NO. 6

FIRST FORMAL DANCE COMES NEXT MONTH

FOOTBALL HOP COMMITTEE ANNOUNCES DANCE RULES

Price is \$3.50 per Couple.—Will be Strictly Formal.—College Rules to be Enforced.—Orchestra Not Yet Chosen.

Plans for the Football Hop to be held in Hawley Armory on Friday evening, November 24, are well under way according to a statement from J. M. Mullane, chairman of the executive committee.

The committee has not yet decided on the orchestra that will furnish music for the occasion, but correspondence is being carried on with Rapp's Orchestra of New Haven, Midnight Sun of Middletown, and Mark's Orchestra of Waterbury.

At a recent meeting of the executive committee the following rules were formulated.

1. The dance will be held Friday night, November 24, 1922, in Hawley Armory. The price of the dance is \$3.50 per couple.
2. There will be a concert from 8:00 to 8:30 p.m. Dancing will start at 8:30 and continue until 2:00 a.m.
3. The dance will be strictly formal. Tuxedos are permissible.
4. The regular college dance rules will be strictly enforced.
5. Straw, cornstalks, or other inflammable material will not be used.
6. Flowers are not permissible.
7. Decorations on all boxes must be down by Saturday noon. All nails, tacks, and other fixtures must be entirely removed.
8. Care must be taken of the Armory equipment and everything removed must be replaced.

Per Order, Dance Committee.

There will be eighteen dances and three extras, a total of twenty-one. The programs are of leather, book-shaped, with a raised State Seal in the center. Their color will be Connecticut blue.

The Football Hop is the first big dance of the year and both students and alumni are making preparations to attend it.

PRESS CLUB MEETING

There will be a meeting of the Press Club Monday evening in Main 7, and all men and women who are interested in newspaper work and in writing for their home papers are urged to attend.

FORMER SECRETARY TO BE MASTER OF CEREMONIES

BIG PLANS FORMULATED FOR RHODE ISLAND GAME

E. O. Smith to be Toastmaster at Football Banquet.—Over One Hundred Expected to be on Hand for a Monstrous Reunion.

E. O. Smith, former secretary of the College, has consented to act as toastmaster for the football banquet which will be held in the College Dining Hall on the evening of November 18, after the historic Rhode Island football game. Mr. Smith came to Connecticut in September, 1901, and remained as secretary until 1916 at which time he left to take up a position with his father in the firm of Oscar Smith and Sons in Philadelphia, where he is now located.

It is now expected by the committees in charge of the arrangements that the Rhode Island game and the Football Banquet will bring one of the largest gatherings of alumni to the college ever seen except at Commencement time. Plans are now being made for over one hundred alumni to attend the banquet and the game.

Preparations are being made to accommodate the alumni which will return on Friday to attend the mass meeting. Alumni cheer leaders are expected to lead some of the cheers.

Before the game is called on Saturday the entire student body and the alumni will form in two separate groups and march onto the field.

EIGHTY MEN IN TWO YEAR COURSE ARRIVE TUESDAY

Thirty-Seven Men to Enroll.—Total will reach Eighty or more.—Some of Men to be Housed in Barracks.

The first semester for those enrolled in the two year course will open Wednesday, November 1. Registration for the new men will take place on Tuesday with classes beginning the following day.

Thirty-seven men will be in the entering class while the number of men returning in the second year will bring the total number up to eighty. Housing facilities will be found in the dormitories and the new barracks will be used for the first time to accommodate the Ag. men.

The 1923 Nutmeg is planning a drive for subscriptions, which will begin at once. Representatives have been appointed to collect the money in each of the fraternities and a thorough canvass of the Freshman class will be completed in the near future.

ENTOMOLGY GRADUATES SECURE GOOD POSITIONS

MEN NOW EMPLOYED BY GOVERNMENT OR STATE

Clarence Grant, '22, was Third Highest in Country on Civil Service Entomology Examination Last Spring.—Others Rank Close to Top of Long List.

All of the men who have graduated from Connecticut and specialized in Entomology have secured good positions. Many of these men are now found in various entomological projects and are employed either by the federal government or by the various states throughout the country.

Each year the college receives several applications for men who have specialized in entomology. Last year the men who specialized in this work had a choice of several positions and several more men could have been placed.

Graduates Rate High

Graduates of the college have rated very high in the civil service examinations. Last spring Clarence Grant, Theodore, Gardner and Harold Jaynes, all of the class of 1922, took the civil service examination which was given at Willimantic and Grant was third highest of all the men in the country who took this examination. The others ranked fairly close to Grant and all had very creditable records.

For the past two years three seniors have specialized in entomology. Last year in addition to three seniors, Frederick Bauer, '20, took advanced work in this department. At the present time there are no seniors in entomology. Four juniors, however, have elected to major in this course.

Men in Good Positions

Of the graduates of the past two years Frederick Bauer, '20, is an instructor in Zoology and Entomology (Cont. on page 7, col. 1)

REV. C. H. RICKETTS TO PREACH SUNDAY MORNING

Pastor of Greenville Congregational Church Comes to Storrs by Invitation of Mr. Dawson.

