MINUTES OF THE MEETING
OF THE
BOARD OF TRUSTEES
THE UNIVERSITY OF CONNECTICUT

Held at the Merlin D. Bishop Center

September 15 & 16, 1972

The two-day meeting was called to order at 10:05 a.m. by Chairman Gordon W. Tasker. Trustees attending the session on Friday, September 15th were: Mesdames Jorgensen and Kronholm, and Messrs. Kozloski, Nielsen, Sanders, Tasker, Taylor and Waller. Trustees attending the session on Saturday, September 16th were: Mesdames Jorgensen and Kronholm, and Messrs. Kozloski, Macdonald, Nielsen, Stroh, Tasker, Taylor and Waller.

Also present were: Acting President Gant, Vice Presidents Evans, Wilson, and Patterson.

All actions taken at the meeting were by unanimous vote of the Trustees present.

1. Chairman Tasker reminded the Trustees of the UAW Testimonial Dinner honoring Mr. Merlin D. Bishop on Saturday, September 30th at the Bristol Polish-American Club.
2. THE BOARD VOTED to approve the minutes of the meeting of August 16, 1972.
3. Acting President Gant informed the Board that the administration in compliance with Commissioner Carlson's letter of instruction, had proposed various changes in the Board approved budget to meet the requirement that the University's 1973-74 budget remain within 103.3% of the 1972-73 allotment. Mr. Gant indicated that at this stage budget savings would be effected as follows:

1. Elimination of programs or parts of programs
2. Consolidation of closely allied academic programs
3. Reduction of personnel requirements through increased efficiency of operations, academic and non-academic
4. Reduction in operating costs through improvements in operating procedures - principally in heating and lighting, but also in other contractual areas
5. Possible refinancing of some operations from General Fund to other funds where defensible
6. Use of student labor or other part-time employees in place of full-time staff where practicable

Acting President Gant noted that in the coming weeks, the potential savings would be assigned to various savings plans and the detailed changes will be brought to the Trustees' attention at a later date to acquaint them with the effect on the programs involved.

4. Acting on Acting President Gant's recommendation, THE BOARD VOTED to change the effective date of the food service operation at McCook Hospital by the Servend-Seiler Company from September 15, 1972 to September 29, 1972.

Dr. Patterson, reporting on the job status of the present dietary department employees, stated that every one of the employees has been offered work either at the Health Center or at Storrs. At present, it appears that 18 employees will remain at the Health Center, 4 employees will transfer to Storrs, 1 individual will transfer to another State agency, 2 members of the Staff will work for the new vendor and 8 employees are without jobs.

Mr. Taylor, in praise of the report, noted that a difficult problem had been solved effectively. In response to Mr. Waller's inquiry, Dr. Patterson stated that the possibility of mass transportation for the employees had not been considered. Chairman Tasker was reassured by Dr. Patterson that the new vendor had explored employment possibilities with all of the current employees.

5. Acting President Gant reported that admissions totaled about 19,000 students this year as compared with 20,000 for last year. Approximately 200 additional new students were attending the main campus at Storrs this year as compared to last year. On the other hand, there are fewer new students at the branches this year.
6. Vice President Wilson commented briefly on the recent New London Groton interest in establishing a four-year adult college degree program. At Governor Meskill's request, the University is conducting a program study and meeting with appropriate representatives from that area. Mr. Wilson noted that the special

adult program, presumably offered by the University of Rhode Island, would give credit for life experiences and tailor courses to fit the individuals educational needs. Upon checking with his counterpart at the University of Rhode Island, Mr. Wilson learned that the program rests in the discussion stage at the present time. Residents of the New London-Groton area will be invited to a meeting with University of Connecticut representatives within the next few days to discuss the possibility of an expanded extension service at the University's Branch. The Board may expect a report on this matter at a later date.

