THE CONNECTICUT CAMPUS

TRINITY FIELD IS THE RENDEZVOUS FOR AGGIES ON SATURDAY

VOL. IX

STORRS CONNECTICUT, THURSDAY, OCTOBER 19, 1922

NO. 5

ENROLLMENT TO DATE NEARLY FOUR HUNDRED

TWO YEAR MEN WILL BOOST TOTAL EIGHTY MORE

Registration Figures Given Out by Secretary's Office Show Gain in College Enrollment.—Short Course Not Included.

According to the report from the Secretary's Office, the total enrollment in the college to date is 397. With the arrival of 80 two-year men, who will register October 31 and start classes the next day, the total enrollment ought to reach the 500 mark.

The enrollment this year shows both increases and decreases in the classes represented. The number of graduate students last year was four while this year the number is doubled to eight. The senior class shows an increase from fifty-three to fifty-seven while the junior class is on the short end of the list with a decrease from fifty-eight to forty-two. The sophomore class shows the largest increase from forty-eight to seventy-nine. The freshman class of this year did not exceed last year's freshman class as much as was the expectation. This year's class numbers one hundred and thirty-eight, while last year the number of freshmen was one hundred and thirty-five.

There are thirty more freshman coeds this year than there was last. The number of students in the Mechanical Engineering has increased and the other departments are about on a par with the number enrolled last year. There have been eleven official withdrawals from the college since the beginning of the first semester but it is not probable that there will be many more before the beginning of the second semester.

JUDGING TEAM WINNERS PRESENTED WITH AWARDS

Cash awards won by the men who represented Connecticut in live stock judging and dairy products judging at the Eastern States Exposition in Springfield were presented to the winners at President's Hour by Dr. H. K. Denlinger.

C. A. C.'s live stock team won fourth place and the dairy products team placed third at the Exposition. Those to whom prizes were awarded for stock judging are W. D. Burgess, '24, high man of the contest; C. R. Probst, '23, high man on horses; G. E. Tucker, '23, P. N. Beardsley, '23 and R. K. Mills, '23. The dairy products winners are J. H. Lovett, '23, C. C. Ellis, '23, and L. W. Kenneth, '23.

LARGE ENROLLMENT IN MILITARY DEPARTMENT

COMPETITIVE WORK FOR AMORY CUP OUTLINED

Battalion to be Drilled in all Regular Army Formations and Tactics. Men to be Advanced According to Ability

Officers in charge of Connecticut's R. O. T. C. work have been impressed by the spirit shown by the Student Battalion, and by the spirit of competition already apparent between the companies.

To stimulate this spirit a competition for the best company will begin at once. During Junior Week the winning company will be designated as the Color Company. This company will be awarded the Amory Cup for the year, and, at the final review, a blue ribbon, similar to the "battle streamers" of the army, bearing in gold the letter of the company and the year of the award will be attached to the College Color.

Program Outlined

Companies will be graded throughout the year as below. A chart will be posted to show the standing in the first three companies.

Attendance during year	20
Condition of arms, equipment and uniform	15
Military bearing and efficiency of company	15
Standing in competitive drill—Junior Week	50
To mark the best man in each year of the R. O. T. C. work, Captain Crim has announced that medals will be awarded Junior Week to the man in each class having the highest standing for the year judged on the following basis:	
Class Work	25
Practical Work	10
Drill	15
Attendance	10
Demerits	10
Showing in final prize drill	30

The final prize drill will cover the work of the year as follows:

Basic 1st year (Freshmen) School of Soldier and Squad.

Basic 2nd year (Sophomore) Command of Squad and Section.

Advanced 1st year (Junior) Command of Platoon.

Advanced 2nd year (Senior) Command of Company.

Battalion Formed

This year's increased enrollment in the Department of Military Science and Tactics has made it possible to organize a Student Battalion of four companies of six squads each. This approximates the peace strength organization of a battalion in the Regular

STUDENT SENATE ANNOUNCES DATES OF SEVEN DAY PERIOD FOR TRADITIONAL PIG ROAST SCRAP

UNDERCLASSMEN TO VIE FOR SUPREMACY IN NEW TRADITION AT ANYTIME BETWEEN DECEMBER 10 AND 16 RULES STATE

"Piggy" Must be Roasted and Eaten Within Five Mile Radius.—Frosh and Sophomores Evenly Matched for Contest.—Pig Roast Replaces Traditional Banquet.

WORK ON DUNHAM POOL RESUMED

CEMENT POURING WAS STARTED THIS MORNING

To Work on Forms Day and Night Until Completed.—Tile Will be Laid as Soon as Cement Hardens.—Pool Will Not be Completed for Several Weeks.

Work was resumed a few days ago by the Buildings Department on the new Swimming Pool that is being constructed in the south end of Hawley Armory. Lost fittings for the scum gutters caused considerable delay in the advancing of the work of completing the tank.

Work of pouring the cement was commenced this morning and will be continued for thirty consecutive hours with four or five shifts being made. As soon as the cement is hard the work of laying the tile, a task requiring six to eight weeks for completion, will begin. An overflow pipe will be installed around the entire pool. There will also be a cement walk around the pool. The shower baths have been removed to make room for the pool and the shooting gallery done away with to provide for a spectators gallery.

All through the summer the excavation was made ready for the foundation and the various drains were laid. It was necessary that the scum gutters be fitted before the pouring of the cement could be started. It is now expected that Dunham Pool will be completed at the end of several weeks.