On Sunday morning the pulpit of the local church will be occupied by the Reverend Charles H. Ricketts of Norwich. Mr. Ricketts is pastor of the Greenville Congregational Church of Norwich and is both a forceful and interesting speaker, being recognized as one of the leading clergymen of the state.

Mr. Ricketts is present at the personal invitation of Reverend Marshall Dawson, the college chaplain, and the church services should be well attended on Sunday morning.

BASKETBALL SCHEDULE ANNOUNCED BY MANAGER

SIXTEEN GAMES LISTED FOR CONN. HOOPSTERS

Holy Cross and Pratt are New Opponents for Connecticut Five.—Season Opens on December 15.—Four Home Games Arranged for This Far.

Robert S. Laubscher, manager of basketball for the coming season, has rounded out the schedule for this year's games and at present has listed fourteen of the sixteen games allowed by the Athletic Council. Last year Connecticut played the leading teams of the country on the basketball court and made an enviable record in defeating West Point, Harvard, Springfield and Brown, along with numerous other teams. The list of games this year includes all of the past season's opponents together with the addition of two more teams, both prominent in basketball circles.

All Strong Opponents

Holy Cross will make its initial appearance in Hawley Armory on February 3, when the wearers of the purple take on the Aggies. Last year Holy Cross was one of the contenders for the New England championship and should prove a worthy opponent for Connecticut. Springfield and West Point were beaten by the wearers of the blue and white last year and will be met again during the coming winter, the Army at West Point and Springfield at Storrs and Springfield.

Every game on the card is with a strong rival and with the excellent material on hand Connecticut should stand at the top when the final game has been played.

CONNECTICUT BREAKS LOSING STREAK AND TROUNCES TRINITY AGGREGATION

CAPITOL CITY ELEVEN OUTCLASSED IN HARD
FAST GRIDIRON CONTEST ON HOME FIELD

Connecticut Wins First Game of Season with 19 to 7 Score.—Ryan Makes All Three Touchdowns.—Aggie Defensive too Strong for City Collegians.—Trinity Scores Lone Touchdown in Last Period After Scooping up Connecticut Fumble.—Many Aggie Rooters Journey to Hartford to Witness Victory.

When the shadows crept over Trinity field last Saturday afternoon Connecticut's fighting eleven, backed by two hundred and fifty score-crazed supporters, had gained an impressive 19-7 victory over the blue and gold team. "Marty" Ryan's brilliant broken field running led the Aggie attack to the heights. The Bridgeport boy scored all three touchdowns. Trinity could not gain through the famed orange line, while her backs usually found the Aggie ends an impassable barrier, Eddy and Dunn being credited with many tackles behind the line.

Bitter Defeat for Trinity

Trinity swallowed a bitter pill that afternoon, for it was the first time in the gridiron history of the two teams that the Storrs eleven had been credited with a victory. In addition, the "farmers" handed the Hartford Collegians their first defeat of the season. Connecticut started slowly, keeping on even terms with her rival, but soon drew away and ran up nineteen points before Trinity took the ball on an Aggie fumble and worked it across the line.

Both Teams Play Hard

The story of the game is the story of determined drives that could not be stopped, of a game fight by an outclassed team which resulted in a last minute score, of spectacular football that kept the crowd tense until the last whistle shrilled. The play of both teams was heady and hard, but Trinity more than met her match in the team that had been through four difficult early season games.

Connecticut Scores

Connecticut's first score came towards the end of the second quarter. Line bucks and a pass brought the pigskin to Trinity's ten yard line. Here "Jake" Dunn, Hartford boy and former H. P. H. S. end, tossed a short pass to Ryan for the touchdown. Eddy failed in an attempt to drop-kick.

Two Touchdowns Added

The blue and white crossed Trinity's goal twice in the third period. Shortly after the quarter opened Daly received Ortgies' punt on his forty-five yard line and made two yards. Berry gained three through center, and on the next play Ryan slashed through the

entire Trinity team fifty yards for the score, while horns blared and the crowd went wild. Eddy again failed at a drop kick. Near the end of the quarter "Marty" intercepted a forward pass and tore twenty-nine yards for another touchdown. Eddy drop-kicked perfectly for the extra point.

Trinity Scores

Connecticut again started a consistent advance, but a fifteen yard penalty and a fumble which Kennedy recovered gave Trinity the ball. Brill and Keating gained on two successful passes, bringing the ball to the Aggies' three yard line. Kennedy and Keating made a yard apiece, and then Kennedy slid over the line for Trinity's lone touchdown. Keating added a point with a place kick.

Dinner was served at the Hotel Bond to about one hundred Connecticut men and women, including players, alumni, faculty and students. No formal demonstration was carried on in Hartford, but groups of happy students spread over the city and kept the town from going to bed too early.