7. Acting President Gant informed the Trustees that he had attended the Coast Guard's research and development dedication exercises earlier this week at Avery Point. He noted that their research efforts will compliment the University's program in Marine Sciences.
8. Acting President Gant reported receipt of a letter of progress from Miss Linda Sokolowski, Secretary of the Special Committee drafting a proposal for the student governance and spokesmanship of the undergraduate student body of the University at Storrs. Miss Sokolowski expressed the hope that a report would be ready for Trustee perusal in the near future.
9. On the recommendation of Acting President Gant, THE BOARD VOTED to transfer ownership of the University-owned Glide-A-Ride vehicles to the Mansfield State Training School and Hospital with the understanding that the University would have the privilege of using the Glide-A-Ride should the need arise.
10. Acting President Gant informed the Trustees that the accrediting body, the Engineers' Council for Professional Development, had reaccredited the School of Engineering programs in Chemical Engineering, Civil Engineering, Computer Science, Electrical Engineering and Mechanical Engineering.
11. As an item of interest, Mr. Gant noted that the University's Division of Student Personnel is studying the possible effects of the majority age change on University students.
12. Acting President Gant informed the Board that he had received a letter from Commissioner John R. Manson of the State Department of Correction inviting the University, along with other educational institutions to submit a proposal to create an Institute of Corrections specialized in serving their graduate education, research and consultation needs of State correctional services. Funds in the amount of \$60,000 have been made available to the Department of Corrections for such an institute and unless the Trustees have objections, the administration

will proceed with its plans to submit an institute proposal. After a brief favorable discussion, noting that the project would be funded completely by the Department of Correction, THE BOARD VOTED to authorize the administration to move ahead with plans to submit a proposal by the October 15th deadline.

13. Acting President Gant, reminding the Trustees of their prior approval to adjust the professional salary schedule to include the \$300 cost of living increase, indicated that September 15, 1972 would be the effective date of the salary change. Mr. Gant recommended that the faculty promotions approved by the Board at the meeting on March 15, 1972 become effective as of the same, i.e. September 15, 1972. THE BOARD VOTED to approve Acting President Gant's recommendation.
14. As a matter of information for the Board, Mr. Gant noted that the Division of Athletics is considering the use of the University's bus in the plans to attend the swimming and wrestling meets in Florida this winter. The Division is checking the various insurance requirements to provide assurance that the proper coverage is provided for the trip.
15. Mr. Taylor, as Chairman of the Finance Committee, recommended favorable action on the following agreements:

STORRS CAMPUS

- (1) Amendment to lease with Zelda C. Freeman and Edna M. Canter
Amount: \$4,999.92 per year (increased from \$3,600)

- (4) Agreement with the State Department of Environmental Protection
Amount: \$5,600.00 (Payable to the University)
Effective Dates: August 1, 1972 to June 30, 1973
Purpose: To continue support of the University's Bluefish Investigations tagging project to determine whether a discrete population of bluefish is found off southern New England. This program will be under the directorship of William A. Lund, Jr., in the University's Institute of Marine Sciences.

HEALTH CENTER

- (1) Agreement with Newington Children's Hospital
Amount: \$9,739.97 incoming to Hospital 6.5 account
Effective Dates: July 1, 1972 to June 30, 1973
Purpose: Rotation of House Officers

THE BOARD VOTED to approve the proposed agreements and authorized the Acting President, the Vice Presidents or the Assistant Vice Presidents to sign the necessary documents on behalf of the University.

16. Mr. Taylor, calling the Board's attention to the descriptive material on an automated circulation system for the Wilbur Cross Library, complimented Mr. McDonald, Director of the Library, and his staff for an excellent presentation, underscoring the advantages and potential savings to be gained. THE BOARD VOTED to authorize the University Librarian to proceed with the development of an automated circulation control system.
17. Mr. Taylor, reporting on Finance Committee discussions with Mr. Howard Coles of Ernst and Ernst, indicated that a very helpful and frank exchange of thoughts on the McCook Hospital operations had taken place. Mr. Taylor underscored an increasingly favorable condition in the Hospital's financial records and attendant operations. Mr. Taylor identified lag time in billing procedures as an item to receive further administrative attention. He urged the Health Center administration to be thinking ahead

to the move to the new location and further, as suggested by Mr. Coles, to review all charges in terms of updating the pricing schedule when the move to Farmington is accomplished.

18. On the recommendation of Mr. Taylor, THE BOARD VOTED to relinquish University rights to an ornamental gourd mixture to Mr. John Scarchuk of the Plant Science Department. A package of the eight varieties was presented to Mrs. Jorgensen and in further action THE BOARD VOTED to appoint Mrs. Jorgensen as the Trustees' Committee of One in charge of planting the ornamental gourd mixture.
19. THE BOARD VOTED to release .01 of an acre of land to the State which subsequently will reduce the curve at the corner of Moulton Road and Route 195.
20. THE BOARD VOTED to approve the sale of 408 shares of International Telephone and Telegraph \$2.25 Convertible Preferred Series N.
21. Mrs. Jorgensen, reporting on recent activities of the Commission for Higher Education, distributed copies of the Commission's Annual Report for 1971-72 and called the Trustees attention to the forthcoming all-day session on "the Master Plan." The meeting is scheduled for September 25th at Southern Connecticut State College in New Haven.