FOOTBALL BANQUET IN COLLEGE DINING HALL

Alumni Will Take Prominent Part in Events Preceding and at Annual Gathering.

What is expected to be one of the biggest banquets ever held on the Hill will take place Saturday night, Nov. 18, in the College Dining Hall at seven o'clock.

A committee composed of Chapman,

(Cont. on page 5 col. 1)

The dates of December 10 to 16 inclusive have been selected by the Student Senate for the Pig Roast which is to replace the freshman banquet tradition. The seven day period has been selected with due consideration for all concerned and is deemed as the most satisfactory time of the year to have the event.

New Tradition

This year marks the first appearance of the new tradition in which freshmen and sophomores vie for supremacy. The hard fought battle of last winter's banquet is still fresh in the minds of the juniors and sophomores when the class of '25 won the banquet only after the most hard fought contest. Owing to the great expense incurred in the last banquet scrap, along with the unfavorable publicity which it brought to the college, it was decided to abolish the banquet and to provide a suitable substitute. After much deliberation the rules of the present Pig Roast were formulated and passed by the Student Organization.

Contestants Evenly Matched

Both of the contending classes are strong in numbers with the frosh having a slight advantage which will be offset by the greater experience of the sophomores. The rules of the roast are so drawn up as to prevent either side from having any undue advantage over the other and cover all possible phases of the contest. As the new tradition has never been tried out interest will be more keen in the event which will be the second clash of the year between the underclasses. Regulations bar the use of motor vehicles and decree that the pig must be roasted within a five mile radius of the college. This will give a more local aspect to the event and will allow more of the students to follow the affair from start to finish.

RULES GOVERNING THE FRESHMAN PIG ROAST

1. The pig roast shall be held between the days of December 10 to December 16 inclusive.

2. A pig weighing at least 50 pounds (dressed weight) subject to change by the Student Senate if the entering class is small, shall be provided by the freshmen. Should the roast be judged a success for the freshmen, the sopho-

SOPHOMORES CAPTURE CROSS COUNTRY RUN

J. R. JACOBY HIGH MAN
IN DISTANCE EVENT

Sixteen Entries for Four-and-One-Half Mile Race.—Seniors Capture Second Place.—Freshmen Third and Juniors Last.

The annual interclass country meet was held on Monday afternoon with the sophomores winning by a comfortable margin. First place was captured by J. R. Jacoby who placed third in last year's run. Out of 16 entries 14 finished, two being compelled to drop out because of injured ankles. The running was close throughout the entire course and at the turn from the main road to the Armory, the first four men were running step for step.

Second place was captured by N. Brockett, '24; third by Velhage, '26; fourth by P. N. Beardsley, '25; fifth by Humphrey, '25; sixth by Stocking, '23. Brockett gave Jacoby a hard run for first honors while Stocking beat out Hutton for sixth place by a final jump.

Jacoby will receive a gold medal; Brockett a silver medal for second place and Velhage a bronze award for third place.

The meet was won by the sophomores with fifty-seven points; seniors second with forty-nine; freshmen third and juniors fourth. Last year the event was won by the School of Agriculture with the present sophomores capturing the second honors.

A strong basketball schedule for what promises to be a greater team than last year's championship outfit is nearing completion and will be published soon according to Manager Robert S. Laubscher. Three letter men, other varsity players, and several experienced freshmen are ready to trot onto the court when Coach Tasker sounds the first call early next month.

MEGAPHONE

Trinity this Saturday, and all indications are that the Aggies will be present in force to help the team register the first win of the season.

For the first time since 1911, Trinity has won her first three games but the chances are very good that the winning streak will be stopped at three.

With the corner turned and the home stretch ahead five victories will more than balance the four defeats.

Connecticut has lined up against some stiff opponents and has won admiration for fights made against much heavier teams.

SPRINGFIELD ELEVEN DOWNS AGGIES IN HARD FOUGHT BATTLE SATURDAY

BLUE AND WHITE MACHINE SCORES FIRST TOUCHDOWN
AND LEADS OPPONENTS UNTIL THE THIRD PERIOD

Ryan Makes Lone Touchdown for Connecticut.—Springfield Scores Three Touchdowns in Final Period of Contest.—"Red" O'Neill Strengthens the Aggie Line.

Outweighed though they were by the Springfield eleven, the Aggies fought the heavier gridsters from Massachusetts to a standstill, even outplayed them for three-quarters of the game at Pratt Field, Springfield, Saturday. Springfield won the game in the third quarter when the fresh Springfield backs tore through the weakened Aggie line and around the ends for three touchdowns in rapid succession, before the Aggies could get under way again to halt the Springfield advance.

Springfield Scores

Connecticut won the toss and elected to receive the kick but Civiletto made an onside kick and Springfield captured the ball, to take it right to

CAPTAIN "MOE" DALY
Led Aggie Attack Against
Springfield

the Aggie goal line where they were unable to penetrate the Aggie defense, a forward pass over the goal line giving Connecticut the ball on their own twenty yard line, but the Aggies were not able to gain and Eddy kicked to midfield. Again Springfield brought the ball down the field and upon being held on the twenty yard mark, Reddick dropped back and made a neat field goal, scoring the first three points of the game for Springfield. Springfield again kicked off to the Aggies, Ryan receiving the kick and running it back twenty yards. Connecticut failed to make its first down and there was an exchange of kicks, giving Connecticut the ball on their own thirty yard line. Here "Bob" Berry took the ball and circled Springfield's left end for a twenty-two yard run, but Springfield held the middle of the field and Eddy again punted as the quarter ended.