The Summary:

TRINITY (7)	CONNECTICUT (19)
Miller	le Eddy
Noble	lt O'Neill
McNally	lg Juralewicz
Brill	c Patterson
Anderson	rg Ashman
O'Connor	rt Prentice
Wilcox	re Dunn
Kennedy	qb Cohen
Ortgies	lh Berry
Keating	rh Ryan
Fischer	fb Daly

Trinity	0	0	0	7	—	7
Connecticut	0	6	13	0	—	19

Substitutions: Connecticut — Sneiderman for Berry, Berry for Sneiderman, Makofski for Berry, Peck for Patterson, Radowich for Dunn, Sleichert for Juralewicz, McAllister for Prentice, Prentice for McAllister, Moreland for Cohen. Trinity — Wright for Fischer, Allen for Ortgies, Johnson for Wright, Hartt for Wilcox. Referee: Coulter of Brown. Umpire: Burke of Worcester Tech. Head Linesman: Herr of Dartmouth. Touchdowns: Ryan (3), Kennedy. Points after touchdown: Eddy, Keating.

FEBRUARY 21

Worcester at Worcester

FEBRUARY 28

Trinity at Storrs

Two more game are pending and it is expected that the contracts will be closed in the near future.

WORCESTER TECH IS NEXT AGGIE OPPONENT

NUTMEGS FAVORED TO
WIN FROM ENGINEERS

Aggies Favored to Win Over Engineers.—Team in Good Condition After Trinity Game.—Many Students Expected to Follow Team into Bay-state.

Worcester Tech will be the next opponent for the big Connecticut eleven when they face the Aggies on Saturday at Worcester. To date Tech has shown nothing remarkable in football and has fallen to defeat in several games. Trinity won by a small margin early in the season and Mass. Aggie triumphed over the Engineers by a wide margin. Going in their present form Connecticut should have no difficulty in annexing the second victory of the season according to all available "dope."

Save for a few minor injuries the Aggies came through the Trinity game unharmed and Coach Tasker will be able to throw a formidable line-up against Worcester with several valuable subs held in reserve.

The team will leave early Saturday morning. Many have signified their intention of following the team for the game with the Bay State College.

AGGIE SECONDS WIN FROM HOPKINS SCHOOL

VISITORS OUTCLASSED BY
BLUE AND WHITE TEAM

Final Score 44 to 0.—Swem and Malumphy Make Long Gains in Mid-day Contest.

Connecticut's reserves rode roughshod over the eleven from Hopkins Grammar School of New Haven on Dow Field Monday. The visitors generally turn out a team which rates high in local prep school circles but it was a woefully weak eleven that they sent against the Aggies. Led by McGowan, the plucky quarter, who got off some nice punts, the visitors worked hard, but were hopelessly outclassed, and although Coach Tasker used his third and fourth string men much of the time the New Haven boys never looked dangerous.

Swem starred for the locals, furnishing some brilliant dashes around the end and booting two pretty drop kicks for points after touchdowns. Press showed to good advantage also, while Malumphy worked well in the line.

Fienemann played a consistent game at tackle and Bunk slipped through for several tackles behind the line. Swem's tackling was one of the outstanding features of the game.

(Cont. on page 3 col. 1)

FORMER AGGIE STARS WITH BRIDGEPORT TEAM.

"Art" Mitchell and "Ching" Hammell Playing Stellar Game in Professional Fields

"Art" Mitchell, '22, former captain of the Aggie football team and "Ching" Hammell, former star quarter back and probably one of the best backfield men who ever wore a Blue and White uniform are now playing professional football with the Bridgeport team.

Mitchell was captain of the varsity for two years and played the position of tackle. Hammell was playing quarterback and fullback while with the

Connecticut eleven last year. "Ching" often made long gains through opposing lines and was the best ground getter on last year's team.

In a game against the Ex-Collegians of New Haven last Saturday Hammell caught the ball from a kick-off and ran eighty yards for a touchdown.

Mitchell at right guard is reported playing a good game. Hammell is playing right halfback for the Bridgeport eleven.

FORMER AGGIE FOOTBALL MEN WITH BRIDGEPORT

James "Ching" Hammell

Captain "Art" Mitchell

SCORES OF OPPONENTS

Maine 19—Bates 6
Tufts 7—Norwich 0
Rhode Island 7—Delaware 0
Mass. Aggie 10—Amherst 6
Springfield 26—Stevens 2

MEGAPHONE

The Aggies surely found their stride in the Trinity game. From the initial kick-off until the final whistle there was no doubt as to the outcome of the contest.

"Gump" Ryan's long run around right end for the third touchdown was the best seen on Trinity field for many a game and will be remembered in Aggie football history.

At the end of the game Trinity was completely played out while Connecticut looked fresh enough to start the affair all over again.

Aggie supporters outnumbered the Trinity rooters about two to one.

Worcester Tech has fallen an easy victim to nearly all her rivals, including Trinity, and should be the prey for the Connecticut victory.

Five straight is the way the last half of the schedule is going to work out.

SPRINGFIELD FROSH TO PLAY AGGIE SECONDS

Scrubs will be Seen in Action on Gardner Dow Field Next Saturday Afternoon.

While the varsity journeys to Worcester the second team will tackle the Springfield College freshmen on Gardner Dow Field Saturday. Little is known of the strength of the visitors but as athletics are of great importance at the Y. M. C. A. College there is no doubt that they will have a strong aggregation.

The second team overwhelmed Hopkins Prep on Monday and is composed of very good material and can be depended upon to give the youngsters a hard battle.

A play, "The Old Peabody Pew," will be presented in the Community Church next Friday night by the Ladies' Circle of Storrs. The play, written by Kate Douglas Wiggin, is a quaint production recalling the days of our grandmothers and has proven very popular where ever it has been given.

