robert Norwood of Philadelphia, minister, poet, author and lecturer, gave a thorough discussion which he called "Facing Ourselves," at President's Hour yesterday. Dr. Norwood mixed his vital facts with just enough humor and concrete, homely suggestions to hold his audience and leave his mark on it. In part he said:

"Nothing has transpired without the reaction of personality on personality. If we can form points of contact with each other's personality we justify education.

"There has been six thousand years of what we call civilized human history. One thing baffles me, that is the seeming cowardice of man, who has invented God because he is afraid to look at himself. If there is a snarl on the face of civilization, it is an expression of the snarl in his soul. At the bottom of our disordered civilization is man's refusal to look in the mirror of Nature. Society is an expression of the potential faith of men and women in one another. In reality, man has courage. It takes courage to live in Hell, and we've been doing that six thousand years.

"We must face the type of anarchy that expresses a determination to get away from household gods. We cannot create God, but we can find God. Before we can see God we must face ourselves. The kingdom of heaven is self-realization."

HIGH CLASS PICTURES  
NAMED IN MOVIE CHOICE

Students Show Good Taste in Pictures Named on Questionnaire

Results compiled from the cards recently distributed among the students on which they stated their choice of moving pictures have furnished the Social Committee with valuable information which will be used in choosing pictures to be shown in the Armory on Saturday nights.

Leading the list in the number of times named was "Smilin' Through," followed in order by "Orphans of the Storm," "Grandma's Bay," "The Storm," "The Man Who Came Back," "The Three Musketeers," "The Four Horsemen of the Apocalypse," "Monte Cristo," "A Connecticut Yankee in King Arthur's Court," and "Ten Nights in a Bar Room." Practically every one, said Mr. A. G. Skinner, chairman of the Social Committee, stated their desire to see the "Sailor Made Man," featuring Harold Lloyd. This picture has been booked to be shown here on Saturday evening, October 14. It is the intention of the Social Committee to show all the pictures named on the questionnaire, provided they are released for non-theatrical houses, the classification in which Storrs is placed, and provided the cost is not too great.

## STREETS OF STORRS BEDECKED WITH LIGHTS

Dark Corners Illuminated by Grounds Department

The "great white way," has nothing on the Hill for the addition of several new high powered street lights will light the dark spots on the campus in the future. Realizing that it has been extremely difficult for members of the fair sex to journey far abroad after the fall of night, those in charge of the project have arranged the new arcs where they would best suit their purpose of illumination.

One has been planted in front of Holcomb Hall where it will cast its brilliant rays over the immediate surroundings and serve as a beacon for the heavy nightly traffic. Another was erected at the southern end of the Main Building at the western extremity of the famous "board walk." The third stands at the junction of Main and Broad streets on the thoroughfare from the Dining Hall to the center of the college grounds. It is possible that several more units will be added in the near future.

## FROSH ORGANIZE BAND TO PLAY AT HOME GAMES

Coach Tasker Addresses Freshman Class Meeting

As a means of developing in the freshmen some of the old Connecticut spirit, Coach Tasker addressed the new men at a mass meeting in the Armory on Tuesday evening, urging them to go out for college activities, and especially athletics. The coach told of past Aggie enthusiasm, and expressed the hope that the class of '26 would live up to former standards and show the old fight.

After Coach Tasker's address cheers were practiced under the guidance of the freshmen cheer leaders. R. A. MacDonald, '25, then proposed the plan of having a band for the home games, and stated that rehearsals would start immediately in order that the band would be in prime form for the Mass. Aggie game on Saturday next. There is much material in the freshman class and those in charge are confident of forming an organization of which the college will be justly proud.

## HARTFORD ALUMNI CLUB HOLDS MEETING TONIGHT

The Hartford local club of Connecticut alumni will hold a meeting tonight. Several alumni who are on the Hill are planning to attend. Many of the members of the Hartford club will be on the Hill for the game with Mass. Aggie Saturday. It is rumored that the club may attend the game in a body.

Frank Vinton Williams, '22, has announced his engagement to Miss Myrtle Hughes of Manchester. Frank is employed in Extension experimenting at the college.

The Danbury Club of Connecticut Alumni held a meeting on September 28. "Hal" Brundage presided for the occasion.

## SOPHS FAVORED IN LOCAL STOCK MARKET

Upperclassmen Issue Statements of Confidence—Frosh Remain Silent

During the past few days the interest in the rope rush has been getting more intense and at considerable effort the Campus has obtained statements from leading men in each class regarding their individual opinions of the outcome.

Marcus Aurelius Flynn, when interviewed, stated that he could see nothing but the sophomores as victors and that he intended to be anchor man, having spent the summer getting into shape while tripping the light fantastic at the Roseland.

One of the many frosh leaders, who for numerous reasons prefers to remain incognito, asserts that if he can tell the right side of the rope from the left, that the freshmen will win the affair. (This is extremely improbable.)

President T. J. Kennedy, of Hartford, has had his men out for numerous workouts and reports that they are in fine form. He also received a communication from the head of the grounds department to the effect that no oak trees less than seven feet in diameter were to be used in practicing and that the same tree would have to serve for more than one practice.

"This in itself tells of our might," quoth the dauntless Thomas.

In the Willimantic stock market the odds offered are 13 to 3 in favor of the sophomores.

The College wool, 1922 clip, that has been manufactured into worsted suitings of five different patterns by a reliable manufacturer, is now on sale at the Farm Department office.

(Cont. from page 7 col. 1)

Tommy Meade, '17, who received his M. S. in Minnesota in 1920, is assistant dairy husbandman at the New Jersey State Experiment Station.

Charles Ferriss, '22, and Eddie Plumb, ex-'22, are now engaged in raising potatoes at Belle Glade, Florida. "Chub" made the journey to the peninsula state after a severe attack of pneumonia.

M. "Larry" Osborn, '20, left Louisiana in the summer and after a short visit with relatives in Kentucky went to Klamath, Oregon, where he is now employed in forestry work while waiting for his forest assistant's appointment from the Forest Service. Larry's reservation is populated by the Modoc, Klamath and Pintes tribes.

Edward L. Newmarker, '17, has returned to Wake Forest College, North Carolina, to take up his duties as professor of economics.

Morris Downs, ex-'21, is now in the hat business in Danbury. "Short" is a real "mad hatter" now.

Lem Stoughton, '18S, has returned from a 5,000 mile jaunt about the continent. During the past two years he was an official milk tester in Oregon and wrote an interesting article on his experiences for the Jersey World.