Connecticut's Touchdown

Quimby, who took Stout's place, opened the second period with an off

tackle plunge, netting five yards, a pass failed, "Bob" Berry knocking the ball down. Connecticut's line stiffened and took the ball on downs and with Captain "Moe" Daly leading the attack, gained twelve yards, but here Ryan fumbled and Springfield recovered the ball. Civiletto punted on the first play and Connecticut marched down the field to the eighteen yard line where Dunne tossed a pass to Ryan for the first touchdown of the game. On the play for the point following the touchdown, Referee Lowe would not allow Connecticut to use a tee for a place kick, so M. Eddy added the extra point with a drop kick between the bars. For the remainder of the second period neither team was able to gain consistently. Eddy got off a punt that rolled almost to the goal line and Berry knocked down an attempted pass by Springfield. E. Eddy was forced to leave the game in the first period because of an injured ankle, and Graf, former Aggie center, playing guard for Springfield, had to leave the game in the second quarter for the same reason.

Springfield Comes from Behind

In the third quarter, Springfield launched a whirlwind attack. Connecticut kicked off and on the first play of the period Merriman took the ball around the Aggies right end for a long run, bringing the ball to the thirty-five yard line. Another run around left end netted twenty-five yards, placing the ball on the ten yard line, where another gain by Merriman and two line plunges by Civiletto took the ball across. The sudden reversal seemed to take the wind out of the Aggie sails and in less than five minutes Springfield chalked up another touchdown on straight line bucks. The final touchdown of the game was registered when Miller scored on a long pass from Civiletto. For the remainder of the third period the Aggies, with splendid work on the part of "Red" O'Neill, playing at left tackle, held the Red and White team from the final chalk mark.

In the final period Springfield made many substitutions but neither team was able to score.

The Summary

Connecticut	Springfield
Dunne, Radovitch	re Waters, Mansfield

(Cont. on page 3 col. 2)

SCORES OF OPPONENTS

Maine 12—Norwich 0

AGGIES WILL TACKLE TRINITY ON SATURDAY

STUDENTS TO FOLLOW
CONNECTICUT ELEVEN

Several Changes in Blue and White Line-up Announced.—More Men Report for Practice.

Having passed the half-way mark in the schedule, Connecticut faces one interesting game on the schedule when the Blue and White team lines up against the Trinity eleven on Trinity field Saturday. Trinity has been a keen rival of the Aggies for a long time and both teams are anxious for a decision after the 0-0 tie of last year. To date Trinity has won all of her games and is very confident of another victory but Coach Tasker's men are out for the same purpose and with the Connecticut men in top form the pigskin will surely repose in the Trophy Room according to all available advance "dope."

Connecticut will be minus the services of Juralewicz, guard, and M. C. Eddy at tackle. Both of these men were injured in the Springfield game last Saturday and it is doubtful whether they will be able to play for two weeks. To replace these men Coach Tasker has "Red" O'Neill, a veteran player and "Cliff" Prentice of last year's varsity, who has just been able to report for duty. McAllister, who played well in the Springfield game will also be available. The remainder of the team will probably line up the same as against Springfield.

Interest in the contest grows as the time for the game approaches and a large number are planning to journey to Hartford to see the game. Already several bus loads have been arranged for and every private car on the Hill will be pressed into service for the trip. From figures obtained late Wednesday night, there will be at least one hundred and twenty-five undergraduates at the game. Many alumni and faculty are also planning to attend, so there will be no lack of support for Connecticut when the orange jerseyed men romp on to the Trinity gridiron.

Aggie Line-up Saturday

"MIRROR LAKE" AND "SOUTH TERRACE" WIN PRIZES OFFERED IN NAME CONTEST

OFFICIAL NAMES FOR NEW LAKE AND NEW ROAD ARE
ORIGINATED BY MISS HUNTINGTON AND JOHN LOVETT

"Mirror Lake" Sent in by More Than One Contestant.—Many Entries in the Last Few Days of Contest.—Judges Vote Unanimously for "South Terrace."

"Mirror Lake", submitted by Miss Huntington, assistant librarian, and "South Terrace," submitted by John Lovett, '23, have been picked as the winning names for the new lake and the new road, in the contest that was inaugurated by the "Campus" and announced three weeks ago. "Mirror" Lake has proved to be the most popular name for it was sent in by two people. The committee of judges voted unanimously for the name "South Terrace" and four to one for "Mirror Lake."

The originators of both prize winning names will receive a free subscription to the Campus for one year.

The judges in charge of the contest were Dr. H. D. Denlinger, Dr. H. D. Newton and Professor G. H. Lamson from the faculty with Byrd Standish and Hoadley Groesbeck from the Campus Board.

Names Proposed for the Lake Were:

Mirror Lake, Meadow Lake, Zephyr Lake, Sunset Lake, Lake Hollister, Pine Grove Pond, Shadow Lake, Bantam Lake, Mansfield Lake, Fairview Lake, Merrythought Lake, Rainbow Lake, Friendship Lake.

Names Proposed for the New Road:

South Terrace, First Avenue, Beach Avenue, Cypress Avenue, Autumn Road, Woodcrest Avenue, Woodlawn Avenue, Shady Lane, Edgewood Avenue, Fairview Road, Forest Avenue, Sylvandale Road and Spring Avenue.