(Cont. from page 2 col. 4)

FIRST CALL FOR FRESHMEN HOOPSTERS ON MONDAY

Thirty-five Men Report for Practice, Directed by Coach Tasker and Captain Lord

The first call for basketball was given Monday night when all freshmen desiring to try out for the Aggie five were given their first workout on the court in Hawley Armory. The evening was spent in the rudiments of the game with especial attention devoted to passing. There were about thirty candidates present and this number will be greatly enlarged when football men are available. Upper-class players will not be called out for three weeks but practices for the new men will be held several times a week. Coach Tasker was assisted by "Phil" Lord, captain of this year's team and "Sam" Putnam, '22, varsity player and captain of the quintet during the season of 1920-21.

CHANGE IN CLASS HOURS AIDS FOOTBALL MEN

Coach Tasker to Have Men Practice at Eleven O'Clock Instead of Four-Thirty.

The shades of night are now falling earlier and faster and of late Coach Tasker's charges have been greatly handicapped by lack of time for practice. Many of the players have late classes which made it impossible for them to report on the field until very late in the afternoon.

For the past several years classes have been moved an hour earlier but this year it was decided to have practice at eleven in the morning and have the eleven o'clock class at the end of the afternoon. Consequently there will be no fourth morning class but the time will be made up in the afternoon from four-thirty until five twenty.

FIRST YEAR SPECIALS TO HAVE FRESHMEN RIGHTS

Student Senate Decides that Men Living up to Freshmen Rules Shall be Given All the Privileges of Underclassmen.

It was voted by the Student Senate that the first year specials should be given all the privileges of the freshman class, at the regular meeting held last Monday night. Many of the specials have been subject to the discipline of freshmen rules and much controversy arose as to whether or not they should automatically become members of the freshmen class.

The Student Senate is also investigating the matter of adopting a standard freshman cap for the college.

"Music with meals" proved popular two years ago with the student body and there has been several queries as to why it is not continued this year. The Student Senate is now looking to the possibilities of having a bit of melody while the hungry "studes" satisfies the inner man in the College Dining Hall.

LESS FREE RIDES

Few or none of us are highly in favor of walking when it is nearly as easy to ride but the habit that many of the male members of the student body have fallen into of habitually "bumming rides" is not necessary.

When fellows who are a bit short in their share of the coin of the realm wish to follow one of the athletic teams, this free ride trick is the only resort, it is not to be entirely condemned, for in the most cases it is only a display of college spirit and love for adventure.

On the other hand when the students resort to this mode of travel to the extent that it continuously annoys the travelling public, it is time for a reckoning. Lately many have taken to this "bumming" method to get passage to "Willy" on a Saturday night to see the famed "best girl" or to go down just for a ride, all of which may, and very often does, cause considerable delay and much inconvenience to people who are rightfully riding along the highways.

We are not perpetual crabs but when some certain individuals, upperclassmen as well as freshmen, resort to the "cheap-skate" method of transporting a girl from Willimantic to the Hill for a Saturday night movie by "bumming" rides and annoying people who have to travel on business, by holding them up and telling them hard luck stories that are no more than white lies, it is time to call a halt.

If the offenders are individuals that neither possess or purport to possess a reputation they should at least remember that the college does have a reputation which their selfish thoughtless and hobo-like actions should not mar.

Signs of progress are always welcome but few have been more welcome to the student body than the sign that the new swimming tank will be completed within a few weeks as was brought out by the completion of the cement pouring last week.

R. O. T. C. UNIT TO BE INSPECTED IN NOVEMBER

Major Hill, Commander of the Corps Area to Review Connecticut Battalion.—Battalion Aims at Distinguished Unit Rank.

Work in the Reserve Officers Training Corps of the college has progressed rapidly and the outfit is getting into form for the inspection which will take place probably during the second week in November. Major Hill, commander of this corps area, will inspect the Aggie soldiers and every member of the unit is out to make the Connecticut battalion one of the best in New England. Standing in the corps depends to a certain extent on the grade received in inspection and a good start will do much in placing Connecticut on the road to becoming a Distinguished Unit.

VARSITY CLUB DANCE TO BE HELD NOVEMBER 4

Tickets for Informal Affair on Sale in Bookstore. Dancing 8 to 12 p.m.

November 4 has been set as the date for the Varsity Club Dance. Tickets are to be on sale at the College Book Store and they can also be obtained from any member of the committee. The price will be \$1.50 per couple. Music will be furnished by the Peerless Five Piece Orchestra and dancing will be from 8 until 12 p.m.

MORE CONCRETE WORK ON DUNHAM POOL

May be One or Two Months Before Tile Can be Laid

Additional concrete work has yet to be completed on the new swimming pool in Hawley Armory before the work of laying the tile can be started. The concrete work must be done while the forms are in place, and may require one or possibly two months for its completion.

As soon as the concrete has been poured and is set, the work of laying the tile will be begun. The tile is fastened on large squares of heavy paper. These squares will be laid in soft cement with the paper side up. After the cement has hardened, the paper will be removed by means of water and a brush. Laying the tile will probably occupy considerable time as the work must be done with care.