Chairman Tasker suggested that the Board extend an invitation to the Commission for Higher Education to hold one of their meetings on the University campus. THE BOARD VOTED to authorize Chairman Tasker to extend this invitation to the Commission.

Chairman Tasker also suggested that at some future date Mr. Donald McGannon, Chairman of the Commission for Higher Education and Chancellor Warren Hill be invited to a Board meeting for an exchange of understandings relative to the University's role and responsibilities. It was agreed that Mr. Tasker would explore this matter further.

22. Mr. Taylor in a status report on the implementation of recommendations of the Etherington Report reviewed the 38 recommendations:

Recommendation 1 - A systematic review of all aspects of the University has been initiated. Mr. Taylor suggested that in addition to the review of goals and procedures, the presentations should identify some of the key problems that lie ahead. He also reminded the Board of the need to adopt a position on the structure of higher education in Connecticut before too much time passes.

Recommendation 2 - The recommended restructuring of the University administration awaits the appointment of the new president.

Recommendation 3 - The committee conducting an in-depth study of the cost of instruction and faculty performance accountability has met on several occasions and excellent progress was reported by the committee last September 8th.

Recommendation 4 - Committee studies on how to make the graduate and professional school facilities available to the great number of Connecticut students have become the responsibility of the new committee chairman, Trustee Walter Kozloski.

Recommendation 5 - The administration is devoting attention to studies relating to efficient classroom usage, the overall building program needs and the elimination of factors adversely affecting class scheduling.

Recommendation 6 - Under study as noted in Recommendation 3.

Recommendation 7 - The drafting of a basic contract of employment between the University and faculty is being prepared by the administration with the assistance of the University attorney, Mr. John Hill.

Recommendation 8 - Previously implemented by the Board.

Recommendation 9 & 10 - The bookstore operation has been turned over to a private contractor.

Recommendations 11, 12, 13 - Computer service purchasing and installation requirements have been acted upon by the administration.

Recommendation 14 - Bids for building service and landscape work have not been issued pending action by the Board on the results of the food service bids.

Recommendation 15 - Awaits the results of Recommendation 14.

Recommendation 16 - Improvements to the Security Department as recommended have been completed.

Recommendation 17 - The Trustees later this evening will be acquainted with the University's master plan for dealing with major campus catastrophes.

Recommendation 18 - The control of pedestrian and vehicular traffic undergoes an on-going study by the University's Committee of Parking.

Recommendation 19 - The University now has the machine capability for a computerized inventory control and purchase order system. The necessary programming will be completed in the near future.

Recommendation 20 - No further action required.

Recommendation 21 - Mr. Evans is obtaining data on the control of University vehicles which will be presented to the Board at a later date.

Recommendations 22 - 27 - Relates to the library system which was discussed and acted upon by the Board following a presentation this morning.

Recommendations 28 & 29 - Action still pending.

Recommendation 30 - Mr. Evans has solicited bids for commercial catering services for the dining halls and snack bars. The bids are to be returned as of October 2, 1972 and this cost information will be presented to the Board for further consideration.

Recommendation 31 - Awaits the final action on Recommendation 30.

Recommendation 32 - The Board at its August meeting adjusted residence hall fees.

Recommendation 33 - The review of snack bar prices has been included in the food service costs sent out for bid as noted in Recommendation 30.

Recommendation 34 - Rental rates of residential properties are reviewed annually by the Board.

Recommendation 35 - The removal of residential housing from the prime central campus is reflected in the future planning and building programs.

Recommendation 36 - The objectives and activities of the College of Agriculture and Natural Resources were presented to the Board last April 19th. Mr. Taylor suggested that approval of the objectives should be an item of consideration by the Board.

Recommendation 37 - The administration is reviewing the University's need for additional land.

Recommendation 38 - Mr. Sanders, Chairman of E. O. Smith Study Committee will present a report for the Board's consideration at the October meeting.