AT OTHER COLLEGES

The Springfield Student, publication of Springfield Y. M. C. A. College, issued a freshman number in which the new men were featured. The Student was printed on green paper to harmonize with the color of the frosh and described in detail the initiations which were given in two parts, formal and informal. In the formal part of the rites a representative of each of the varsity teams in uniform passed in review. This was followed by a pledge to Springfield College by all the new men.

Columbia's youngest student for the year is Daniel Berman, twelve years of age who comes from Galveston, Texas.

PARAMOUNT PICTURE IS FEATURE FOR SATURDAY

"Bachelor Daddy," the Paramount picture featuring Thomas Meighan and Leatrice Joy, will be shown in Hawley Armory Saturday evening. In addition to the feature there will also be a scenic picture. Dancing will follow.

SIDELINE CHATTER

C. A. C. didn't draw a penalty. Springfield was penalized 35 yards, twenty on offside play, and fifteen for holding.

The Aggie players earned continued applause by their fight and pluck against a heavier and more experienced opponent. Juralewicz played a great game and the crowd cheered him when he was forced to leave in the last period on account of injuries.

Springfield made fifteen first downs while Connecticut made but four.

Springfield completed only two of seven attempted passes while Connecticut completed two from only four attempts.

"Beano" was one of the strong points in the Springfield line until "Fat" Sleichert fell on his ankle.

Things looked pretty rosy for the Aggies at the end of the first half with the score board reading
SPRINGFIELD 3 — OPPONENTS 7.

"Red" O'Neill looked good in there after E. Eddy was forced to leave.

"Bob" Berry put up a great game in his home town.

It was "Gump" Ryan's second touchdown of the season.

FRESHMEN, ATTENTION!

Connecticut has a large number of activities of various kinds. There is something to suit the interest of every individual. Athletics, dramatics, journalism, music and debating, are the main lines of activity on the Hill. Each of these is sub-divided into more specific lines of endeavor. In addition to this list there are inter-departmental clubs that welcome men interested in a special line of work.

It has been a custom at Connecticut for the freshman class to become associated with college activities. This is usually done at the beginning of the college year—the best time and the time it should be done. The class of '26 is no exception to previous freshman classes, and the college reasonably expects that the individuals in that class will "carry on." Now is your time to get lined up. Think over the various opportunities offered, note carefully your own likes and dislikes, and choose some one or a few activities that you are especially interested in. A word of precaution—do not make the mistake of lining up with too many activities. When a man has more than he can handle, something is bound to suffer, and usually it is his studies. Select a few, do those well, work hard, and stick with them. Your freshman and sophomore years will be years of training, in your junior year you will be given more or less responsibility, and in your senior year if you deserve the honor, you will be elected to the supreme position of all.

PUBLICATIONS

All college activities have their rewards and are more or less appreciated by the student body. Members of athletic teams, when playing the required number of games, receive a letter which proclaims to the outer world that they excel in sports. In addition they perform before the public and students, in itself an added reward.

The members of the Dramatic Club, Glee Club, Blackguards and other kin-

dred organizations work hard in their respective lines and produce concerts and plays of which the college is justly proud. They too, however, have the opportunity of appearing before large audiences, people know who they are and they taste the pleasures of applause.

Members of the honorary fraternity have keys to wear, an enviable distinction, one which enables them to enjoy a certain dignity. Scholars are placed on the Honor Roll with its accompanying privileges.

But come to publications—another game and the best there is at the institution, and note the difference in the enthusiasm of the men engaged in this activity and note the difference in the reward that they receive. A man writes a good story and it appears on the front page of the paper. He has a certain thrill because he knows that it is a product of his own ability. Moreover he knows that he is putting the news and the high spots of our college life down in permanent history and that his audience, altho never addicted to giving applause, is a large one.

All this is true of those on the Nutmeg Board. They work faithfully getting out the year book and only the ones who have done the work know how much of a task it is. It is these men who sense the glory of doing a good work for their Alma Mater and that receive the highest rewards.

The varied experiences encountered in journalistic work are valuable lessons in themselves. There is practical experience and much useful knowledge found in compiling a section of the Nutmeg, in going to Willimantic to make up an issue of the Campus, in securing advertisements for any of the publications.

Men who have devoted themselves to publications invariably make good in what ever they undertake. They have had exceptionally broad excellent training. Many of the most prominent men of the country have been editors or writers at one time or another. They are men who can play a game for the love of the game and not for any superficial reward that may be handed out with the accompanying clamor.

With the new men who attempt to work in any branch of publications at Connecticut the outlook may be dull and monotonous but there are rewards ahead, even greater rewards than there are to be found in most branches of our activities. Men who are willing to work diligently and faithfully at any phase of our publication work will be amply rewarded when the shouting dies on dimmer, lesser fields of activity.

ELEVEN ARE ADMITTED TO DRAMATIC CLUB

Eleven new members have been added to the Dramatic Club as a result of try-outs held recently. Those admitted are Phyllis Smith, Louise Benn, Marjorie Hills, Irene Ellis, Margaret Hutton, Mary Staples, John Goodrich, Martin Ryan, Roland Wehger and Milton Moore.