The space between the cement work and the edge of the excavation will be left open to enable workmen to have access to the sides of the pool should it be necessary. Concrete slabs will be placed over the excavation and will form the walk around the pool.

It must be remembered that "there is no great gain without some small loss." The Aggie rooters got their money's worth even if Trinity did get enough coin to build a new college from the game last Saturday.

The girls made a lot of noise about a glee club and a literary society a short while ago. The glee club is still making noise but what about the literary club?

SAFETY VALVE

THINK THIS OVER

To the Editor and the Readers of the Campus:

There is a growing demand among men working in non-athletic activities for a reward such as athletes receive.

These men do not ask for a letter, although that is done in many institutions, a different style of letter from the athletic award being given.

A silver "key" is distinctive. It does not encroach on the sacred rights of the athletic letter. It will not cheapen the key of an honorary fraternity, for that is gold. But it does stand for something to the man who is laboring in the shadows where no crowd cheers.

At Brown membership in non-athletic clubs such as the Dramatic Club, the Glee Club, and so on, enables one to wear such a key. It is not unusual to see an active student wearing four or five keys. Boston U. gives a "Beanpot" charm to men and women composing the staff of the college humorous magazine.

This list might be extended indefinitely, for most all colleges have come to recognize the non-athletic worker.

The writer is not making a plea for sympathy—we do not need or desire that—he is merely asking the college to consider an idea which has obtained a foothold, and will grow.

Non-athletic student activities work hand in hand with athletics for the good of the college. That is self-evident. Let us give our men and women an inducement to stick to their work, just as the athlete has his letter and his gold emblem.

Think this over, for it will come up again.

(Signed) Connecticut.

CHEERS — AGAIN

Dear Editor:

I would like to contribute a few lines here to express my opinions in regard to the matter of cheering at the games, a matter very worthy of discussion.

First of all, to the students: Your job is to cheer and support the teams, the men and the coach who are doing their best to get for us the coveted place in the athletic world that we want.

It makes no difference to them if the weather is cold, or rainy, or if they don't feel well, or if they are on the weak end of the score—they have to stay in there and work and fight every minute. If it is rainy—they get wet; if it is cold—maybe they freeze—but they don't lay down on the job.

The least we can do is to get out there in the stands and yell, and let them know we are behind them every minute, and that win or lose—they are our team.

And now—To the Cheer-leaders:

You are not doing your job. You men are picked to lead the student body in cheers, and it is your job to

get cheers from them. There have been games where the cheers have been neglected, between the third and the fourth quarters of the game at Trinity, the leaders did not call for a cheer for the team, and when called for, the leaders have ignored the requests.

You men come over to lead the mass meetings, sometimes dressed in old clothes, an old sweater, and try to talk to the assembly as if they were children. You have no harmony in leading your cheers.

If the cheer-leaders are to lead the cheers, they must do it right. First by learning how to lead the cheers; second, by teaching the student body how to cheer; and third, by getting united action between leader and students. Then and not until then, will the cheering be known once more as "those great Connecticut cheers" for which we have always been famous.

—Observer.

PRESIDENT'S HOUR

Dear Editor:

Seldom do we stop to think of the impressions carried away from C. A. C. by visitors and speakers from outside the college at the President's Hour. The degree of order or disorder at the beginning of the Hour, when the one in charge rises to open the exercise might easily be mistaken by outsiders as the degree of respect with which we regard our President, or the one presiding at the assembly. Then again, the attitude of the student body toward the speaker when he is introduced is largely responsible for an inspiring talk or a mediocre sort of an address.

Knowing that he is to address the student body of a college in which military training is taught, a speaker is not likely to be well impressed at seeing several empty seats and very little indication of discipline in his audience. It is not really a matter of discipline, but one of mere courtesy to become immediately quiet when a faculty member or speaker rises on the platform.

President's Hour is not the place to read the paper and fool. Show your deference to those in front of you, on the platform, by your conduct. Especially does this apply to those in back of the student body.

MUSIC WHILE WE EAT

To the Editor:

Two years ago, a new custom was started in our college dining hall—namely, that of having music with our meals. It is with a distinct pleasure that the two upperclasses recall the little concerts which were given during the super hour and at the Sunday meals.

The cost of this entertainment was very small and was met by an additional charge payable with the semester.

(Cont. on page 5 col. 2)

KAMPUS KLIPS

DICTIONARY FOR THE FRESHMEN

Co-ed: A vicious animal which should be avoided at all times.

Cut Card: A polite way of cutting a class.

Absent: In bed when you have a class (Usually applies to eight o'clock classes).

Hand Book: A small book often capable of warding off a shower.

Excuse: The highly developed art of trying to kid a prof.

Jipped: When some other fellow has your long promised dance with a good looking co-ed.

Paddle: Something a freshman backs into quite often on the night of the pajama parade.

Willie: Where you go to prove you are not the boy your mother thought you were.

The future: A time when you are going to do a lot of studying.

Good humor: The state of being actually able to appreciate a prof's joke.

Exam.: The only time when the present is dependent on the past and decides the future.

Money: Next to knowledge during an exam, we crave it more than anything else in the world.

Victory: Something lots of us expect from our teams without putting anything in.