Mr. Taylor indicated that many of the studies underway would be continuing for several years. He reflected his pleasure with the progress and accomplishments to date. Chairman Tasker joined Mr. Taylor in expressing the Board's appreciation to the administration for its contributions to the study efforts. Mr. Tasker added that many decisions most certainly were not easy decisions but the Board's actions would always be based on adequate background information.

23. THE BOARD VOTED to accept the following scholarships, financial aids and gifts and requested the administration to write appropriate letters of appreciation:

 - (3) Jack E. Stephens, from Professor of Civil Engineering and Head of the Department to Professor of Civil Engineering, effective September 14, 1972.
- (I) THE BOARD VOTED to recess for lunch at 12:45 p.m.

- (J) After reconvening at 1:35 p.m., the Board retired into a limited executive session with only Board members present wherein it was decided to continue the limited executive session at 10:00 a.m. Saturday, September 16th, at which time presidential considerations would be discussed.
- (K) Acting President Gant informed the Board that seven staff members holding the rank of Instructor have completed requirements for their Ph.D. degree. President Gant recommended their promotion to the rank of Assistant Professor. THE BOARD VOTED to approve Mr. Gant's recommendation and to make the promotions to the rank of Assistant Professor for the following:
 - Rosario Ferreri, Romance and Classical Languages
 - Ladislav Gonczarow, Germanic and Slavic Languages
 - Kenneth Hadden, Rural Sociology
 - Gene Kozlowski, Economics - Hartford Branch
 - Lawrence Langer, History
 - Kenneth J. Neubeck, Sociology
 - Rosalinda J. Ott, Pediatrics
- (L) Acting President Gant informed the Board that he had acknowledged a communication from Mr. Lindsley Wellman, Chairman of the Connecticut Daily Campus Board of Finance, regarding requests of the "Storrs Weekly" and the "Lightning" for funding. In his response to Mr. Wellman, Mr. Gant indicated that the Connecticut Daily Campus Board of Finance was not charged with any financial responsibilities for other types of publications.
- (M) Acting President Gant, commenting on recent news releases regarding the University, reminded the Trustees that some of the news stories carried under the Storrs dateline do not necessarily emanate from the University's Office of Public Information.
- (N) Acting President Gant indicated that the administration is developing procedures to follow current guidelines and rulings with regard to records of attendance, vacation and leaves for all professional employees.
- (O) As a matter alerting information, Mr. Gant called the Trustees' attention to some of the problems created by food vendors and other concession operations on campus. Eventually, Mr. Gant observed, a recommended ruling on this matter will be presented for Board consideration.

(P) Acting President Gant reported to the Board on the concerns of some faculty members at the Health Center regarding administrative flexibility and certain State fiscal constraints primarily in the area of clearance of budgeted positions and the expenditure of grant funds. During the Board discussion, it was noted that Deans Massey and Jerge would be present later in the meeting and would be prepared to elaborate on the specifics of those concerns.

(Q) Dr. Patterson called upon members of the Health Center for the following presentations:

Undergraduate Professional Programs

Dr. Carl Hinz--Associate Dean of Medicine

Clinical Programs in Dental Medicine Before and After the D.M.D. Degree

Dr. Charles Jerge--Dean of Dental Medicine

Graduate Professional Education in Medicine

Dr. Robert Massey--Dean of Medicine

Programs in Affiliated and Allied Hospitals

Dr. J. Richard Gaintner--Director of Medical Services and Hospital Chief of Staff

Legislation for Administrative Flexibility

Dr. John Patterson--Vice President

Deans Massey and Jerge commented further on the concerns of the staff at the Health Center as reported earlier by Acting President Gant. Discussions by the Board followed and Chairman Tasker assured the representatives of the Health Center that the Trustees would give further careful consideration to the problems outlined to the Board.

Copies of all the staff presentations were distributed and Mr. Tasker expressed the appreciation of his colleagues for the concise presentations on the Health Center programs.

(R) Mr. Rohrbach, in his introductory remarks on the academic building program in Storrs, noted that the afternoon presentations would acquaint the Trustees with projects of critical importance to the University and also acknowledge the need to re-order the University's previous construction program in light of certain fiscal constraints.