FRESHMEN AND ACTIVITIES

Every June Connecticut graduates a senior class. When this class leaves its Alma Mater it takes with it men who have been active in various college activities. Their going leaves numerous positions that must be filled by those who remain. How did these seniors obtain these positions? Were these various offices of responsibility thrust upon them? No, not by any means. The men in any and every senior class who are honored by election to positions of importance in college activities, and who can be called the leading men in college life, started from the bottom—they became lined up with their activity while they were freshmen.

Every September a new freshman class enters college. In that class are potential editors, presidents, senators, captains and leaders in all walks of life. In that class are men who, because of previous training or because of inclination, are destined to be the "big men" in their senior year. Like every good thing in life, these men have got to get out and work for their honor. No one is coming to them at the end of their junior year and say "We need someone to fill such and such a position. Would you be willing to take the responsibility?" Instead the organization back of that position is going to consider carefully the men who have been lined up with it. They will consider the man from the standpoint of his ability, personality, experience, and last but by no means least, the amount of work that man has done for the organization and the interest he has shown in doing it.

NUTMEG BOARD SEEKS ADDITIONAL WORKERS

Plenty of Opportunity for Those Willing to Work on 1923 Nutmeg.

The tryouts for the Nutmeg have so far brought out more men in the art department than in either the editorial or the business end. There is still need for more men in all three of these groups. It should be understood that the freshmen and sophomores are not competing directly with one another, for next year's Nutmeg Boards will be selected entirely from the class of '25 while the 1925 Nutmeg will be issued by a board of those who are now Freshmen. It is especially desired by the present editors that there be tryouts among the women for every year there is room for two or more co-eds on the boards.

There is a chance on the Nutmeg for nearly everyone who is willing to work. Those with business ability will find an opportunity to exercise it on the circulation or advertising end. Those who can draw are needed by the art department. The photographic part of Nutmeg work requires a good live man and one skilled in taking pictures. Some of the perpetual wise crackers would do well to expend some of their energy on the gratings department. Anyone who has the gift of writing, has a good chance of making the editorial staff.

SAFETY VALVE

ANOTHER ASPECT OF THE CHEERING

Dear Editor:

The issue of the Campus for October 12 contained an article concerning the cheering at a recent game.

I agree with the article in that Connecticut did not live up to her reputation for cheers during this game. Part of this could be blamed to those in the cheering sections—in fact a large part of it could.

Now, may I ask a question? Taking it for granted that you have attended the mass meetings held before the games, have you at any one mass meeting heard the same cheer given the same way twice? I am afraid you will have to confess that you have not.

When the cheer leaders don't know the cheers well enough to lead them twice in succession and have them the same, who is to blame; the cheer leaders or those in the cheering sections?

If we must vary our cheers, let's do it all together, and know what we are doing instead of giving nine rahs and three teams once and then nine rahs and only one team. Let's understand what we are doing.

After the mass meeting of Friday night I heard many freshmen asking the question, "How are we to yell if they change the yells every time they are given?"

These questions are not confined to the freshman class entirely for many upperclassmen are thinking and saying the same thing.

Maybe this is a good idea for the committee to work on in formulating a system of cheering.

(Signed) '23.

A NEEDED IMPROVEMENT

To the Editor of the Campus:

Conduct at College Assembly is a hackneyed subject for Safety Valve writers, but conditions are in such a bad way at present that it seems wise to make another protest. At every assembly this year the writer, has had his enjoyment of the speaker dulled or entirely wiped out by the chorus of comment and abuse that has swept around him, not always in undertones, from a row of seats in the rear. It seems as if the least one can do if he or she does not appreciate the topic or the speaker is to keep quiet and let those who are interested get something out of the talk. Above and beyond that, however, is the fact that college men are supposed to be gentlemen. Their action when Dr. Norwood and Professor Shepard addressed us did not stamp many of them as such.

A large amount of this is merely carelessness, but we cannot afford to be careless when the reputation of the college is at stake. Another thing—laughing, yawning, or joking while the Alma Mater is being sung does not go well. Let's make seriousness the keynote of College Assembly.

For the Good of the College.

KAMPUS KLIPS

Hy: "Although I was late I found the landlady had saved for me the tenderest part of the chicken."

Dry: "What was that?"

Hy: "Some of the gravy."—Ex.

Plus: "Does your baby need a nurse?"

Minus: "No, he needs a night watchman."—Ex.

One half of the world does not know where the other half get its liquor.

Corn: "Cheer up old man. Why don't you drown your sorrow?"

Water: "That would be murder, and besides, she is bigger than I am."—Ex.

A real modest girl is one that will not look at a battleship when it is stripped for action.—Ex.

He took her rowing on the lake, She vowed she'd go no more.

I asked her why—she answered me: "He only hugged the shore."—Ex.

Clerk: "What size hammock do you want?"

Summer Girl: "O, a small hammock, must be big enough for one, but—er—strong enough for two."—Ex.

Some times a fellow gets pretty well along in years before he realizes that brains were given him not solely for hair fertilizer.—Ex.

A VACATION ODE

Little bank roll, e'er we part,

Let me press you to my heart.

All the year I've worked for you

I've been faithful, you've been true.

Little bank roll in a day

You and I will go away

To some gay and festive spot;

I'll return, but you will not.—Ex.

(Cont. from page 1 col. 3)

Clark, Putnam, Manchester, Daly, Bolan, Weinstein, Mahoney, E. Collins, and Mathewson, are making arrangements for the banquets. Plans are being formulated for about three hundred guests. Of this number it is expected that one hundred will be students, one hundred alumni, forty football men and twenty-five of the faculty members. Speeches will be given by the alumni and faculty.