Initiation: Pleasant to think about but H— to experience.

Laugh: The proper thing to do when a prof springs a wise crack.

LASTING IMPRESSION

He gently took her in his arms—
He pressed her to his breast—
The lovely color left her cheek
And lodged upon his vest.

FRESHMEN CO-EDS

We are co-eds, freshman co-eds
In case you didn't know.
We just naturally knock them.
Can't help it either
They are so dumb that they
Are really funny and you
Know one must do something
To pass the time away.

They are co-eds, freshman co-eds
But of course you know.
We have a big drag with them
And the funny thing is
They know that we are good.
Really, they are just kids
And even though while you
Can have a fairly good time
With them, we just do it
When we are bored and have
No studying on hand.

Mabel, her knees crossed, was telling of the high cost of silk stockings.

"I had to pay three dollars and twenty-five cents for the pair I am wearing," she said.

"Oh, well," piped up her young brother, "it was well spent, for three dollars' worth is always visible." And she bought them of J. B. Fullerton & Co.

FROM GILBERT'S

DE MAGNETE

"WORD MONGERS" and "CHATTERING BARBERS"

"Word mongers" and "chattering barbers," Gilbert called those of his predecessors who asserted that a wound made by a magnetized needle was painless, that a magnet will attract silver, that the diamond will draw iron, that the magnet thirsts and dies in the absence of iron, that a magnet, pulverized and taken with sweetened water, will cure headaches and prevent fat.

Before Gilbert died in 1603, he had done much to explain magnetism and electricity through experiment. He found that by hammering iron held in a magnetic meridian it can be magnetized. He discovered that the compass needle is controlled by the earth's magnetism and that one magnet can remagnetize another that has lost its power. He noted the common electrical attraction of rubbed bodies, among them diamonds, as well as glass, crystals, and stones, and was the first to study electricity as a distinct force.

"Not in books, but in things themselves, look for knowledge," he shouted. This man helped to revolutionize methods of thinking—helped to make electricity what it has become. His fellow men were little concerned with him and his experiments. "Will Queen Elizabeth marry—and whom?" they were asking.

Elizabeth's flirtations mean little to us. Gilbert's method means much. It is the method that has made modern electricity what it has become, the method which enabled the Research Laboratories of the General Electric Company to discover new electrical principles now applied in transmitting power for hundreds of miles, in lighting homes electrically, in aiding physicians with the X-rays, in freeing civilization from drudgery.

ter fees, and the satisfaction received was very great.

Music not only adds a touch of refinement to the dining hall atmosphere but also gives a considerable amount of satisfaction to those who hear it, and I would like to see the custom renewed.—Senior.

The Agricultural Engineering Department of the College has added a new Rego Welding outfit to its tool room.

Norma Talmadge in "Smilin' Thru," this Saturday at the Armory.

AT OTHER COLLEGES

The junior and senior classes of the Colorado State College of Agriculture and Mechanics Arts wear corduroy trousers of either the military or the straight style.

The freshmen defeated the sophomores in the annual traditional flag rush held at Springfield Y. M. C. A. College. The Aggie gridsters were first accused of taking part in the affray as evidenced by the account of the class scrap as appeared in the Springfield Student, which, in part, is as follows.

"When first the sophomores became aware that a 1926 flag was floating

over South Field, they thought it must be a trick played by the Connecticut Aggies to wear out the members of the football team, many of whom are members of the class of Twenty-Five. It has since developed that the Aggies had nothing to do with it."

Alpha Xi chapter of Chi Psi National Fraternity has resigned from the fraternity council at Stevens Institute of Technology because they were sentenced to suspension from the council until November 1923 for illegal fraternity rushing. It was alleged that a member of the fraternity took a freshman for an automobile ride which violated the rule stating that there is to be no rushing outside of the city.

**COLONEL MARTIN SPEAKS
AT COLLEGE ASSEMBLY**

Eminent Geographer Tells of General
Conditions in the Near East

The speaker at President's Hour last Wednesday was Colonel Lawrence Martin, a geographer of the State Department at Washington. The theme of his lecture was "The Nearer East of Today," and he was able to develop it well by means of maps which showed the Balkan and Turkish situations. Col. Martin has himself been a member of several delegations sent by the United States to the Near East and as such, he is in close touch with the situation there. He brought out the facts concerning the economic and industrial development of the countries concerned, gave a short history of Turkey's territory in Europe and explained the attitude of the great powers toward Turkey.

**GLEE CLUB PLANS FOR
CONCERTS IN WINTER**

Freshmen Interested in Singing are
Urged to Tryout for Organization.
—Outside Trips Probable.

The College Glee Club is now rehearsing under the direction of Mrs. H. D. Newton, for a concert that will probably be put on in the Armory some time late in the winter. President Bassett states that it is planned to give one or more off the Hill before the singing of the organization is put on exhibition at Storrs.

Tryouts are being held now and the officers of the club are desirous to have all freshmen who are interested in singing tryout for the club.

**O'BRIEN SECRETARY OF
THE VARSITY CLUB**

At the first regular meeting of the Varsity Club William F. O'Brien, '25, was elected secretary in the place left vacant by Benjamin Gordon, who is now attending Syracuse University. O'Brien made his letter in baseball last spring, playing third base on the varsity, and is president of the sophomore class. He was the only man to be elected into the Varsity Club this year as the other members of last year's varsity baseball team had all made their letters before with the exception of Wetstine, who failed to return this year.