Vice President Wilson, reporting on two academic General Fund projects that had received approval by the State in 1965 and 1967, described the need for the Animal Diseases Building and the Fine Arts Facilities as two of three projects having high priorities in the proposed program

for new construction. He noted that a third academic project, the University Library, would be presented by Mr. McDonald during the session on Saturday. Copies of the building program presentation will be distributed at that time.

- (S) THE BOARD VOTED to recess for a social and dinner gathering with the Deans of the University at President Gant's residence on Oak Hill Road at 5:30 p.m.
- (T) After reconvening at 8:10 p.m., the Board heard a report on "the campus master plan for catastrophes." As noted earlier by Mr. Taylor, the review was presented in response to Recommendation 17 of the Etherington Study that a master plan be defined and trials made to assure its workability.

Presentations were made by the following:

Mr. Walter Burr, Assistant Professor of Animal Diseases, who has for several years served as Civil Defense Coordinator for the University. Mr. Burr described the University's relationship to the Civil Defense organization and the resources that are available through that mechanism in the event of a major catastrophe.

Mr. William Massett, Assistant Director of the University's Public Safety Division, described the institutional arrangements for treating with disaster within the University and identifying the resources at the main campus.

Mr. David Driscoll, Director of the University's Public Safety Division, discussed the institution's plans for treating with campus disturbances.

Mr. John Manning, Associate Dean of Students, described the organizational structure of the Division of Student Affairs and how it's deployed to maintain communication with the students.

Following a brief question and answer period on the various aspects of the so-called master plan, the Friday portion of the two-day Board meeting was recessed at 9:30 p.m.

- (U) Upon reconvening at 9:00 a.m. Saturday, September 16, the Board received program reports on the School of Engineering and the Institute of Materials Science.

Mr. Peter McFadden, Dean of Engineering, described the School's full range of programs leading to undergraduate and graduate degrees, the enrollment trends, degrees conferred, research expenditures and the challenges of the future.

The Director of the University's Institute of Materials Science, Mr. Leonid Azaroff, reviewed the progress of the Institute since its creation eight years ago including the IMS' accomplishments to date, its dollar-getting ability and a sketch of a new program for university-industry coupling that is in early developmental stages.

Following the general discussion of the programs, copies of the program reports were distributed to the Trustees.

- (V) Mr. John McDonald, Director of the University Library, completed the series of reports, initiated by Vice President Wilson at the Friday session, on the academic building needs of the University. Mr. McDonald reviewed the history and development of the Library, the justification for the new facility and the Library requirements of the next decade.

Following a brief discussion of Mr. McDonald's presentation, copies of the capital building reports on Animal Diseases, Fine Arts and the Library were distributed. Acting President Gant indicated that the shortage of time precluded a presentation on utility needs of the University. It will be included at an early date.

- (W) Chairman Tasker informed the Board that Counsellors at Law Reid and Riege had notified him that the will of Mrs. Joseph Bracken offers her home at 24 Woodside Circle to the University of Connecticut for its assessed value (\$56,490). The property adjoins University property and the University could either buy the property and retain it for University purposes or it could buy it and sell. The University has 90 days to reach a decision on the matter.

After a brief discussion, Acting President Gant was asked to acknowledge the communication and THE BOARD VOTED to authorize Trustee Stroh and members of the administration to explore this matter further and to present a recommendation to the Board.

- (X) The Board discussed at length the concerns of the faculty at the Health Center as presented at the Friday session by Acting President Gant and Deans Massey and Jerge on the matter of administrative flexibility and certain State fiscal constraints.

Following a brief limited executive session, Acting President Gant reported that the Board had reviewed these concerns and authorized Chairman Tasker to confer on this matter with appropriate members of the State Administration and to report to the Board. Following Chairman Tasker's conferences on the matter, Acting President Gant will confer with the faculty at the Health Center. Chairman Tasker indicated that he would seek the conferences at the earliest possible date.

- (Y) After thanking the members of the administration for their help in arranging the 2-day meeting, the Board retired into limited executive session with only Board members present. There followed an hour of discussion concerning possible presidential nominees and their qualifications. No decision was reached except that there would be an ongoing search. New names for the office of president were discussed and background material on these nominees will be made available to all Trustees at a later date.

Further discussion on presidential considerations was put over to the October meeting of the Board.

No further business appearing, the meeting was adjourned at 2:45 p.m.

Respectfully submitted,

Carl W. Nielsen
Secretary