A large number of the alumni will return Friday and preparations must be made to accommodate them Friday night. On Friday evening there will be a mass meeting in the Armory. Alumni cheer leaders will lead in some of the cheering.

Before the game the student body and alumni will form in two separate groups and march on the field. The alumni group will be lead by the alumni cheer leaders.

The crowd will probably be one of the largest that ever witnessed a football game on the Hill. Rhode Island supporters will be numerous, and it is rumored that they are to bring a band with them.

FROM GILBERT'S

DE MAGNETE

"WORD MONGERS" and "CHATTERING BARBERS"

"Word mongers" and "chattering barbers," Gilbert called those of his predecessors who asserted that a wound made by a magnetized needle was painless, that a magnet will attract silver, that the diamond will draw iron, that the magnet thirsts and dies in the absence of iron, that a magnet, pulverized and taken with sweetened water, will cure headaches and prevent fat.

Before Gilbert died in 1603, he had done much to explain magnetism and electricity through experiment. He found that by hammering iron held in a magnetic meridian it can be magnetized. He discovered that the compass needle is controlled by the earth's magnetism and that one magnet can remagnetize another that has lost its power. He noted the common electrical attraction of rubbed bodies, among them diamonds, as well as glass, crystals, and stones, and was the first to study electricity as a distinct force.

"Not in books, but in things themselves, look for knowledge," he shouted. This man helped to revolutionize methods of thinking—helped to make electricity what it has become. His fellow men were little concerned with him and his experiments. "Will Queen Elizabeth marry—and whom?" they were asking.

Elizabeth's flirtations mean little to us. Gilbert's method means much. It is the method that has made modern electricity what it has become, the method which enabled the Research Laboratories of the General Electric Company to discover new electrical principles now applied in transmitting power for hundreds of miles, in lighting homes electrically, in aiding physicians with the X-rays, in freeing civilization from drudgery.

BUSINESS DEPARTMENT TO HAVE NEW SAFE

The new safe which is located in the basement of the main building is being constructed by the Buildings Department. It will be used by the Business Department as a depository for college documents and papers. The C. A. & A. H. Ockert Company of New Haven is supplying the steel door and frame work. The walls will be of hollow tile and the ceiling of concrete. A section of the first floor of the main building will have to be removed in order that the concrete top may be set on the vault. The Building Department expects to finish the work in the near future.

AT OTHER COLLEGES

Monsieur Louis Peretmer enrolled this fall as a student at Middlebury College. On the first night of school sophs burst into his room armed with paddles. The Frenchman was awakened none too gently.

"Aren't you a freshman?"

"Oui, yes."

"Well, then, get out of here, step lively!" came the sophomoric command.

"Wait, what is it you mean by such treatment?" politely but meekly inquired the French Student, and the look on his face matched his puzzled talk, which caused the marauders to hesitate.

"Aren't you a freshman?" once more queried the raucous voice.

"No, no," quietly replied Louis, "I'm not a FRESHMAN, I'm a FRENCHMAN!"

He was told to go back to bed.

Baths in a tub of ice water are the punishment for frosh rule-breakers at Colorado State College.

The game with Connecticut last Saturday was the cause of Springfield's first mass meeting of the year.

"Admission Two Eggs," was the price recently charged for a concert in Wurttenberg. This plan of protecting the performers by cornering all the ammunition might work out well at C. A. C.

**EVENING LUNCH DOES BIG
BUSINESS OPENING NIGHT**

New Eating Place Finds Much Favor
Among Undergraduates

The new lunch department of the College Store started off with a rush when it opened its doors on Monday evening. All undergraduates agree that the new eating establishment fills a long-felt need and it has at once jumped into great favor with the student body. First nighters report that the excellence of the food and the cuisine are without equal with the prices so moderate as to enable a hungry "stude" to satisfy the inner man without serious drain on his finances.

Additional equipment for the Lunch has been ordered and is expected in the near future. This will provide seating space for several more patrons and relieve the congestion at the counter. J. Peter Baylock, an imported chef, has charge of the culinary department and is ably assisted by Morris Daly and James Fenn of New York.

"Connie" Mahoney, promoter of the new idea, expressed himself as being well satisfied with the amount of business done on the first nights and hopes that all his old customers will visit him in his new establishment.

(Cont. from page 1 col. 2)

Army at the present time and will make it possible to execute all the battalion formations and ceremonies.

Men Given Opportunity to Advance

At the first battalion formation on Friday, October 12, assignments to companies were made, and instructions in mass calisthenics, school of the soldier, and school of the squad were given. Freshmen and sophomores were assigned to companies according to their position on the class roll. The sophomores, and some freshmen who have had previous military experience, will be given an opportunity as squad leaders, and, as they show ability, to sport Corporal's chevrons. The juniors have been detailed as acting Platoon and Staff Sergeants. The seniors command platoons and companies as Lieutenants and Captains.

Temporary Appointments Made

Temporary officers have been appointed in the various companies for the purpose of organization. These may or may not be made permanent according to the ability of the men and the discretion of the commandant. Second lieutenants will be named in the near future.

Those appointed were:

Major—C. O. Dossin; Adjutant, W. E. Wing; Sergeant Major, H. I. Stohr. A Company—L. H. Bemont, captain; A. P. Bates, first lieutenant; W. H. Ginter, first sergeant

B Company—E. G. Ashman, captain; W. C. Baxter, first lieutenant; F. W. Metzger, first sergeant.