ALUMNI ACTIVITIES

John Dillon, ex-'24, and Raymond Wetstine, ex-'25, are now enrolled in Yale University. The two former Aggies are room-mates at the University.

Harold Woodford, '21, who is now working on his father's farm in Bloomfield was one of the many alumni at the Trinity game in Hartford.

"Harry" Lockwood, '20, former star forward on the Aggie basketball team visited the Hill for a few days last week.

**COLLEGE BOOKSTORE TO
INSTALL NEW COUNTER**

Up-to-Date Publications Will be for
Sale at Popular Prices, According
to Manager Mahoney.

Not satisfied with the addition of one department in the past month, "Connie" Mahoney, the local magnate, has installed a news counter in his business which is expanding with leaps and bounds. All the latest periodicals will be on sale and up-to-the-minute literature may be obtained at prevailing prices. The line is very complete and embraces every publication from the stock market report to the Liberty Boys Weekly.

"Mem" books are more popular than ever as evinced by the first crop of the year which has just arrived, thirty strong.

**AESTHETIC DANCING
COURSE FOR WOMEN**

Miss Louise Benn, '26, to Conduct
Classes in Armory.—Elective for
Girls Only.

The study of aesthetic dancing has recently been added to the curriculum as an elective subject. The first laboratory class met in the Trophy Room of the Armory on Thursday afternoon. Miss Louise Benn, '26, is conducting the class, which already contains ten pupils. With the exception of one student putting a bone out of joint and another landing ungracefully on the floor, the dancers had a most successful and instructive lesson. The motto of the class is "Grace, Health and Happiness." The course is limited to girls only.

**VALENTINE MEADOW IS
NOW BEING RECLAIMED**

Big Field Will be Leveled, Drained,
and Plowed.—Work has Progressed
Rapidly Since Mid-summer.

Work of reclaiming Valentine Meadow is being completed as fast as opportunity affords; the eight acre section in the northeast corner having been tiled since mid-summer. The work of leveling the accumulation taken from the ditches is about two-thirds completed. Twenty-five acres, a little over half of the meadow, has been plowed for the first time in thirty years or more. This work has been made possible in the meadow by the system of tile drainage installed in the last few years.

**ADDITIONS MADE TO
COLLEGE SHEEP HERD**

There have been some additions made to the Hampshire and Rambouillet flocks of sheep at the Spring Hill farm by the purchase of some ewes from Clark Wellman and Ora Patridge of Perry, New York.

On the morning of October 12, dogs got into the sheep at Spring Hill, killing four and wounding three.

CAMPUS PHILOSOPHER

Wonder how the men managed to keep so warm in those open trucks coming home from Hartford.

Can the co-eds tell?

Wonder if the Freshmen adjourned the class meeting Wednesday night to to hunt rats in the attic of the Main Building.

The old attic soon became attractive for the frosh for some unknown reason.

Shhh! 'Tis rumored they wanted to elect a president.

Remember, freshmen, that regardless of what you may think, the authorities here all agree that scholarship is one of the prime requisites of a college education.

We are very glad to see the type of moving pictures which the chairman of the Social Committee is bringing in. They are a decided advancement over those of former years.

Is it not about time that a College Orchestra and Band be formed on the same basis as the Dramatic Club, Glee Club and many other organizations?

As a step in improving the singing of the Alma Mater, the C. P. would like to suggest that we cut it down to the first and last verse and chorus, and have the Glee Club lead the assemblage.

How about a Freshman-Sophomore football game some day. Are all of the old class rivalries going to leave us.

(Cont. from page 1 col. 3)

at Rhode Island State College; John Bigger, '21, is Field Entomologist with the Illinois Natural History Survey at Jacksonville, Illinois; Charles Compton, '21, is an Assistant State Entomologist located at Aurora, Illinois; Theodore Gardner, '22, and Harold Jaynes, '22 are located at Riverton, New Jersey and employed by the Government as Junior Entomologists. J. Peter Johnson, '22, is also in this same camp employed as Field Assistant on the Japanese Beetle Project; and Clarence Grant, '22, is employed by the Government on the Gipsy Moth Project and is located at Riverton, New Jersey.

The third freshman class meeting of the year was held Wednesday evening at seven o'clock in the Main Building. Many matters of importance to the freshman class were brought up, and if spirited discussions count for anything, the class of '26 ought to be a success.

Norma Talmadge in "Smilin' Thru," this Saturday at the Armory.

"CAMPUS" STARTS DRIVE FOR SUBSCRIPTIONS

Percentages of Classes and Fraternities Will be Posted Within next Few Days.

Within the next few days the "Campus" will publish a list of subscriptions to the college paper both by classes and fraternities. Many of the upper-classmen, as well as the freshmen, have not subscribed to date. Nearly seventy-five percent of the class of 1926 have subscribed however.

It is the plan of the "Campus" Board to publish the percentages on the Main Bulletin Board or in the Nutmeg Bulletin Case. Those wishing to subscribe may hand the money to Donald Tucker, Circulation Manager, or to any other member of the Board.

NUTMEG BOARD MAKES FINANCIAL STATEMENT

1922 Yearbook Will Not be Deficient in Funds When All is Cleared Up—

The report of the financial standing of the 1922 Nutmeg has been announced by the members of the Board. At the present time there is some deficiency in accounts but as there are about fifty copies of the book now on hand which the members of the Board plan to sell to the students and alumni at the reduced rate of three dollars each, accounts will balance or lean to the good side of the ledger when all is settled.

Last Wednesday night the members of the Board approached the members of the freshman class and a good number of them subscribed.

Any student or alumni who would like to purchase a copy of the book may do so by seeing or writing to any member of the 1922 Nutmeg Board.

HUNTING SEASON CALLS MANY INTO THE WOODS

Faculty and Students go in Quest of Elusive Inhabitants of Neighboring Woods.

Hunting season, as usual, is drawing many lovers of the great-outdoors into the woods in pursuit of the ever elusive partridge, quail or rabbit.

Several of the students are often seen crossing the campus with the trusted gun under their arm, going out into the neighboring woods in quest of game. Rules state that there shall be no hunting on college property, so little is heard of the hunters' guns in Storrs.

Many of the faculty members are reported to be excellent huntsmen, and we hear of some pouches being well filled both by the faculty and the student sportsmen.

Four members of the senior class, Leslie Bemont, Carl Dossin, Byrd Standish and Clarence Probst, were entertained at dinner by Rev. and Mrs. M. H. Dawson at their home last Monday evening.

FIRE LOOKOUT RESUMED FROM TOP OF TOWER

STANDPIPE SERVES DUAL PURPOSE TO STATE

Overlooking Many Hundreds of Acres of Land the Local Water Tower Figures Prominently in State Fire Prevention Work.

Watchmen are now stationed in the little house on the top of the standpipe that overlooks the surrounding country from Water Hill Tower.

The tower standing over seven hundred feet above sea level is the highest point of ground within a hundred miles of the college, serves the dual purpose of supplying the community of Storrs with water and as a state fire-lookout station. From this high point fire can be located a distance of over one hundred miles and over an area of two hundred thousand acres. Fires have been discovered as far distant as North Stonington in the past season.

The local fire-lookout station is maintained by the state which is in turn partly reimbursed by the government. At present the state lookout employee, Mr. C. A. Slanetz, is assisted by students who watch for certain hours during the day and often throughout the night in the spring and fall when forest fires are numerous. When a fire is sighted in some distant town the watchman goes into the little hut on the top of the tower and consults a sectional map of the surrounding country and then with the aid of a range finder, he is able to tell in or near what town the menace is. Immediately he calls the fire warden of that section and notifies him of the fire and if the town is not too far distant, the students may be called on for assistance.

The watchman is paid approximately three dollars a day for his services and the toll calls to notify people of the fire seldom exceed two dollars a day, so the real value of the tower as a fire lookout station can hardly be over-estimated when twenty forest fires are discovered in a single day, as was often the case last year.

ALUMNI ACTIVITIES

O. J. Lyman, '22, is leader of Boys' and Girls' Club work in Putnam with headquarters at Carmen, just across the line from Danbury.

Fred Scofield, '17S, former herdsman of the college, is now managing the Far-Away Farm at Washington Depot.

The United States Department of Agriculture Bulletin No. 1097, "Effects of Silage on Odor and Flavor of Milk," is written by James Gamble, '06, who is now professor of Dairy Husbandry at the University of Maryland.

Norma Talmadge in "Smilin' Thru," this Saturday at the Armory.

PLANS UNDERWAY FOR CO-ED DEBATING TEAM

Springfield, New Hampshire and No. Dakofa on Tentative Schedule for Men's Club.

Connecticut's co-eds will form an intercollegiate debating team if present plans of the Debating Club go through. Considerable talent is known to be possessed by several of the girls, though organized debating has never before been carried on by them. President R. E. Collins hopes to get a team started with the idea of having it debate some neighboring woman's college, perhaps Connecticut College, on the same night that the men's team clashes with Rhode Island or Springfield in Hawley Armory.

The Debating Club starts the year with a shattered membership list, but the few men remaining are enthusiastic, and can see nothing but a big year ahead under the leadership of Doctor Denlinger and President Collins. The home debate with Springfield College will probably come in February. In March the second annual triangular debate will be held. Connecticut's team journeys to Amherst to engage the Massachusetts Aggies, while another team stays at home and meets Rhode Island the same night. The debaters hope to start the year against New Hampshire State at Durham between Thanksgiving and Christmas.

R. E. Collins, J. L. Rivkin and E. I. Collins will serve as a committee to take charge of tryouts for membership in the club.

They Bought

1923 HARLEY-DAVIDSONS

So we traded in these used motorcycles. Some have just been overhauled.. Others have been rebuilt and painted. Each and every one is in tip-top running order and is a big bargain in this great outdoor sport of motor-cycling.

Cast Your Eye Over This List of Bargains

- 1 1916 Harley Davidson 61 cu.in.
- 1 1919 Harley Davidson 61 cu.in.
- 2 1920 Harley Davidson 61 cu.in.