C Company—P. J. Reveley, captain; B. S. Juralewicz, first lieutenant; M. N. Purple, first sergeant.

D Company—E. S. Patterson, captain; P. L. Steere, first lieutenant; F. X. Brenneis, first sergeant.

**CHEF AT COLLEGE HURT
WHEN AUTO OVERTURNS**

Accident Occurs at Mansfield Center
—Other Occupants Cut and Bruised.

Richard Shaw, former chef at the college, was severely injured and three men with him were shaken and bruised when the Chevrolet car driven by Shaw overturned at Mansfield Center on Monday afternoon. Mr. Shaw was returning from Willimantic at a good speed and when about to pass a wagon the car skidded, hitting the wagon and throwing out the driver. The occupants of the sedan were rushed to St. Joseph's Hospital in Willimantic by Robert MacDonald, who passed the scene of the accident shortly after it occurred. All but the chef were able to leave the institution later in the evening. At first examination it was thought that he was suffering from concussion of the brain but later reports showed that his condition was not as serious as supposed. The car turned over several times and is a complete wreck.

**HAZEL PIERPONT HEADS
NEW GIRLS' GLEE CLUB**

Fifty Members Included in Organization Coached by Mrs. M. Farrell.

Fifty members are enrolled in the newly formed Girls' Glee Club and are being coached under the direction of Mrs. Michael Farrell.

"At a recent meeting of the organization officers were elected as follows: President, Hazel Pierpont; secretary, Sarah Fuller; treasurer, Helen Levittow; librarian, Hildur Scholander. A music committee consisting of one member from each class has been appointed. Those serving on this committee are Marion Toole, '23, Margaret Hall, '24, Pauline Graf, '25 and Emma Pearlstein, '26.

The Club will meet and rehearse every Tuesday night at 6:30 in Main 10. Meetings will consist of business matters, after which readings and a discussion on topics relating to music and glee club work will be taken up. The Club expects to start at once on the business of forming and rehearsing for an evening's program.

**"AT HOME" IN GIRLS' DORM.
IS LARGELY ATTENDED**

The second "at home" of the season was held in Holcomb Hall on Friday evening, October 13, 1922. The girls entertained about seventy-five men, members of all four classes. The freshmen were especially well represented.

Dancing proved the most popular form of entertainment, although a few couples were content to talk or play cards.

A cordial invitation is extended to all upperclassmen to come to Holcomb Hall on Friday, October 20, 1922, at eight o'clock, at which time the girls will be "at home" to them.

CAMPUS PHILOSOPHER

On to Trinity!

Finding himself in a particularly philosophical mood, the C. P. asked a graduate of three months' standing this hackneyed question, "What is the advantage of a college education?"

The B. S. replied, "I learned the poetical way of shooting crap."

Which shows the truth of the old adage that one should never let studies interfere with his education.

The state highway will resemble the roads of Greece after the Smyrna disaster when the bunch hits the road Saturday morning.

But it matters not how you go, even if you get aristocratic and journey in a Rolls-Rough or a Hills-Sainte Wear, just so long as you're in the Aggie cheering section when the big blue team starts off.

If you drag a woman, teach her the cheers beforehand.

In case we win, it'll take more police than Hartford ever had to hold us in.

And don't forget to wear the old "C" arm-band.

With "Red" O'Neill back in the Aggie lineup it looks like a Connecticut Day at Trinity on Saturday.

Boost the college activities and don't forget the C. E. meetings.

Looks as tho the side with the best looking co-eds is going to win out in the C. E. contest.

Must be that Connecticut's the pace setter. News comes in that the latest dance is the "smuggle."

You see, that's old stuff here.

Evidently the mess shack is on the up-grade. As yet the Campus has not received the yearly batch of Kampus Klips on that oft berated place.

Time to get going, freshmen. Two candidates apiece showing up at the various activity meetings isn't enough.

Well, boys, make the most of these nights. Soon you'll have to repair to the library.

Wonder what a co-ed does when the lights go out?

Editor "Rich" wants contributions for his Nutmeg Scandal-sheet. Good chance for the freshman co-eds.

Let's go to TRINITY!

Colonel Martin, a famous geographer now lecturing at Clark University, will speak on the Near East Relief at President's Hour next Wednesday.

PROMINENT LECTURER TO SPEAK AT CONNECTICUT

L. O. Armstrong Will Tell of His Trip up the Columbia River.—To Illustrate with Movies and Slides.

L. O. Armstrong, a lecturer from the Bureau of Commercial Economics, Washington, D. C., will speak in Hawley Armory, Thursday evening, Oct. 26, at eight o'clock. His subject will be "The Headwaters of the Columbia River." Movies and lantern slides will be used by Mr. Armstrong to illustrate his talk. No admission will be charged for this lecture.

For forty years Mr. Armstrong has acted as explorer for governments and railways. He has lived in the wild with the Indians and frontiersmen. Being a college graduate, he knows how to popularize his subject and adapt it to any audience. The Canadian Government selected Mr. Armstrong to put on the Indian Pageant at the time of the Tercentenary celebration of the founding of the city of Quebec. Our own government and the state governments of New York and Vermont gave him entire charge of the pageant celebrating the discovery of Lake Champlain. Mr. Armstrong is one of the founders of the Canadian Alpine Club.

NOVEL CONTEST STARTED BY CHRISTIAN ENDEAVOR

As a means of developing interest among the students, a contest has been started by the members of the local C. E. Society. Two sides have been formed, one of which sits on the north and the other on the south side of the church during the meetings. A system by which points are awarded has been worked out and at Christmas the side with the lowest number of points must give a social to the whole society. The rules governing the contest are as follows:

1. Each new member shall count a point.
2. Each member present at each meeting shall count one point.
3. Each member taking part in a meeting shall count one point.
4. New members coming voluntarily shall have the choice of joining either side.

NEW BARRACKS READY FOR TWO YEAR MEN

Structure in Rear of Storrs Hall Will House Twenty-Four Students

In the rear of Storrs Hall stands the new barracks, ready for occupancy by the two-year men who will enter at the end of this month. The barracks was erected by the Buildings Department to accommodate the overflow of students from the dormitory, due to the large enrollment this year.

The building is twenty feet wide and ninety feet long. It contains six rooms, fifteen by twenty feet, each of which will accommodate four men. The rooms are to be equipped with electric lights and will be steam heated from the central heating plant. Bathing accommodations will be found in the neighboring recesses of Storrs Hall.

FORMER AGGIE VISITS COLLEGE BY AEROPLANE

Two Hartford Lads Invade Storrs
With Curtis Biplane

Monday afternoon at four o'clock, Lieut. Chadwick and "Red" Markham, '20S, of Hartford, floated down at Storrs in a Curtis Standard Biplane, after a twenty-five minute flight from Hartford. "Red" is acting as Chadwick's manager in using the plane for passenger service. They made their trip in a rather stiff wind, which continued throughout their stay on the Hill. A sign on the bulletin board advertised a ten minute trip for seven dollars, but evidently the flight fans were few or broke. While at Storrs, Lieut. Chadwick and "Red" were guests of the Phi Mu Delta Fraternity, of which the latter is a member.

(Cont. from page 1 col. 4)

more class treasurer shall forfeit to the freshman class treasurer within thirty days an amount equal to the initial cost of the pig.

3. The affair shall be limited to the male members of the two underclasses. There shall be no interference on the part of the upperclassmen or other persons connected with the college.

4. The pig shall be roasted in open air within a radius of five miles of the Main Building, as further provided in Rule 5.

5. The pig may be partially roasted beforehand, but to be judged a success it must be roasted for one hour at the designated spot where it is to be eaten, in the presence of at least fifty percent of the members of the freshman class, plus the class president, or in his absence, in the presence of a total of seventy percent of the members of the class.

6. The president of the Student Senate will act as judge, his decision being subject to ratification by the other members of the Student Senate. He shall be notified in advance when and where the roast is to take place and also as to the identity of the freshman president.

7. No member of either class shall be held in confinement by the other class for more than 24 consecutive hours, nor shall any man be held by the other class more than once. If any sophomore is held in violation of these rules the roast shall be judged a failure and any freshman held in violation shall be counted present at the affair whether he succeed in attending or not. No student shall be taken outside the five mile radius.

8. No freshman may leave the five mile limit at any time during the seven day period. Exceptions fall under Rule 13.

9. The freshmen must secure the consent of the owner of the land upon which the roast is to be held.

10. All damage to property will be paid for by the class whose members are responsible therefor.

11. The use of motor vehicles by either class is prohibited.

12. The use of weapons of any sort is prohibited.

13. All questions which may arise regarding the interpretation of these rules will be decided by the Student Senate.

ODELL SHEPARD SPEAKS AT COLLEGE ASSEMBLY

Trinity College English Professor Gives Interesting Comparison of a Farmer's Attitude Toward Life and that of a Poet.

Professor Odell Shepard of Trinity College English Department, was the speaker at this week's assembly. His subject, as announced by Dr. Denlinger was "Loaves and Hyacinths."

Working on the supposition that students in an agricultural college were primarily interested in agriculture, Professor Shepard endeavored to correlate it with poetry, the subject in which he is particularly interested. At the beginning of his address, the speaker differentiated the duties of the farmer and the poet, characterized the former as that which makes life possible, and the latter as what makes life enjoyable. Without the latter, the former would be useless.

Professor Shepard read several selections of verse pertaining to farm and country life and closed with a short poem of his own.

ANNUAL CHURCH SUPPER AND MEETING HELD

The Annual Banquet of Wit and Humor of the Storrs Community Church was held in the church parlors last Tuesday night. About fifty people attended. Following the banquet there were several humorous talks and a solo by Bertram Smith. A business meeting followed the program of entertainment.

AT OTHER COLLEGES

Under the title, "Famous Stories of Familiar People," the "Reserve Weekly" of Western Reserve University is publishing weekly biographies of the leading men on the campus. The first man selected for this honor was Curtis L. Smith of Cleveland, president of the senior class and the student council.

Pi Delta Epsilon, national journalistic fraternity, has just granted a chapter to Georgia Tech. Aggie publications men have been working toward a Pi Delta Epsilon for several years and they hope to secure a chapter this year.

Saving stamps in twenty-five and fifty cent denominations are being sold at Johns Hopkins. These are attached to a card which when full can be exchanged for a round trip ticket to the Haverford football game.

Mischa Elman, noted Russian violinist, gave a concert at the University of Vermont Monday evening.

The "Technique," Georgia Tech's live weekly, runs a column of social chatter called "Along the Avenue." The Campus might do the same under the heading "Along the Board Walk."
